The Chorus meets Saturday evening in the home of Mr. and Mrs. George Drake for work on the Easter Anthems. A full attendance of the church is desired.

Special services have been prepared for both morning and evening of Easter Day. Plan your Easter in advance so as to be present at both services.

The public discussion topic for Sunday evening will be of no little interest. A study of the conditions and needs of our Community will be made so as to more intelligently work for advancement along all lines.

The evening Sermon will be a brief history of the Community movement and will answer the question, "What is a Community Church?"

One hundred emigrant cars, loaded with all classes of emigrant goods, have passed westward in the last ten days. Between eight and ten have unloaded in Red Cloud, and we believe with the proper "get up" of our real estate agents, many more could be induced to stop here. Our real estate men ought to be embued with a spirit of advertising their goods far and wide, that those who desire to come west might know that Webster is the best county in the state.

County School Notes

By County Superintendent.

Dr. Dillon of the State Board of Health is calling for such reports as required by law to be sent in the first month of school. The law requires some provision be made for examining the physical condition of the children. This is supposed to be made by teacher unless the community desires something better and is willing to pay for it. The teacher, even if inexperienced can locate any trouble that is very bad and the doctor does the advising when the trouble is found.

Mrs. Emily Hornberger of the Bureau of Child Welfare sent out two sheets for gathering data for the state from the teachers. Up to date only the following have been kind enough to bother about it: K-3 6-8-9 10-15 16-18 22-23 26-33-45-47-49-51-52-55-61-75-77.

Of course the teachers are overdone with reports but all of them seem necessary and after all they do not take such an excessive amount of time. I am sending to Mrs. Hornberger for more reports so that any who have lost or misplaced theirs can get others.
S. Ducker.

Don't Fill It.

A hot-water bottle should never be really filled. If it is to be put in a bed to warm it have it only about three-quarters full.

Bless the Child.

Why Keep Advertising?

When business is slack why Advertise? Did you ever notice that it takes time and persistence to accomplish anything worth while? You can't advertise today and expect to find your store crowded tomorrow, unless you have through constant advertising educated the public to read your ads.

The majority of people are slow to act. You have to tell them the same thing over and over again before they will heed your message.

Advertise now for the business you hope to do next month—it is the cumulative effect that brings results.

THE Sarcophagus, or stone coffin, has been used by the more civilized peoples since the days of the early Egyptians. Its successor today is the Norwalk Vault. Luxuriantly carved and painted were the sarcophagi of the Greeks and Romans, but the Norwalk Vault of moulded granite combines quiet dignity with its rugged strength. Sealed by hand, within the grave, it becomes one solid piece of eternally protecting masonry. For every funeral:
