**Support of Royalty.**

At the installation ceremony of King Feisal of Iraq nothing had been left undone in producing the atmosphere necessary for such an occasion in the country of the Caliphs of Bagdad. The throne—or rather the chair of state—was a masterpiece in scarpel, tinzel and gilt. After the ceremony, which it will be remembered was an open-air affair, the ritual required that the throne should be removed. A stalwart Ethiopian raised it above his head and bore it away past the assembled multitude. The frame beneath the seat was simple deal, and across the boarding was the legend in stencil of a firm that exports Scotch whisky. It shall be nameless, because the most up-to-date advertisement manager could never have hoped for such a display. It was worth a king's ransom and yet it was free and unsolicited.—Manchester Guardian.

**BUT HE GOT DATES MIXED**

And So a Wily, Unscrupulous Russian Bachelor Was Forced to "KILL OFF" His Family.

Necessity has sharpened the wits of the Russians and they discover most ingenious devices to profit at the expense of the government.

A shrewd physician in Petrograd, who was a bachelor with a hearty appetite and a small income, induced the president of the house committee where he resided to give him a certificate saying he was married. In this way he procured a double ration.

Soon his imaginary wife fell ill and he got a milk card on the strength of it. Later a baby came to bless this fictitious union, and he was entitled to additional delicacies as a result. Unfortunately, he got his dates mixed up and announced the arrival of three children inside of six months.

An investigation was started, upon which an epidemic broke out in his family, which carried away, inside of two days, his wife, two daughters and little boy.

It was a dreadful massacre on paper. But it saved the physician, who got off undetected.—J. Kessel in Le Figaro, Paris.

**Story of a Famous Old Timer.**

An esteemed correspondent recalls two little stories of that eminent Ohioan, Gov. David Tod, who, among his other official distinctions, numbered that of minister to Brazil, appointed by President Polk and holding the office five years.

When it was noised about among the future governor's old friends and acquaintances that he had been made minister to Brazil, one of them drawled: "Wal, all I got to say is that Dave'll make a shed of a minister!"

When Minister Tod officially interviewed Don Pedro II in Rio Janeiro, he said to his interpreter: "Tell the emperor that if he will hurry up the carrying out of that request I made him I'll send him a car load of the best Brier Hill coal my people can mine."

As coal wasn't used in Rio, the interpreter collapsed.—Cleveland Plain Dealer.

**Grades for British Apples.**

The British apple growers have recently been devoting considerable attention to the establishment of grades for their product and much progress has been made in this development. The chief reason for the movement is the desire to place on the large British markets an apple grown in England which will compare favorably in price with the best American and Australasian product. It has often been stated in England that the market advantage of the American apple is entirely due to the fact that it is correctly graded and packed.

There is no large supply of British apples which could be closely graded for market. The British growers generally have not paid much attention to market requirements in the selection of their trees nor to the care and cultivation of orchards.

**Starched Cash Like New.**

A Detroit woman had what she styled a "connption fit" recently. She was washing some aprons and forgot that she left some money in the pockets of one. She didn't remember it until she had starched them. "The money was soaked, but when I dried it and ironed it it was pretty stiff and resembled new currency. This caused the grocer to ask me where I'd made them," she said.

**In the District Court of Webster County, Nebraska.**

**In The Matter of the Application of Alphonse E. Hansen, Administrator, for License to Sell Real Estate.**

Now on this 10th day of February 1922, Alphonse E. Hansen, administrator of the estate of Henry G. Hansen, deceased, having presented his petition under oath praying for license to sell the following described real estate of the said Henry G. Hansen, deceased, to-wit: An undivided one-third interest in the South West Quarter of the North East Quarter and the South half of the North West Quarter of Section 16, Town 1, Range 10, in Webster County, Nebraska, subject to the homestead right in said land of Louise Hansen, for the payment of debts allowed against said estate, and allowance and costs of administration, for the reason that there is no personal property in the possession of said Alphonse E. Hansen, administrator, belonging to said real estate to pay said debts, allowances and costs.

It is therefore ordered, that all persons interested in said estate appear before me at chambers in the city of Red Cloud, in said county on 20th day of March 1922, at the hour of ten o'clock, A. M. to show cause, if any there be, why a license should not be granted to said administrator to sell so much of the above described real estate of said decedent as shall be necessary to pay said debts and expenses.

It is further ordered that a copy of this order be served upon all persons interested in said estate by causing the same to be published for four successive weeks in the Red Cloud Chief, a newspaper printed and published in said county of Webster.

LEWIS H. BLACKLEDGE, Judge of District Court
