Sheriff Huffer Takes Party to Beatrice

Last Thursday Sheriff Huffer received word from Beatrice to arrest Mike O'Leary and L. E. Carter who together with three women and two other men were out securing subscribers for a National Defense publication. The gentlemen visited this city but got out of town before the local arms of the law could arrest them but were caught at Franklin and Alma Friday and were brought back to this city.

Saturday morning Sheriff Huffer took the party to Beatrice where the first two named men were wanted on a charge of beating a board bill and other offenses.

Will Have Oil Station

The building formerly occupied by Ed Metcalf's second hand store is being torn down and a modern gasoline filling station is to be erected in its stead. The property has been purchased by The Consolidated Oil Co., a Kansas City corporation, who made the deal through the firm of Schultz & Betz.

Mr. D. C. Wade, who has been extensively engaged in the oil business for the last two years at Hardy and Nelson, has sold his interests to The Lesh Oil Company, of Kansas City, and we understand he will have the management of the new station here.

No city in the entire state offers a better location for an up-to-date filling station than does Red Cloud and the new enterprise is a welcome addition to our industries.

Sells His Interest in Garage

A deal has been completed and possession given, whereby Bruce Frame disposed of his interest in the Frame and Smith garage to Mr. R. J. White of Hastings. Mr. White has been traveling for several years for the Powell Supply Company and has had considerable experience in the automobile business. He together with his partners, Charles and Clyde Smith, will continue to give the patrons of this garage prompt and courteous treatment. Mr. Frame has not made any definite plans for the future.

Parents Object to Daughter's Marriage

Bazil McKee and Goldie Colwell eloped and were married at Red Cloud, Nebraska on Thursday, April 21st. However, they were courting grief for Mr. and Mrs. Colwell are bitterly opposed to Goldie's schooling being abruptly put to an end. They considered she should be in school at least three years for she is only fifteen years old and under age three years. They accordingly started proceedings to annul the marriage and put her back in school which proceedings if they think best to complete will compel her to go back to school again and do away with matrimonial bliss for three years yet anyway.—Smith County Journal
