Fire Destroys Grain Elevator

Last Friday morning about four o'clock the alarm was given that the elevator belonging to George Havercamp was on fire, it is said by some that it had been burning for some time before the alarm was given. By the time the department arrived it had almost burned to the ground, and owing to low pressure of the Burlington's water they were unable to accomplish much.

The elevator contained over nine thousand bushels of corn, forty-six hundred bushels of wheat, and some oats and rye. Mr. Havercamp carries \$18,000.00 insurance on the building and contents. The origin of the fire is unknown.

Fireman Struck by Auto While Responding to Alarm

Joe Carr Jr., member of the fire department, was seriously injured last Saturday night while crossing the street on Fifth Avenue in response to the fire alarm which was given about 8:15 o'clock, being struck by Ford touring car driven by Charles Richardson, who was going north.

Mr. Carr was in the picture show when the alarm was given. He immediately responded and was crossing the street when the auto struck him. Both bones of the lower right leg were broken and protruded through the flesh, besides other bruises. He was unconscious when reached by those who were near the accident and was taken to Dr. Martin's office where he was attended by Drs. Martin, Hoxsey and Creighton, and later removed to a room in the Bruce Frame rooming house. He is getting along as well as could be expected considering the seriousness of his injuries.

Starke Brothers' Holstein Officially Listed

A Red Cloud, Nebraska breeder is again mentioned in the latest bulletin of the Holstein-Friesian Association of America, which reports the milk and butter fat production of cows under official supervision.

Starke Brothers have one of their pure bred registered Holsteins credited with 19.7 lbs. of butter in seven days. This cow, Starke Farm Hengerveld Amy, is reported as having made at the age of two years and five months, a record of 358.7 lbs. of milk and 15.86 lbs. of butter fat, equivalent to the above amount of butter.

The Champion Holstein for Nebraska in the Junior two year old class for seven day production is Rag Apple Korndyke Boon Chornita, whose record of 407.6 lbs. of milk and 18.920 lbs. of butter fat, equivalent to 23.6 lbs. of butter, surpasses all others, according to the records of the Holstein-Friesian Association of America. This record production was made at the B. B. Davis Farm, Omaha, Nebraska.

CHAMBER OF COMMERCE HOLDS REGULAR MEETING

The regular meeting of the Chamber of Commerce was held at the rooms on Tuesday night.

President Hamilton called the meeting to order at 8 o'clock and considerable work was done.

The committee on placing the road sign was continued, the members promising to get the signs placed within the next two weeks.

Considerable interest was manifested in the report of R. P. Weesner on the luncheon in favor of Good Roads, at Guide Rock, last week. Various matters, in connection, were discussed and the regular Road Committee were requested to meet with the County Commissioners as soon as possible with reference to the above.

The secretary was directed to inform the American Legion that their offer for use of Club Rooms was accepted.

Meeting adjourned at 9:25 p. m.

Legion Banquet Tonight

Tonight at eight o'clock the American Legion will have a banquet at the Powell & Pope Cafe, in honor of the new members who joined this organization during the drive. Gilbert Beck's team secured the most members and as a result it falls to Paul Ponteky and his co-workers to pay for plates for the new members. Mr. S. Hardman will be the principal speaker for the occasion. After "chow" the post will meet in the I. O. O. F. hall where the initiation will take place.

Elton Pope Weds

Elton Pope, son of Mr. and Mrs. Jay Pope, surprised his many friends by arriving in the city with a bride the first of the week. The past few months he had been working at Denver and Stratton, Colorado but decided that the life of a bachelor was not all roses so he journeyed to Republic, Kansas where on last Friday he wed the lady of his choice, Miss Mary Alice Gosset. The young couple will make their home in this city with the best wishes of their many friends.

BOOSTERS LUNCH AT ROYAL HOTEL

On Monday at noon the Red Cloud Boosters met for lunch at the famous hostelry of our friend, Roy Oatman, where they were regaled in truly Royal style.

The dining room was filled with the crowd and everybody enjoyed themselves to the full.

Mr. Stein gave a most interesting talk on Brazil which was thoroughly enjoyed by all. Rev. Fred J. Newland introduced the matter of a community Christmas Tree in an impassioned speech, and Mr. Haines from the Agricultural College Extension staff gave a short but pithy talk about the necessity of farm and city co-operation.

It was decided to have the Booster dinner in future in the evening about six or six-thirty which we believe will be a change for the better.

Grace Church Services

25th Sunday After Trinity

Sunday School at 10 a. m.

Morning Service at 11 a. m.

Evening Service at 7:30 p. m.

Confirmation Instruction at 7:45 p. m.

Saturday.

Choir Rehearsal at 8 p. m., Saturday.

Quit apologizing for not going to church. Give your conscience a rest, and get a comfortable feeling under your vest by attending church next Sunday.

Bruce Maelcy who has been employed by the Burlington on a bridge gang which was working near Naponee had the misfortune last Saturday to fall several feet striking a timber on his stomach, suffering severe injuries. He was brought to this city on No. 14 and placed under the efficient care of Dr. R. S. Martin, where he is doing splendidly at this time.

Saturday evening, about 8 o'clock,

while Mr. and Mrs. Albert Detoh were attending the picture show, their residences on the Rickpatrick farm caught on fire, the origin of which is unknown.

The house and all its contents were completely consumed. No insurance was carried and the loss was total.

Friends upon learning of their misfortune immediately started a public subscription to their behalf.

Because the late summer and fall were very dry, our cemetery trustees though it best not to cut the grass too short. It is now time to clean it up for the winter; and it is desired that all who can, appear at the cemetery Monday, Nov. 15th, at 2 p. m., with scythes, sickles, rakes, etc., for a few hours work.
