Nebraska that has never experienced the blight of the Nonpartisan Leagueism is without a dollar of bonded indebtedness. North Dakota where the league has been in control during the last four years has a bonded debt of \$2,300,000 in addition to the \$17,000,000 of bonds that recently by the supreme court were held to be valid. Which do you prefer, Nonpartisan League rule, or an honest business rule?—The New Nebraskan.

Mrs. H. A. Cook and daughter, Kathlyn, of St. Francis, Kansas, are here visiting Mrs. J. L. Beebe.

The Misses Ada and Myrtle Obight of Milwaukee, Wisconsin, are here visiting at the home of Al Hoffman.

ORGANIZED A LEAGUE HERE

A small crowd of public spirited women met in session at the court house Saturday, as Mrs. Copper King, of Wichita, Kansas, was scheduled to speak on a subject vitally interesting to Nebraska women. Mrs. King is assisting the National organization in perfecting the League in all non-organized states. Kansas has had suffrage for several years so now their capable women are trying to help Nebraska see the light. Mrs. King is also, head of the Child Welfare Bureau of Topeka and is a keen thinker and a brilliant speaker.

A League of Women Voters was organized here in this meeting. This is the first one in this county, but there should be one in every town and one in every large country community.

The officers elected for this local League were: Chairman, Mrs. Susan Dickson; Vice Chairman, Miss Edith McKeighan; Secretary and Treasurer, Mrs. Alice Myers.

These officers are elected annually. The dues of this League are 35c per year.

The Nebraska League is an auxiliary to the National League of Women Voters. To train women politically and to accomplish legislative reforms, it is necessary to organize along political lines. It is pledged to stand for measures, and to leave candidates to other agencies. It is an all-partisan League.

The reforms advocated are in no sense party issues, they have to do with children and the home.

The League would like to impress on every woman the obligation of citizenship and teaches that the greatest menace in a republic, is indifference; that voting is a civic duty.

Amendments to the constitution of Nebraska are to be voted upon at a special election, Sept. 21st. Among these amendments is proposal number 18, giving equal suffrage to women. It is the first time that women have ever had the right to vote to enfranchise themselves. The Nebraska legislature meets in the winter of 1920-21 and the League is preparing to support its legislative program during the session. The National League of Women Voters adopted a program for improved legislation along six lines: Child Welfare, American Citizenship, Food Supply and Demand, Social Hygiene, Women in Industry and Unification of Laws Concerning Women.

From its entire program, the National directors selected certain planks to present to the political parties for adoption in their platforms. Among them: Adequate Appropriation for the Children's Bureau; Prohibition of Child Labor; Protection of Infant Life Through Maternity and Infancy Care, a Federal Department of Education; Instructions in the Duties and Ideals of Citizenship; Increased Federal Support for Vocational Training in Home Economics, and Independent Citizenship for married women.

Chas. Crabill arrived in the city Monday evening to visit his parents, Mr. and Mrs. L. M. Crabill.

W. M. Clements, chief dispatcher for the Burlington at Wymore, was in Red Cloud Tuesday morning looking after some business for the company.

The parents should purchase a Chautauqua season ticket for their children so that they could enjoy the new games and new stories by the story lady and the finest new play of their part in the big program entitled "Modern Crusaders" which will be given at 4:30 p. m., Saturday, July 31st. The children's play hour will be held at 9:30 a. m., and 1:30 p. m., each day except Sunday.

Conductor Reilly, one of the oldest conductors running in here from St. Joe on trains 15 and 17, was forced to quit work about two weeks ago on account of his eye sight failing. It was feared for a while that he would not be able to work again but an improvement has been noted in the past few days and it is that that he will again be on his run before long.

OF SPECIAL INTEREST TO FARMERS

We received our first load of new wheat today from Mr. B. E. Eshelman. It is a good color and tests 62 pounds to the bushel, grading No. 1 Hard.

The car situation has shown no improvement since last week and all the information we can get is very discouraging. With thousands of bushels of old wheat in western Kansas and Colorado we cannot expect many cars until they get it moved, but we will do all we can to take your grain as you haul it and will keep you informed by phone when we are full.

As to what the market is going to do, your guess is as good as ours. Wheat is an international grain and the price in the United States is governed to some extent by the harvest in other countries. There is some rumors of black rust in the spring wheat districts which has a tendency to make a strong market at this time. Russia has a big wheat crop but no rolling stock to move it and we understand Argentine is about 18 millions of bushels short. Considering these conditions we cannot see much cheaper wheat in sight and do not believe you will lose if it becomes necessary to hold your grain on account of car shortage.

We will receive the Kansas City market every day about 2 P. M. by wire and will govern our prices accordingly. If at any time you want to know what we are paying, call us and the price we give you will be good until the next market is received.

There has been some misunderstanding as to our policy in regard to customers that are not members of the organization. My instructions are to treat every one alike and we try our best to do it. We want your business and we will give you the same service and price if you are not a member as we give our members.

We intend to be on the job every day except Sunday as long as you want to haul. All we ask is that you let us know about what time you expect to get in, if you are coming before 7 A. M., or after 6 P. M.

Perhaps You Don't Know
 that there is one corset, and just one, which is CERTAIN to be SATISFACTORY.
Warner's RUST PROOF Corsets
 are so made that they are SURE to FIT, SURE to WEAR and SURE to PLEASE.
They are double-boned which means that they have extra resilience without extra weight.
 They do not WEAR OUT in SPOTS because of their standard construction. They NEVER LOSE THEIR ORIGINAL LINES because they are correctly designed and well made.
AND THEY ARE GUARANTEED NOT TO RUST, BREAK OR TEAR.
A WARNER'S BRASSIERE is designed by expert corset designers, which accounts for its seeming to be a part of the corset. A Warner's Brassiere is truly "GILT EDGE."
