Groceries and Queensware

If it's worth printing at all-- it's worth printing well!

Nothing gives a business concern a "Cheap John" appearance as quickly as the use of poorly done printing. A concern is judged by the appearance of their place of business and by the class of correspondence and the kind of advertising matter used. Since the success of any business institution depends upon the impression made upon the public the necessity of using only the very best printing is obvious.

It costs as much to do a job poorly as to do it right

We are prepared to handle high grade commercial printing of all kinds and enjoy doing work for those who are particular about their printing and want it right.
