## If it's worth printing at all-- it's worth printing well!

Nothing gives a business concern a "Cheap John" appearance as quickly as the use of poorly done printing. A concern is judged by the appearance of their place of business and by the class of correspondence and the kind of advertising matter used. Since the success of any business institution depends upon the impression made upon the public the necessity of using only the very best printing is obvious.

### It costs as much to do a job poorly as to do it right

We are prepared to handle high grade commercial printing of all kinds and enjoy doing work for those who are particular about their printing and want it right.

## Don't Let The Senate Boost Your Clothing Bill

Within a few days the Senate will have taken action upon the Tariff Bill which has already passed the House. It provides a tariff of 33c per pound on the scoured content of wool.

### To Every Man it Means an Increase of at Least \$4.00 on Every Suit of Clothes

or overcoat he buys hereafter. And every woman who buys a wool suit or coat will have to pay a proportionate increase. Every boy's suit will cost more.

Write or Wire Your Senator at Once and tell him to insist on revising the wool tariff in line with public interest.

*We want low clothing prices. So do you. We're doing our best to keep prices down. Help us by writing to your Senator to slice the duty on wool.*
