Wants Fire Truck

The first of the week L. R. Rust and the editor of this paper were circulating among the merchants a petition on behalf of the Fire Department asking the council to buy motorized equipment for the Fire Department, as the present equipment is inadequate for the fire protection of this city. We all know that the taxes are high here and the council is making an effort to liquidate some of the indebtedness but the department has a proposition whereby the city can buy good reliable apparatus and it will not embarrass the city to buy it. The terms are to make one payment each year for four years, and this would not disrupt the city treasury in any way. Chief Havel expects to have a committee to see the rest of the merchants on the west side of the street soon.

Mrs. Hicks Laid at Rest

Mrs. Elizabeth Hicks, better known as "Granda Hicks," passed away last Monday afternoon at the home of her daughter, Mrs. Elmer Fogg, over south of the river, with whom she has been living for the past several years. Elizabeth Cody Hicks was born October 2nd, 1857. She was married to Robert Hicks when she was 15 years of age. In the early 80's they came to Nebraska, locating in Johnston County, but moved to Webster county in '73 where with the exception of brief periods in Oregon and Texas, she has made her residence since. The husband passed away several years ago. She leaves to mourn her departure two children, Mrs. Elmer Fogg and Mr. Will Hicks and many grandchildren.

In her death we lose another of the old pioneers who endured hardship and suffered privation in the early development of this country. Funeral services were held from the Christian Church Wednesday afternoon, by Rev. Cope, the deceased being a devout member. Interment was made in the city cemetery beside the husband.

The Land of Dolls

The clever dramatization, "The Land of Dolls," presented by the grade school last night, was highly acceptable to all critics.

The High School orchestra furnished the musical accompaniment throughout the play.

Artistic excellence was attained aided by the natural magic of the scene in the soft waning light when the little girls should have been in bed. These girls were Marian Platt and Florence Pope. Their mother called them and announced bed time, but they didn't wish to go to sleep. Instead they kept right on playing with their dolls and wished they could be transported to the Land of Dolls where they could play all the time and never go to bed.

A Fairy, Pauline Munday, waved her wand and gave them their wish.

In this wonderful land every kind of doll was exhibited from the Colonial Dam down to the diminutive Chinese. The little girls seemed enchanted. They interviewed the queen, a French doll, Babette, the French maid was very charming. The clown afforded much fun in finding out that most of repertoire of these wax beauties consisted of just saying "mama." The stately little soldiers refrained from disturbing anyone.

The enchantment is broken when the naughty little girls begin to realize they are hungry and sleepy, and wish they were home once more. The fairy arrives and pilots them home while they sleep. The little doll fairies all in white and wearing glazed wings dance like graceful little nymphs. These are our talented folk dancers from the kindergarten and primary grades.

Oliver Powell is in St. Louis this week.

Rev. C. E. Spore will preach in the Congregational church next Sunday morning at 11 o'clock.

Wants Swimming Pool

Today Dr. Martin, G. R. Beck and Paul Polnick of the American Legion are out visiting the merchants to see what can be done about having a swimming pool near this city this year. We all know that a large number of our citizens every summer go to surrounding towns to enjoy this recreation and we believe we should get together and boost for this proposition as this city needs one.

Evening Worship 7:30 p. m. An Illustrated Sermon by the Pastor. Subject "In His Steps".

First Illustrated Sermon

A large audience attended services at the Baptist church last Sunday evening and listened with great interest to an illustrated lecture given by Rev. Newland. A high grade stereopticon has been installed in the church for the purpose of showing pictures of an educational nature. This was used for the first time last Sunday with great success.

The subject taken was "Rome" which was very appropriate in as much as this city features prominently in the early history of Christianity. The lecture was ably prepared and splendidly delivered. Fifty beautiful colored pictures of places of interest in and around this ancient city were projected on the screen to illustrate facts brought out by the speaker, making the lecture very realistic and of great educational value.

In the District Court of Webster County, Nebraska.

In the Matter of the Application of Alphonse E. Hansen, Administrator, for License to Sell Real Estate.

Now on this 7th day of February 1922, Alphonse E. Hansen, administrator of the estate of Henry G. Hansen, deceased, having presented his petition under oath praying for license to sell the following described real estate of the said Henry G. It is therefore ordered, that all persons interested in said estate appear before me at chambers in the city of Red Cloud, in said county on 20th day of March 1922, at the hour of ten o'clock, A. M. to show cause, if any there be, why a license should not be granted to said administrator to sell so much of the above described real estate of said decedent as shall be necessary to pay said debts and expenses.

It is further ordered that a copy of this order be served upon all persons interested in said estate by causing the same to be published for four successive weeks in the Red Cloud Chief, a newspaper printed and published in said county of Webster.

LEWIS H. BLACKLEDGE,
Judge of District Court

The B. I. L's were splendidly entertained by the P. E. O's last Friday evening. They enjoyed a three course dinner, first thing on the program, at the home of Mr. and Mrs. Ned Grimes. Later they went to Miss Jessie Kellogg's where the scene for "the follies of 1922" was laid. Excitement ran high, for the B. I. L's suspected that most anything might happen to them. At ten tables, the ingenuity of these guests was tested in playing such games as 101, dominos, bodily-winks, crochete, etc. Elaborate prizes in candy, confections and hearts were bestowed upon the most skillful player. The evening of pleasure will long be remembered.
