

## WOMAN SO ILL COULD NOT STAND

Says Lydia E. Pinkham's Vegetable Compound Made Her Well and Strong

Glens Falls, N. Y.—"For over two months I was so sick I was not able to stand on my feet, and my husband did my housework. The doctor said an operation might be necessary. I read testimonial letters about Lydia E. Pinkham's Vegetable Compound and began to take it. Before I had finished taking the first bottle I saw what good it was doing me. I am now well and strong, doing all my work for a family of four, all my washing and my sewing, which I think is remarkable, as I had not dared to run my sewing machine, but had done all my sewing by hand. I truly feel that were it not for your medicine I would not be here today as my case seemed very serious."—Mrs. GEORGE W. BURCHELL, Glens Falls, N. Y.

## How the Fires Start.

In the forests of the Rockies the evergreens stand some distance apart so that their tops do not touch, says the "School Book of Forestry" of the American Tree association. As a result, these western forests do not shade the ground as well as those in the East. This causes the soils of these forests to be much drier, and also increases the danger from fire.

## Hard to Determine Turtle's Age.

The bureau of fisheries says there is no sure way in which to determine the age of a hardshell turtle. In most instances the plates are examined closely with a microscope, and on these plates there can be noticed scale expansion. This scale expands as the turtle grows, leaving a ring of growth. These rings are counted the same as those of a tree.

## Why Farmers are Turning to

for Economical Transportation

In 1922 Chevrolet jumped from seventh to second place in sales of all cars, and to first place in sales of fully equipped modern cars.

Purchases by farmers were the chief factor in this remarkable development.

Farmers want automobiles not only of low first price, but also of low later cost for operation and maintenance.

They want room, comfort, and the ability to stand up under hard conditions.

They find that Chevrolet, fully equipped as sold, is the best value per dollar in the low-priced field, and neighbors tell them it costs less per mile to operate.
