Has Anyone Laughed At You Because —

BY THEL R. PEYSER

You are dissatisfied? "Nothing suits you" has been said at you. "Will you ever be content?" has been hurled at you, hasn't it? At any rate you are not one to stick in a rut. You are casting about for the future, you want something better. These laughers will be right though, unless your dissatisfaction takes its shape in action rather than in growlings.

SO
Your Get-away Here Is:
To believe that actions speak louder than growling—and get up and move heaven and earth to alter what you hate to endure.

Report of Legislative Committee
Report of Delegate Cowley, to Omaha Convention.

This program was given by the Highland Farmers' Union Local last Friday night, the 26th. The writer of this article was one of the visitors and to say that we were entertained, is no name for it, we were enraptured and enthralled by the spontaneous cleverness of every one present to make one feel at home. The applause they gave the different numbers on the program was enough to make one think that it was indeed a grand success. The recitations were of the highest order and were well delivered and the song, "Fishing," oh, boy! that male quartet has a future.

Facing the facts, that our local union programs have been fewer in number and less interest shown, it was a real treat to meet with a real live local once more, and from the interest shown by the young people of the community, they need have no fear of the social life of the Farmers Union in that vicinity.

In the tax problem taken up that evening, let me quote Representative Henry F. Rainey of Illinois, who in an address to the farmers said that the Federal Taxes have increased from forty-six cent per capita to \$30.00 in the last sixty-five years. Estimating that the National Budget will continue at approximately \$3,000,000,000 (and indications are that this amount of Federal Taxation will increase rather than decrease.)

Space forbids that we take more of our editor's type, but let it be said that all the bright lights do not shine in Washington, D. C.—that Nebraska has its share right here at home and Webster county is doing her bit to make the world brighter and we live with "Cousin" that "day by day" in every way, the world is growing better and better.

A good report of the State Convention was given by Charles Cowley, a delegate to the State Convention and his opinion is that our state conventions are growing better and better. In fact, this convention was called "The best ever" convention.

You will have noticed that I have used the word "convention" six times in the last few sentences. This is to remind other delegates that we would like to hear from them.

Give us your views and opinions of how we can better our convention, both state and county and the officers of these organizations will do all they can to make this "the farmers' jubilee year" of 1923.

RURAL CARRIER EXAMINATION
The United States Civil Service Commission has announced an examination to be held at Red Cloud, Nebraska, on March 10, 1923, to fill the position of rural carrier at Red Cloud and vacancies that may occur on rural routes from that post office. The salary of a rural carrier on a standard daily wagon route of 24 miles is \$1,800 per annum, with an additional \$30 per mile per annum for each mile or major fraction thereof in excess of 24 miles. The salary on motor routes ranges from \$2,450 to \$2,600 per annum, according to length. Separate examinations for motor routes and wagon routes are no longer held. Appointments to both positions will be made from the same register. The examination will be open only to citizens who are actually domiciled in the territory of the post office where the vacancy exists and who meet the other requirements set forth in Form 1977. Both men and women, if qualified, may enter this examination, but appointing officers have the legal right to specify the sex desired in requesting certification of eligibles.

Women will not be considered for rural carrier appointment unless they are the widows of U. S. soldiers, sailors, or marines, or the wives of U. S. soldiers, sailors, or marines who are physically disqualified for examination by reason of injuries received in the line of military duty. Form 1977 and application blanks may be obtained from the offices mentioned above or from the United States Civil Service Commission at Washington, D. C. Applications should be forwarded to the Commission at Washington, D. C., at the earliest practicable date.
