

Cream-Eggs-Poultry

Yes, We buy cream and lots of it—also your eggs and poultry. We are—and always have been—paying "TOP MARKET PRICES" and shall continue to do so. You may rest assured when you bring your produce to the Union you get the prevailing market price for it.

COMPETITION

That's what we like. We enjoy good fair and square competition, and welcome it. Competition is the very life of trade. Without it the farmer would be in doubt whether he was getting value received. With it he has only to consult the other fellows quotations and then he knows he is receiving honest treatment.

FAIR DEALING

Ask any one of our patrons about our prices and tests and see if they are satisfied. A continued patronage of approximately 350 cream customers is pretty fair evidence that we are treating our patrons right and meeting competition on a fair business basis.

YOU SHARE OUR EARNINGS

Members of the Union should bear in mind that all the profit we make on your produce less the actual cost of handling is paid back to you IN DIVIDENDS.

STATE FARM BUREAU NOTES

Chas. E. Gunnels, assistant secretary and treasurer of the American Farm Bureau Federation spent the past week in Nebraska discussing with state federation officials and members of the executive committee plans for enlarging the scope of their work and means of creating greater interest in Farm Bureau Federation activities. The Nebraska College of Agriculture is working with the state federation office in developing a definite county farm bureau program that will extend over several years.

The Farmers Livestock Marketing committee of fifteen is perfecting plans for the establishment of producer owned and operated co-operative commission companies in leading markets, according to reports received by the Nebraska Farm Bureau Federation from the American Farm Bureau Federation at Chicago. The plan will be submitted to the whole committee of fifteen at its next meeting at Chicago on August 10 for approval. The principles on which the producers co-operative commission companies will be established and operated have been reviewed and endorsed by the committee of 15. Upon establishment of the co-operative commission companies at the various stockyards they will be affiliated in an organization, national in scope, in which producers will obtain membership and control on a purely co-operative basis. The producers will share the earnings and benefits of selling according to the patronage dividend principle. The fourth session of the Livestock Marketing Committee of fifteen was held at Chicago on July 13-14.

The executive board of the Nebraska Farm Bureau Federation at its July meeting prevailed upon H. D. Lute, secretary of the federation, to remain in his present office until the annual meeting in January, the action following a request made by Mr. Lute asked to be relieved that he might devote more of his time to his private interests. C. Y. Thompson of West Point was selected as treasurer in place of George Briggs who resigned.

Out of 456 farmers, elevators in Nebraska it is found that only 125 are properly organized to comply with the general co-operative laws of the state. The executive board of the Nebraska Farm Bureau Federation has therefore offered its legal service department to assist any of the elevator concerns not now complying with the law who wish to effect a reorganization or amend articles of incorporation so that they may properly be organized to enter into contract with the U. S. Grain Growers, Inc.

The marketing committee of the Nebraska Farm Bureau Federation has recommended that the price of Kanred wheat and Nebraska Number 60 wheat for seed should be approximately twenty-five cents per bushel more than the local price for the regular runs of Turkey red. The committee also announced that scientific research has proven that Kanred and Number 60 is as good or even better milling wheat than the Turkey red and advise farmers not to accept docking by grain buyers of these two new strains.

At the July meeting of the executive board of the Nebraska Farm Bureau Federation it was recommended that each county farm bureau name a "blue sky" committee which will confer with F. M. Dewese, head of the state federation legal department, in the matter of industrial stock offered for sale in farming communities as well as any other money making schemes that may be put up to farmers generally.

Farm Bureau Notes

Modern Homes
Twenty-six out of 1,200 Farm Homes in Webster County are modern. Eighty-nine have running water, sixty-five have furnaces, forty have modern lights, of these fifteen have electric light plants of their own and twenty homes are connected up to an electric line. There is a great chance for improvement in our farm homes in order to make the work about the home more pleasant.

County Fair
Webster County Fair dates are August 23rd to 26th. Premium lists are out. We have a supply at the of-

"Ouija! What's the good word?"

MY YOUNG sister,
HAS A Ouija board,
AND SHE believes it,
AND TALKS to Noah,
AND I think she talks,
TO HER best fellow,
WHO'S DEAD but doesn't know it,
AND I used to give her,
THE LOUD, rude laugh,
BUT I'M sorry now,
BECAUSE LAST night,
I WAS home alone,
SO I got the board,
AND PUT in a call,
FOR JOHN Barleycorn,
AND OTHER departed spirits,
BUT THE line was busy,
FOR NOTHING happened,
THEN I cheated a little,
AND IT spelled this,
"GRAMMASHOTTA SEVEN."

SO I shut off quick,
TO HEAD off any,
FURTHER FAMILY scandal,
THEN I stopped to smoke,
A CIGARETTE,
AND AFTER a while,
I CRANKED up weejee,
AND ALL of a sudden,
IT STARTED off,
AND QUICK as a flash,
IT SAID something,
"THEY SATISFY."

"SATISFY"—that's the good word. Just light up a Chesterfield and see what experts can do with fine Turkish and Domestic tobaccos when they blend them in that can't-be-copied Chesterfield way. You'll say "they satisfy."

Did you know about the Chesterfield package of 10?

They Satisfy **Chesterfield**

GLACIER National Park

The Gladdest Spot

--the most talked of place in America by out-of-doors folk, is a "hikers" and "horsebackers" joyland.

Up there in the Northern Rockies in Northwestern Montana, there are fifteen hundred square miles of breathing room—loafing space; forests, hundreds of sparkling streams which meander through valleys ablaze with wild flowers, and tumble over foaming waterfalls to feed two hundred and fifty mountain lakes of rare beauty. In the "high-spots" there are eternal, slow-moving glaciers, astride the pageant of carved and tinted peaks. The thrill, the majesty, the bigness of it all is wonderful.

To live for a time in this "high" land is a never-to-be-forgotten experience. You'll straightway develop an amazing appetite.

If you are a fisherman, you'll enjoy battling with the trout.

If you are a hiker, there's no end of trails to follow to your heart's content.

If you love to ride, a sturdy little mountain pony will carry you over skyland trails.

Mountain guides—chaps you'll enjoy getting acquainted with—are there to accompany the timid.

Rowboat and launch service, auto-stages on a mountain motor highway, are there for your pleasure and convenience.

If you like to "take your hotel with you" and camp, there are scores of ideal spots.

The chalets—little hotel villages in the mountains—are picturesque tarrying-places.

Two mammoth mountain inns, where unique indoor campfires crackle on evenings in the "forest lobbies" provide accommodations of a more elaborate character.

The whole scheme of service within Glacier readily lends itself to the out-door idea—follow the dictates of your fancy.

Better plan to go this summer and enjoy a real vacation.

See. Call or write for one. The Fair Association has revised the list and are offering more money this year than ever before.

Plan now to make an exhibit of Farm Products and Live Stock and we will have a real County Fair, if everyone will do their part.

HENRY R. FAUSCH
County Agricultural Agent.

"Crocodile Tears" Real Things.
It is said that crocodiles weep and sigh like a person in distress to attract people to the spot. They even shed tears over their prey while devouring it.
