## How Did It Happen?

Well it is this way, there is a chance for every man that has any energy what ever, to get a home, come and see us. We have about fifteen (15) farms to offer as follows, Improved and unimproved ones, will take Crop payments after the first payment is made. These farms are located in the best part of the West and we think this is a much better plan for you Mr. Renter. Buy one of these farms where you can pay out for it, the same as paying rent and you will own your own home. We know of men that have paid out for their land that way in three years, why not you try and get one the same way.

We give free transportation, for to go and see these farms, when the roads are so we can travel over them safely.

Now is the time for you to get the best proposition we ever found in land, if you are interested come in and see us and talk it over. We will give you a good buy if you will come and ride out with us. We have other good buys of all kinds. Please remember the address.
