

Inavale

The Methodist Sunday School will serve ice cream Saturday evening. Mrs. Fatty returned last week from an extended visit with relatives in the east.

The Ladies Aid of the Methodist church met in the church basement Wednesday afternoon. Chas. and Pete Arnold left this week for Wyoming. We shall be looking for them back before long.

Earl Gray and Lyle Leonard returned Monday from a short business trip in the western part of the state.

The Boy Scouts went for an overnight camp last Thursday. The Scouts pitched their tent in the Arnold woods two miles and a half west of Inavale. There was plenty to eat. The water was wet. A few fish bit; also many mosquitoes. The boys came back reporting that the only thing the matter with the outing was its brevity.

REPORT OF INVALE LIBRARY

At the meeting of the Executive Committee of the Inavale Library Association held a couple of weeks ago the Librarian reported a steadily increasing number of people patronizing the library. For the past three months the library had a total of 260 visitors. 215 loans of books and magazines were made during that period. The treasurer reported that the first year of the library's existence would be closed without a deficit. The library was made possible by the subscriptions of those who joined the library association. Since the first year's memberships expire on August 1, the Executive Committee have launched a new membership campaign. A three dollar subscription to the library entitles the subscriber to a full membership in the association. This subscription may be paid in advance or in monthly installments. It is the aim of the committee to secure enough funds through membership subscriptions to pay the running expenses of the library for the year. Any additional money received will be expended in the purchase of new books. The walls of the library room are being re-decorated. The committee hope to be able to add some new furnishing early in the year. Miss Artie Dickerson, who has been rendering such splendid service as Librarian during the past five months will continue to hold that position. Those desiring to subscribe to the library fund may leave their money either at the Post Office, or in the library.

All That, 'n Then Some. After all, the question of how much it costs to support an infant is reasonably decided on the basis of how much money is available for the purpose.—Pittsburgh Gazette-Times.

Buried Sunday Afternoon

Funeral services for Lottie Ducker, the twelve year old daughter of Mr. and Mrs. A. V. Ducker were conducted by Rev. H. W. Cope from the Sid Peterson residence last Sunday afternoon and interment made in the city cemetery.

Little Miss Lottie was born in Smith County, Kansas, November 26, 1909. When she was but two years of age the family moved to this city where they have since made their home. She was visiting relatives in Fairbury when suddenly attacked from appendicitis for which she was operated on at St. Elizabeth's Hospital in Lincoln but was unable to survive the ordeal. The sympathy of the community is with the bereaved family in this hour of sorrow.

TOWN PESTS

The Tramp is a Pest that blooms in the Backyard only in the Summer. When he Shows Up at the kitchen door, summon Faithful Hector, inventor of the Bum's Rush, and have him Usher the Tramp into the Alley. If We gotta Work for our Eats, why should Tramps coast through the World on their Nerve?

TO SHOW SILOS

This isn't an unusual sort of doll house but a miniature also intended for exhibition at the coming show. Every new type of farm machinery is to be shown. Shortage of farm labor is compelling farmers to buy and use labor-saving machinery whenever possible. Farmers interested in all the new models should visit the Nebraska State Fair, Lincoln, Sept. 4 to 9.

PROTECTION by use of TRAVELLERS CHEQUES

Travellers Cheques protect the tourist by affording a safe form in which to carry funds. These cheques, which are issued in denominations of \$10, \$20, \$50, and \$100, furnish a ready identification of the holder and are payable upon counter-signature. They are accepted throughout the world by banks, hotels, transportation companies and business houses. Before taking an extended trip let our officers explain in detail the advantages of carrying these cheques when travelling.

Just For Comparison 1913 - - 1920 - - 1921

It has been figured out, that in building a certain house, the LUMBER cost
\$1,600.00 in 1913
\$3,300.00 in 1920
\$2,000.00 in 1921

Freight has advanced \$280.00 on this material, since 1913, which makes the lumber cost at the present time a trifle over \$100.00 more than it did in 1913, exclusive of freight raise.

GRANT CHRISTY

Lovers of live stock will enjoy themselves to the limit when they attend the Nebraska "PROGRESSIVE" State Fair, Lincoln, September 4th to 9th, according to officials who have been working all year to make the live stock show an unusual success.

Students of farming all admit that live stock raising is the most important farm industry. Farms that have no stock, or only poor stock, cannot expect to be as profitable as those on which lots of good stock is kept.

Visitors at the coming State Fair will be surprised when they find out how much good stock we have here at home. Nebraska pure bred live stock breeders have some of the finest animals to be found anywhere in the country. The best of it would compete on an even basis with the best from any surrounding district. A blue ribbon won at the Nebraska State Fair will be of wonderful value as an advertising asset to the owner of the animal winning it.

In the belief that "All work and no play makes Jack a dull boy," Fair Officials have arranged an entertainment program that will satisfy visitors every moment of the fair. These features include Auto Racing, Horse Racing, plenty of music, fireworks and a Mammoth Circus. It is the best program of the kind ever put together and it is to be hoped that the people of the State will show their appreciation of the efforts of the management by an unstinted patronage.
