NUMBER 17

It is EASY to wash PYREX

Nothing can adhere to its hard, odor-proof, grease-proof surface. It is easy to keep clean for it will not chip, craze, bend, dent or discolor and always remains new.

PYREX is the original—the first transparent oven-ware and is guaranteed not to break in actual oven-use.

PYREX is made in shapes and sizes for every practical baking purpose. It is a saver of time, fuel and dishwashing drudgery.

TRINE'S Hardware

ON THE FARM

Spring work on the farm will be requiring the time of every farmer. The work has to be finished at a given time. Little attention is given to other matters. Still, the matter of nourishment must be thought of. Let us supply your wants in groceries canned goods, relishes, cookies, Etc.

Pool Hall Changes Hands

The flag contest, which was held at the M. E. church Tuesday evening, was won by the third grade by one vote. Wednesday morning the big flag was run up in the front of the third grade room and it is to remain there for the balance of the school year. This grade is to carry the flag thru school up to the time of graduation and at that time is to be presented to the kindergarten and they are to do likewise. Supt. Hultzen was present and gave a short address after which the pupils gave the oath of allegiance and flag salute.

Third Grade Awarded Flag

Messrs. R. H. Keith and G. R. Beck, who have conducted a pool and billiard parlor in this city for several months have sold the same to Messrs. Moon and Morris of Hastings, who will take possession next Monday. The new proprietors have had considerable experience in this line of business and will continue to render courteous treatment to the patrons of this amusement parlor. Mr. Moon conducts The Moon Smoke House at Hastings and also owns the Saratoga Billiard Parlors at Lincoln.

Mr. Beck has not made any plans for the future but will continue to reside in this city.

NEW CITY OFFICIALS

SWORN IN MONDAY
R. F. Oatman, president of the City Council, called this body together in regular adjourned session on Monday night, at the Council Chambers, with all members present.

Phil Traut again appeared and asked that action be taken on water main laid by him at an expense of \$122.98, but the matter was referred over to the new Council.

The report of the Advisory Committee, that the City Engineer had been instructed to repair the approaches to the pavement, was approved.

The Employer's Liability Insurance Association filed written notice denying liability in the C. R. Lewis-Crabill case.

City Engineer Geo. H. Overing, at the request of the Council, at its last meeting, presented an estimate of the cost of extending the storm sewer on 8th Avenue to Crooked Creek as amounting to \$4323.00, whereupon an ordinance to be known as No. 44 was passed.

The following claims were then allowed:

Geo. H. Overing	\$ 45.28
Chas. Barrett	78.00
Frank Clauson	58.45
Geo. Trine	2.10
Grice & Grimes	3.05
E. W. Stevens	27.88
Nat'l Refining Co.	180.00
Crane Co.	18.77
Sunderland Mch & Sup. Co.	24.26
Midwest Elec. Co.	40.26
Henry Lewis	51.00

The Mayor Elect Mary Peterson and Councilwoman Henrietta Hummel were sworn in to their respective offices, President Oatman officiating, after which the old Council adjourned sine die.

On Tuesday morning at 9 o'clock Mayor Mary Peterson called the Council together in special session, for the purpose of organizing the new Council, granting pool hall licenses and appointing a city marshal. All members were present with the exception of Councilman Crabill.

The bonds of S. R. Florence, as city treasurer and O. C. Teel, as city clerk, with due and proper surety, were examined and approved.

The applications of J. E. Ellison, Henry Clauson and Moon & Morris, for pool hall licenses were presented and granted. In this respect it might not be out of place to state that Mrs. Hummel took the broader viewpoint by saying, while she personally was adverse to the operation of such, yet believed the majority should rule.

The mayor's appointment of Lawrence Doyle as city marshal at a salary of \$75.00 per month was confirmed, after which the Council adjourned.

Change in Train Service

At Red Cloud, Commencing May 1st
No. 14 East will leave at 2:15 a. m. No. 174, mixed train to Hastings, will leave at 1:00 p. m. For further particulars consult N. B. Bush, Ticket Agent.

New City Marshal

Monday evening the City Council met and confirmed the appointment of Lawrence Doyle as marshal of this city. He relieving N. P. Phillips who has accepted a position with Pipkin's National Detective Agency of Omaha, and has already taken up his duties with this company. While marshal of this city he carried out the duties of this office to the best of his ability and his many friends are pleased to learn that he has a more lucrative position. This city now is in the same class with New York and other large cities who employ only Irishmen as "cops" as Mr. Doyle being able to qualify as to nationality and no doubt will prove to be an efficient officer.

Will Move Furniture Store

The Graham Furniture Co., have leased the Potter building which was formerly occupied by the Tepee Smoke House and Billiard Parlor. They have several carpenters at work building a balcony in this room and also making some minor changes. After they have completed their work the ceiling and walls will be painted a steel gray color after which the Graham Furniture Co., will move their stock of furniture into this room. Mr. Johnson states that he has ordered a few car loads of the latest creations in order to make their line complete. As this building is a good location they will have more ample space to show their goods and no doubt their business will increase. On Monday evening Mr. Johnson who served several months in the army and like the rest of the "back privates," did his share of barrack police duty and learned to scrub the floors and in order to commemorate by-gone days he scrubbed the floor in his new headquarters.

Bad Storm Sunday Night

Sunday evening between eight and nine o'clock a terrific storm visited this section of the country, accompanied by rain and hail which resulted in several tornadoes striking the farm homes in the vicinity of this city.

A barn at the E. J. Overing jr., home and the barn and windmill at W. V. Beal's place was demolished by the wind, and last but not least the oil derrick on Mrs. Hosmer's farm, which represented several thousand dollars of our citizen's money, was destroyed. The frame oil house at the power plant was also wrecked.

In this city several windows were broken out of the houses by hail and a few large trees were up-rooted while the streets were strewn with limbs from the trees.

At the Romjue farm southeast of the city the large barn was totally demolished and a few hogs were killed by the flying wreckage. His garage was also destroyed. The tornado next visited the farm of Dale Montgomery where his barn was wrecked. The farm telephone lines running south were torn down and a large number of farmers were busy rebuilding these lines Tuesday.

On the east of the city the barn on the Henry Gilham place was destroyed and a number of telephone poles between this city and Lester were torn down.

Probably the two places worst hit were the J. B. Wisecarver farm just north of town where his barn was destroyed, a number of trees torn from the ground and debris scattered over the place, and the Walter Kasser farm northeast of here where his fine home was moved from its foundation and several small buildings demolished. Part of the roof was torn from the old house on this farm which was erected in the early days by Chas. Rust.

Messrs. George Lax and Bob Post residing near Cowles had the misfortune of losing several head of horses and their barns which were likewise destroyed by the storm.

The local drug stores were kept busy cutting glass Monday to replace the window panes which had been broken in the country.

Most of the farmers carried insurance which will enable them to erect more substantial barns as soon as adjustment is made by the respective companies.
