## Stock Raising in WESTERN CANADA

is as profitable as grain growing. Successes are wonderful as those from growing wheat, oats, barley, and flax have been made in raising Horses, Cattle, Sheep and Pigs. Bright, sunny climate, nutritious grasses, good water, enormous fodder crops—these spell success to the farmer and stock raiser. And remember, you can buy on easy terms.

### Farm Land at \$15 to \$30 An Acre

—land equal to that which through many years has yielded from 20 to 46 bushels of wheat to the acre—grazing land convenient to good grain farms at proportionately low prices. These lands have every rural convenience; good schools, churches, roads, telephones, etc., close to live towns and good markets.

If you want to get back to the farm, or to farm on a larger scale than is possible under your present conditions, investigate what Western Canada has to offer you.

## TO CHEER DISABLED HEROES

All Legion Posts to Join in Campaign to Aid World War Men in Hospitals.

More than 2,000,000 men in almost 10,000 American Legion posts in all parts of the United States and its possessions have been enlisted in a campaign to make life more worth living to some 20,000 sick and disabled heroes of the World war who still are patients in government and private hospitals and to humanize all activities that enter into their care and treatment. Government bureaus at Washington have supplied the Legion with lists of these hospitals, about 1,200 in number, and the number of ex-service men who are patients in each. The country has been districted according to Legion membership and each of the five national vice commanders of the Legion has been assigned to supervise the work of Legion posts, committees and individuals in various states. A plan to take a census of all ex-service men, especially those still in hospitals, and straighten out their compensation and insurance claims, is included in the general program. The full weight of the women's auxiliary of the Legion will also be thrown behind the movement and the assistance of all loyal Americans is being asked for and gladly accepted.

"These men in hospitals are our first concern," F. W. Galbraith, Jr., national commander of the Legion, said recently, "and the situation with regard to them is far from satisfactory. They are coming to believe, and justly to a large extent, that their country has forgotten them. Their greatest need is a friendly handclasp, cheerful smile and an unqualified and oft-repeated demonstration that we have not forgotten them and will never forget them while God gives us strength to stand four-square with and behind them so long as they need our help. It's not our job alone—it's everybody's job—but it's just a little closer to the hearts of men and women of the Legion."

The Legion takes the position that the maimed World war heroes represent America's fundamental obligation and that the Legion, backed by the full weight of sound public opinion, can make conditions with regard to them as nearly perfect as human agencies will permit.

## TO MEMORY OF COMRADES

Bronze Tablet is Unveiled by Guttenberg Post of New Jersey, Assisted by School Children.

Guttenberg Post No. 64 of the American Legion of New Jersey recently took charge of the unveiling of a bronze tablet on the town hall, commemorating the death of seven local men in the World war. The tablet was unveiled by T. Kern, post commander while 50 school children sang "Lead Kindly Light."

## ENDOWMENT FUND PLANNED

Paris (France) Post Begins Drive to Raise Large Sum to Aid Ex-Service Men.

The Paris (France) post of the American Legion has started a drive for a five million-franc endowment fund with which to meet the demand made upon it daily by ex-service men who are stranded, and by their families. The Paris post has been kept busy helping former vets who were sick, straightening out legal tangles, securing employment and helping the stranded to get passage home.

The Paris post is obviously barred from utilizing the usual method of raising funds by entertainment for the community, and has been forced to appeal to the outside. The American embassy and the consulate semi-officially recognize the post's work by referring hundreds of cases to its officers.

## WHAT POST WILL ADOPT HER?

Little French Orphan Whose Father Was Killed in Defending Verdun From the Boche.

Little Denise Sellier is now ten years old. She was six when her father was killed defending Verdun from the boche. Denise once was the adopted daughter of the American civilian employees of the Central Printing plant, at 17 Rue de l'Aqueduc, Paris. Now the Americans have gone home and Denise and her invalid mother, her little brother and aged grandmother find it very hard to make ends meet.

Many posts of the American Legion already have followed the suggestion of national headquarters and have contributed \$75 to care of a French orphan for a year. Perhaps some of the former foster-fathers of Denise, now members of a Legion post, may see this and readopt her. Any Legion post

that wishes to adopt her, or any other of the thousands of French orphans, can do so by sending \$75 to the Legion national treasurer, Robert H. Tyndall, at Legion headquarters, Indianapolis.

## CASH BONUS PLAN FAVORED

Referendum Laws Adopted by New York, New Jersey, Washington and South Dakota.

Four more states adopted referendum laws providing for the payment of a cash bonus to veterans of the World war at the elections on November 2, following a well organized campaign by American Legion posts and various civic organizations. The states were: New York, \$10 a month, \$250 maximum; New Jersey, \$10 a month, \$100 maximum; Washington, \$15 a month for service up to November 11, 1918, and South Dakota, \$15 a month.

Twelve states, which supplied 1,000,000 men to the army, have now granted the cash compensation. In addition to the four named above, the cash bonus states are: Massachusetts, \$100, plus \$10 a month to January 15, 1918; Vermont, \$10 a month, maximum of 12 months; New Hampshire, \$100; Minnesota, \$15 a month, maximum of \$100; Wisconsin, \$10 a month, minimum of \$50; Rhode Island, \$100; North Dakota, \$25 a month, and Maine, \$100.

In New York the bonus rode to victory by a majority of more than a million; the vote in Washington was three to one in its favor, while in New Jersey and South Dakota the Legionnaires were successful by large margins.

National officials of the Legion contend that the bonus referendums show conclusively that the people of the United States favor compensation for ex-service men and they propose to redouble their efforts to obtain the passage of the Legion's fourfold national bonus law in the next congress.

## PARIS POST IS EFFECTIVE

Organization in French Capital Has 837 Veterans of the A. E. F. on Membership Rolls.

Over in France where the men who make up the American Legion fought and suffered and in the very city where in the winter of 1919 the American Legion was born, there is carrying on today a large representative post of the organization. With 837 veterans of the A. E. F. on its membership rolls and the entire second floor of a handsome building for its headquarters the Paris post today is making its influence felt in caring for the needs of its members and all former service men.

One of the chief benefits rendered by the Paris post has been in the way of obtaining employment for honorably discharged service men seeking work in the capital. More than 100 men were placed in positions during the first seven weeks of the post's service bureau operations. Helping men to return home when their funds are insufficient is another phase of the work that is bringing relief to many.

The post, which is located in the building of the American Library association, at 10 Rue de l'Elysee, has a flourishing women's auxiliary of some fifty members with applications coming in all the time. In addition to serving the American veteran, the Paris post is striving to strengthen the bond between France and America through the younger generation of Paris by offering yearly prizes for the best essay written by any boy or girl in Paris written on a subject which connects the history of France and America.

## SWAMP-ROOT FOR KIDNEY AILMENTS

There is only one medicine that really stands out pre-eminent as a medicine for curable ailments of the kidneys, liver and bladder.

Dr. Kilmer's Swamp-Root, stands the highest for the reason that it has proven to be just the remedy needed in thousands upon thousands of distressing cases. Swamp-Root makes friends quickly because its mild and immediate effect is soon realized in most cases. It is a gentle, healing vegetable compound.

Start treatment at once. Sold at all drug stores in bottles of two sizes, medium and large.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Adv.

### Lot of Them.

First Movie Director (watching the director of another company at work)—That's a corking mob scene. There must be two hundred men trying to break into the front door of that house, and fully two hundred at the back door. It must have cost you something for all those extras.

Second Director—Only a couple of dollars. I put two ads in the paper: "Wanted for the movies, a man that looks like George Washington; apply at front door." "Wanted for the movies, a man who looks like Napoleon; apply at back door."—Film Fun.

## HAD ANOTHER SHOCK COMING

Modern Young Woman Able to Promote Auntie a Further Surprise for the Coming Evening.

"Young girls nowadays," said Miss Mary G. Kilbreth, the well-known anti-suffragette, "are flippant and totally indifferent to the opinions of their elders. Woman suffrage is to blame."

"On a bathing beach last summer a beautiful young girl appeared in a bathing suit that was extremely daring."

"Her aunt approached her as she was swaggering in this costume beside the water's edge and remonstrated with her."

"'Sylvia,' said the aunt, 'I consider that costume absolutely shocking.'"

"'Oh, you do, do you?' the girl replied indifferently. 'Well, wait till you see me in my new evening gown.'"

### Out of Place.

A book-lover was seated in his library, surrounded by scattered volumes. Encouraged by the reports of discoveries of valuable fragments of manuscripts in other people's books, he was having a little search of his own. His small son was on the floor assisting in the enterprise.

"Father," said the child, solemnly, suddenly breaking the silence, "does every book have a flyleaf?"

"Certainly," replied the father, "unless it has been torn out."

"Well," said the child, in a tone of deep concern "I've just found a fly squashed on the wrong page!"

### More Interruptions.

"Women are taking a great interest in politics."

"To my sorrow," said the harassed editor.

"Didn't you work for woman's suffrage?"

"Yes, but since they've won the ballot women who never bothered me before in their lives are calling me over the telephone to settle their political arguments."—Birmingham Age-Herald.

## ALASKA APPEALS TO YOUTH

Newspaper in Great Northern Territory Promises Fortune to the Young and Adventurous.

The sage advice of Greeley was never more applicable than it is today in Alaska, observes the Alaska Capital. What the country needs is the optimism of youth, coupled with an adherence to the advice of Dr. Kilgor of Trinity college, North Carolina, when he said: "Young man, the sages will tell you to be prudent; prudence belongs to the dawning of youth—the spirit of adventure that will develop individuality."

Reduce this philosophy to Alaskan terms, and we find that the territory just now needs youth to finish the structure upon the foundation laid by those wonderful pioneers whom we reverence and admire. The raw materials are here, materially and ethically all that is needed is for the next generation succeeding the pioneers to step into the trails blazed for them and finish the work.

No Tin From South China. The supply of tin from the Yunnan district of South China may be cut off entirely at no distant date, even though this district is said to be capable of supplying one-fourth of the world's demand. It is now credited with one-twelfth. The present returns to the mine operators do not justify operation of the mines.

## BALL PLAYED BY PRISONERS

Eastern Penitentiaries Have Teams That Put Up Good Exhibitions of the National Game.

Many prisons and penitentiaries have baseball teams composed of inmates, and the national sport has done much to revive the health and spirits of prisoners. These baseball teams are uniformed and play a regular schedule of games, but of necessity these games are always played on the prison home grounds.

One of the best known prison teams is that of Sing Sing. It is known as the Mutual Welfare League team, and last season it won more than 95 per cent of games played with visiting nines. The prison baseball field has a splendidly graded surface, and there are bleachers for spectators. The team plays Saturday and Sunday afternoons. Visiting teams come from New Jersey and Connecticut. The prison team has won from some of the best semi-professional nines of these states. The Eastern penitentiary in Philadelphia has long maintained a baseball team, and has developed many good players.

## ANSWERS CALL OF FRIEND

Deer's Remarkable Attachment to Man Who Had Cared for It in Its Helplessness.

A two-pronged buck deer answers the calls of Jerry Shine, employed by the municipal water district at Alpine dam, near San Raphael, Cal.

Long ago Shine one day came upon a dead doe in the trail of the forest, and standing beside the mother was a fawn. It was miles to Shine's cabin, but he carried the fawn home with him, fed it and gave it the name of Billy. After a time Shine left the district. He returned several days ago and asked his fellow workers the whereabouts of his deer. They laughed at him; the deer had gone back to nature, they said.

Shine mounted the parapet of the dam and called for Billy. The deer, now the proud possessor of two-pronged horns, bounded out of the forest. A photograph was taken of the man and the animal, as the latter rested his forefeet on the shoulder of Shine.
