

AT AGE 71, FINDS HOUSEWORK EASY

Mrs. Jennings Says Tanlac Restored Strength After "Flu" Attack and Ended Stomach Trouble.

"I was almost an invalid and Tanlac built me up to a strong, well woman. I consider it my best friend." Is the grateful and characteristic statement of Mrs. Emma Jennings, residing in Clearwater, Cal.

"An attack of the grippe left me completely broken down. My stomach felt sick, my legs and arms so tired and weak I could hardly use them, and I scarcely had energy and strength to dress myself. I just kept getting weaker in spite of all I could do, and as I am seventy-one, I had begun to think my age was against me ever getting well.

"Almost from the day I began taking Tanlac I commenced to feel stronger. So I kept picking up with every bottle until now I can easily do all my housework, for I am feeling fine. I wouldn't be without Tanlac in the house. It is just grand."

Tanlac is for sale by all good druggists. Over 35 million bottles sold.—Advertisement.

SWAMP-ROOT FOR KIDNEY AILMENTS

There is only one medicine that really stands out pre-eminent as a medicine for curable ailments of the kidneys, liver and bladder.

Dr. Kilmer's Swamp-Root stands the highest for the reason that it has proven to be just the remedy needed in thousands upon thousands of distressing cases. Swamp-Root makes friends quickly because its mild and immediate effect is soon realized in most cases. It is a gentle, healing vegetable compound.

Start treatment at once. Sold at all drug stores in bottles of two sizes, medium and large.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Advertisement.

COULD HARDLY DO HER WORK

Lydia E. Pinkham's Vegetable Compound Made Her Eat, Sleep and Feel Better Every Day

Chicago, Ill.—"I was weak and run-down and in such a nervous condition that I could hardly do my work. I was tired all the time, and dizzy, and could not sleep, and had no appetite. I tried different medicines for years, but they did not help me. Then I read in the papers about Lydia E. Pinkham's Vegetable Compound and what it had done for other women and gave it a trial. I began to eat better and could sleep, and consider it a wonderful medicine. I recommend it to my friends and will never be without it."

—Mrs. M. O'Brien, 3640 S. Marshfield Ave., Chicago, Illinois.

It is such letters as these that testify to the value of Lydia E. Pinkham's Vegetable Compound. This woman speaks from the fullness of her heart. She describes as correctly as she can her condition, first the symptoms that bothered her the most, and later the disappearance of those symptoms. It is a sincere expression of gratitude.

For nearly fifty years Lydia E. Pinkham's Vegetable Compound has been so praised by women.

LEGION MEN FOR ATHLETICS

Wisconsin Members Plan Lively Program of Sports for the Remainder of the Winter.

Wisconsin American Legionnaires expect to expand their athletic program this year to include practically every phase of sport. Plans have been started to ward a varied program that will keep the various state posts actively engaged until early July.

Questionnaires have been submitted relative to what branch of sport each post is most actively interested in. These answers are daily pouring in.

Wisconsin will endeavor to stage not only post programs but will conduct state contests open to all posts. State contests in basketball and track are already being planned. The basketball tournament will no doubt be held in March in a city yet to be selected. Trophies have been selected for the basketball tournament.

Charles Byrnes, Wisconsin member, plans lively program of sports for the remainder of the winter.

If plans go through as outlined posts will engage in bowling contests with the results telegraphed to the other contesting team. If interest in this event runs high enough the state will attempt to conduct a state tournament in the spring. At present the posts in Milwaukee have started a six team league.

If sectional tournaments are held in any sport the posts of that particular section will back the movement. However, all state tournaments will be staged and authorized by the state department.

Wisconsin is the home of skiing. Several large jumps are to be found in Chippewa Falls and Iowa. While it is not thought at this time that state tournaments will be held in this sport yet sectional champs may be held by the posts in the sections near the jumps.

Charles Byrnes is the Wisconsin state athletic officer for the Legion.

GOOD FELLOWSHIP IN LEGION

La Societe Des 40 Hommes Et 8 Chevaux to Inject Spirit of Comradeship in Great Organization.

Establishment of a spirit of comradeship and fellowship in the American Legion is the object of La Societe des 40 Hommes et 8 Chevaux, according to Edward J. Elvers of Portland, Ore., chief de chemin de fer (president) of that organization, which is the playground society of the Legion. Elvers is perhaps the one person most responsible for the society's growth.

Edward J. Elvers, responsible for the society's growth.

Born in Portland, Elvers attended the Christian Brothers' college, where he was graduated in 1908. He entered the wholesale business world as a salesman. When the trouble on the Mexican border took place Elvers, who was a private in Company H, Third Oregon Infantry, went with his organization to Texas.

He entered the World war with the same regiment as captain of the machine gun company. Elvers arrived in France in December, 1917, and served with the Forty-first division until he returned to America in February, 1919.

The first temporary chairman of the Oregon department of the Legion, Elvers was made department adjutant by the first convention in 1919, and served until January 1, 1922.

He was elected chief de chemin de fer at the Kansas City convention of the 40 and 8 society, and was re-elected at the recent New Orleans convention. Under Elvers' leadership, the organization, which was in existence before it was recognized by the Legion, showed a gain from a deficit to a profit of \$10,000 one year after he took charge. In appreciation of his efforts the New Orleans convention re-elected Elvers unanimously.

S. G. Irwin, Legion Man, Former Army Flyer, is an Expert in Aerial Acrobatics.

The thrills of war-time aviation were not enough for S. G. Irwin, former World war flyer and member of the American Legion.

S. G. Irwin.

With the return to peace, Irwin stayed in the flying game and became a specialist in stunt flying and in aerial acrobatics. One of his favorite antics is when he "stalls" or "puncakes" his machine over the business districts of large cities.

An extreme nicety of touch is required in this operation since the motor is cut off and the plane is allowed to settle slowly toward the earth. The slightest error in judgment usually results in a crash. In flying speed means safety.

Irwin thrilled his former comrades at the American Legion national convention in New Orleans with his aerial feats over the downtown district.

Missed it.

"A Wells county man had a wireless telephone outfit," said an Indianapolis newspaper man the other day, "and was listening to a program of music. Then came announcement that the next selection would be 'Three o'clock in the Morning.' The man closed the machine, set his alarm clock for 3 a. m., and retired."

KANSAS PLAN TO GET DUES

Conversational Sketch Is Used to Induce Auxiliary Members to Keep Their Credit Clear.

The Kansas department of the American Legion Auxiliary has issued a bulletin to each unit in the state containing a clever little conversational sketch, illustrating the importance of keeping one's credit clear with the auxiliary. The heroine of the sketch is Mrs. "Ina Member," who in conversation with her friend, Mrs. "De Linquent," endeavors to bring home the advisability of paying dues in the auxiliary for 1923.

"Mrs. 'Ina Member': I'm so proud of my new auxiliary membership card; you will notice that it bears the date, 1923. I always pay my dues a little in advance of the new year, in order to keep up with the times. This little card means much to me. It commemorates the gallant service of four millions of valiant young Americans in the great war; it breathes the spirit of true democracy; it speaks to me of service for those who jeopardized their lives, that I might remain at home in peace and safety. In short, I believe in the doctrine of legionism."

"Mrs. 'De Linquent': You are quite right. I am beginning to see, in a new light, the great opportunities for service that are open to me through my membership in the American Legion Auxiliary. Instead of paying up my membership fees promptly at the beginning of this year, I waited until the middle of the summer. But this shall not happen again. How can I get a membership card for 1923, right away?"

"Mrs. 'Ina Member': Consult Miss 'Do It,' the unit secretary, immediately; you will be asked to pay 75 cents department and national dues, plus the amount of local dues determined by the unit. Upon receipt of dues at the department office in Topeka, you will be issued a 1923 card. And do you know, they say that two Legion posts in the state have already remitted to the Topeka office for their entire membership. So you see, if we are going to 'keep step' with the boys, we must get busy."

"Mrs. 'De Linquent': How very simple. You know I have a family of seven sisters and they are all in arrears with their dues. I shall use my influence to the utmost to see that we are graduated from the 'delinquent' class before the next auxiliary meeting."

TO MEMORY OF ALL SOLDIERS

Construction Soon to Be Started on Splendid Memorial in City Park at Pocatello, Idaho.

Work is progressing rapidly and construction will be started in early spring on a memorial in Pocatello, Idaho, for all soldiers and sailors of all wars, according to Ivan Gasser, commander of Pocatello Post No. 4 of the American Legion, which has charge of the project.

The memorial to be erected in Pocatello will be in keeping with the greatness of the contributions of the city and Bannock county in the World war. The site has been donated by the city in the park, overlooking the Portneuf river.

"No nation is greater than its memories," was the keynote of a stirring address delivered at the recent meeting by the post chaplain, Rev. Harry S. Hamilton.

Bishop Leonard of San Francisco was condemning cant.

"Cant is a curse," he said. "Yet we are all canters more or less."

"It says here," said a housewife, looking up from her evening paper that James Adlerly Anderson declared last night in an address that poverty is a blessing, the poor are to be envied, and wealth is accursed."

"Gee," said her husband, rather enviously, "I didn't know old Anderson was as rich as that."
