WINS FREE TRIP

Logan Ohmstede, member of our Calf Club wins, "Free Trip to Junior Farmers' Week," held at Lincoln, the first week in June. Logan was awarded this prize, by the Junior Extension Department, at Lincoln.

STORY OF MY CALF

Mr. Fausch, our County Agent, decided to form a Calf Club in this county, so he got as many boys of this county as he could to sign up for a Calf. Then he and Mr. Steward went out of our county and purchased the calves.

On April 21st, my father and I went to Red Cloud where the calves were to be distributed.

A banquet was given, followed by speaking, and we enjoyed both very much. Then came the distribution of the calves, which was done by drawing a number.

I drew number 31, a roan heifer, fifteen months old, named "Silver Belle."

When all had drawn and given note or paid for their calves, we went to the Stock Yards to get them. Upon seeing my heifer, I was very much pleased with her. While she is called a roan, I would say she is more of a silver color.

I could not take her home that day, on account of the rain, so Mr. Steward was kind enough to take her to his place, and keep her there until I could come and get her.

The 26th of April I brought her home, she then weighed 620 lbs. I fed her 5 lbs. of oats and barley and a little oil meal per day, with good grazing on Sweet Clover and Blue Grass. I kept her on this ration for ninety days; then, although she was doing nicely, I increased her feed to 8 lbs. a day, and as the pasture was not quite so good I gave her some hay. This ration, I kept up for thirty days and then increased it to 12 lbs. a day, also increasing the amount of hay. I fed her on this ration until I took her back to Red Cloud to be sold.

My heifer always had good shelter with clean bedding, and I always kept plenty of water and salt where she could get it.

On July 31st, she was bred to Blossom Star.

My heifer cost me as follows:

Cost of heifer	\$178.00
Interest	8.57
Oats and Barley	41.25
Oil Meal	6.75
Hay	10.00
Salt	.50
Pasture	10.00

"Silver Belle," sold in the Calf Club Sale, for \$500.00, leaving net profit of \$242.03.

The eighth grade will be having their examinations soon and the teachers should have in their reports so that the examination books can be sent to the different towns and to the rural high schools. The 17th amendment: The Senate of the United States shall be composed of two Senators from each State, elected by the people thereof, for six years; and each Senator shall have one vote. The electors in each State shall have the qualifications requisite or the most numerous branch of the State legislatures.

When vacancies happen in the representation of any State in the Senate, the executive authority of such State shall issue writs of election to fill such vacancies: Provided, that the legislature of any State may empower the executive thereof to make temporary appointments until the people fill the vacancies by election as the legislature may direct.

This amendment shall not be so construed as to affect the election or term of any Senator chosen before it becomes valid as part of the Constitution.

The 18th amendment concerns the liquor question.
The 19th will be one about suffrage.

INSURANCE

The Recent Fires Emphasize the Importance
AMPLE FIRE INSURANCE

Look up the expiration and the amount and see if you have enough Insurance. Take a pencil and make a list of your insurable goods and then see what it will cost to replace these goods. Also your house. Insurance companies are continually writing me to call the attention of my customers to the fact that the insurable value of their property is much more now than a few years ago.

Large corporations and business concerns always carry 80 per cent insurance—a guide for the individual

Look up your expirations and call me on the phone and I will call and tell you just what it will cost you and the amount you should carry, no matter if it does not expire for several months. Attend to it now and I will put it on my expiration list and write it up when it expires.
