Garfield Community Church

10 a. m., Sunday School. Subject "The Story of Zachens."
11 a. m., Sermon:—"Fact vs. Criticism."
7:30 p. m., Service of Song and Story entitled, "The Pink Rose."

On account of the prevalent illness in the Community affecting over half of the Chorus, "The Pink Rose" service was not rendered last Sunday evening. We are planning to give this service next Sunday evening, hoping that by then all will be able to take their usual places.

The Chorus will meet Saturday evening at the home of Mr. and Mrs. Ira Wagoner for another rehearsal for Sunday evening and to begin on the special music for Easter.

We desire again to call the attention of parents to the great value of regularity of attendance at Sunday School so as to get the very most from the School. It is as important to be regular at Sunday School as to be regular at Day School.

Final Warning, Auto Owners

Up until February 15, I will only remind automobile owners to secure their 1923 License, but after that date there will be no reminders, it will mean a fine. Also remember each car you own calls for a license.

Jack Waller, Sheriff.

To show the weakness of humanity we only have to recite a true story of a young man in this city. It was his birthday, and a large number of the fair sex hearing of the event, determined on surprising the young gent, and accordingly did so; but imagine their chagrin when the bashful young man, seeing so many young ladies, picked up his hat and left, leaving the girls to have a time all by themselves.

In a short time there will be a new firm in Red Cloud.

F. W. Studebaker, living about four miles west of this city, is the happy father of a bouncing baby boy.

More About Ornamental Vines

A splendid use for vines that have a sprawling or creeping habit is to use them as a ground cover at the foreground of shrubbery plantations, says the U. of N. Agricultural College. For seven months in a year these bare patches of ground could be covered with partly evergreen plants of Vinca minor (periwinkle) and Eucyrtus radicans and even the Wichuriana rose could be used for this purpose. Unightly and bare banks and ditches can be concealed and made ornamental by the plants of Lycium chinensis (maturity vines), a very tenacious and persistent grower. Once planted it spreads quickly and is suitable for very dry and hot exposures. Forsythia suspensa, one of the golden bells, makes a good quick cover and likewise the Wichuriana rose.

Inavale Local Gives Smoker

The Smoker of the Farmers Union at Inavale was pulled off amid great clouds of smoke, and with the help of a half bushel of peanuts and a bushel of apples for those that didn't smoke, the evening passed away all too quickly. A fair number of Farmers were present but not what there should have been.

The address of Rev. Simpson on the Progress of the Farmers at Alberta, Canada, was worth coming miles to hear. Mr. Simpson was evidently made rural life a part of his life study from the masterful way in which he handled the subject.

A special invitation was extended the business men of our community, and did any of them show up. Nix. Was the farmers sore because they didn't smoke the Pipe of Peace with them. Not a bit of it. But it was thought that by having a meeting for men only (the business men being women shy) we could get them interested. They perhaps thought they could smoke at home, but the sociability of a smoke with your neighbor is worth while and you missed an opportunity for a good time at our expense.

Well other affairs is going to happen in the future and the latch string is always out to any and everybody that is interested in our social welfare so fall in line. You don't have to join in order to be a good fellow.

A. L. Stoner, Pres.

THE Sarcophagus, or stone coffin, has been used by the more civilized peoples since the days of the early Egyptians. Its successor today is the Norwalk Vault. Luxuriantly carved and painted were the sarcophagi of the Greeks and Romans, but the Norwalk Vault of moulded granite combines quiet dignity with its rugged strength. Sealed by hand, within the grave, it becomes one solid piece of eternally protecting masonry. For every funeral:
