## School Clothes

School is now in session and the school children need sturdy clothes. Have a nice line of the following goods that are priced right.

What is more serviceable for a school dress than a good gingham, well made for wear—and the styles are right.

If you are in need of a good sweater come in and look my line over before buying—Always ready and willing to show goods.

#### COURT OR COUNCIL

It has been pointed out how repugnant to American ideas of government it would be to have The Hague Tribunal given power to enforce its decrees and replace the League of Nations with this court, or a similar court, as Senator Harding proposes to do. Government by injunction, which is government by a court, is a hateful thing to Americans.

According to our traditions and our principles, the executive powers, the legislative powers and the judicial powers must be kept separate and distinct. These principles are fully carried out in the League of Nations, which provides for an International Court of Justice; but not so with the Harding plan.

Senator Harding himself shows this distinction plainly in his speech of August 28, when he says:

"The difference between a Court of International Justice and the Council created by the League Covenant is simple but profound. The one is a judicial tribunal to be governed by fixed and definite principles of law, administered without passion or prejudice. The other is an association of diplomats and politicians whose determinations are sure to be influenced by considerations of expediency and national selfishness."

Those Americans who wish a super-government by injunction, an international government by a court, should support Mr. Harding. But those Americans who believe that courts, domestic or international, should be confined to judicial functions, who do not believe in government by injunction, should bury Mr. Harding under a wilderness of votes.

#### COUNTY SCHOOL NOTES

(By Superintendent)

The following will be the program for the Teachers' Examinations for the coming year.

One Day Program. County Subjects.

##### FORENOON

Algebra, Geometry, Arithmetic, Reading, Civics, Agriculture, Orthography, Drawing, Penmanship.

HENRY R. FAUSCH, County Agricultural Agent

#### MORE MONEY SPENT FOR CANDY THAN EDUCATION

Is your child's candy worth more than his education? It may not be worth more, but it is costing more. The American School Journal says \$845,000,000 was spent on the public schools last year while the tax experts at Washington say \$950,000,000 was spent on candy in the same time, a difference of 105 millions in favor of candy. Did you imagine it?

Believing this proportion to be unfair to the children of America the Government Savings Organization of the Treasury Department is launching a saving campaign in every school house, a campaign of education and actual saving. Where schools prefer to have banks handle the school savings accounts this is to be done but in a great majority of cases the Thrift Stamp and the War Savings Stamp are the media of savings. Teachers are asked to teach thrift as a part of the school course.

The Tenth District has carried a

campaign this summer to teachers at summer schools and teachers' institutes, reminding them that their success in increasing their salaries will depend largely upon their ability to show in dollars and cents how real a service they can render their communities by making more conservative young citizens out of the children in their care.

Expenditures for luxuries are being used to show the need of teaching saving in schools. While America raised 21 billion dollars in war loans, it spent 22 billions in luxuries last year. The Tenth District raised in all its war loans 940 million dollars, ten million less than the national expenditure

for candy last year. Cigarettes cost 800 million in the same time, so also did admissions and dues and tobacco and snuff. Cereal beverages brought 12 millions more last year than Kansas raised in all the Liberty Loan, and Kansas was the banner loan state in the district. As a nation we spent for soft drinks within 20 millions of much as Kansas and Oklahoma together raised in all the loans.

Just received a shipment of Dar-danella chocolate candy. \$1 per lb. box.—Powell & Pope.

Wort Stevens has purchased a new Dodge truck which he will use in his plumbing and electrical business.

### SEEING IS BELIEVING

I have just returned from an inspection trip of northwestern Kansas, driving by auto to Decatur, Rawlins, Cheyenne, Sherman, Wallace, Greeley, Witchita, Logan, Sheridan, Thomas and Norton Counties, stopping at many places and driving the country around the town.

I have found some real bargains in wheat and stock farms, wheat going from 20 to 40 bushels the acre, land ranging in price from \$12 per acre, up, with easy terms and small payment down. The average renter in this county can handle a half section of this land.

If you are interested see me at once and make arrangements to go and look this land over, for land values are advancing and the bargains I now have may soon be gone.

GEO. W. HUTCHISON.
