Holstein Defeated Red Cloud

Sunday afternoon the local ball team went to Holstein where they expected to win another victory from the team at that place but the tables were turned and Holstein won by a score of 10 to 8. In the second inning the Holstein team secured six runs off our boys on account of several errors and hits which gave them a lead that was hard to overcome. Red Cloud secured three runs in the second inning, one in the third, one in the fourth and in the ninth they started a rally which gave them three more. Paul Polnick and Ernest Barrett each secured three base hits. Our team made fourteen hits to Holstein's seven. Next Sunday the Lawrence team will be here.

Band Gives First Concert

The band gave their first open air concert of the season last evening, an event which was greatly appreciated by our citizens and the visitors who were fortunate in being in the city. Selections rendered were of a variety carefully selected to please any ear, or music taste, whether it be for the old favorite pieces that bring back the memories of days gone by, the modern difficult high class music or the syncopated "jazz" so popular with dancers in recent years. All were equally well executed and greatly delighted the large crowd as was evidenced by the loud applause.

Red Cloud has a greater number of capable and experienced musicians than most places with a similar population, which enables us to have a band, organized of local talent, seldom excelled in the larger cities. This is a fact of which we are justly proud.

Murvel Fentress In Jail

Murvel Fentress, who claims Red Cloud, Nebraska as his home, is now making his home in the county jail on the charge of stealing a Ford sedan early last Sunday morning from the garage of Will Amis south of Lebanon. It seems that Fentress was going to Downs in a car, which broke down a few miles north of the Amis place and he started to walk to Downs, but instead when he got to Amis' place he took the sedan from the garage and drove it to Downs. It was tracked Sunday morning, and a trace found of the young fellow answering the description of Fentress and on returning to the car he had left found him there. They held him until Sheriff Agnew could get there. He denied taking the car, but the sheriff started for this city with him on suspicion, and before reaching here confessed driving the car to Downs and where he left it, and where Mr. Amis found his car after being notified by Agnew. Fentress preliminary will be held in Judge Simpson's court next Monday.—Smith Center Journal.

Monday evening the M. W. A. lodge held a special meeting in the Masonic hall at which time a class of twenty five candidates were taken into the lodge. State Deputy Keester of Lincoln was present and had charge of the work. The Blue Hill Foresters team also assisted with the initiation. At the close of lodge the members were served ice cream and cake at Powell's Cafe.

ALL RED CLOUD TAXPAYERS MUST PAY FOR PAVING

Holders of paving bonds issued by the city of Red Cloud won a decision in supreme court Monday, says the State Journal. The city had created several paving districts and followed the usual course of assessing the property benefited. The owners of this property defaulted in the payment of the bonds and the holders sought to hold the city. The lower court said this was not the law. The supreme court overrules this decision. The city sought to refund them as general obligations, but taxpayers enjoined this action.

The supreme court says that where a city of the second class issues its bonds designated as district paving bonds under the law that authorizes such improvements and assesses the cost against property benefited, where the statute contains no provision that such bonds shall be payable only out of the funds realized from such assessment and where neither the bonds nor the ordinance authorizing them contain such declaration and where the bonds purport on their face to be the general obligation of the city, the city is bound for their payment.

In such cases the debt will be regarded as a general obligation of the city and may be refunded as the law provides. Where a statute authorizes a city to pave streets and such statute contains no restriction to the contrary, there arises an implication that such city is authorized to enter into contracts for the performance of the work and to pay for the same by a general tax levy.

The case is regarded as of great importance, as many other second class cities in the state have been doing a lot of paving, without understanding that the city is liable for the payment thereof if the district does not meet the obligation.

RED CLOUD BOYS WIN FROM ALMA

We thank the merchants of Red Cloud for their liberal donations in prizes and the enjoyment it furnished for the boys and also the financial strength it was to the Gun Club.
