WE ASK YOU TO COME AND LET US SHOW YOU THESE
 GOODS WHETHER YOU ARE READY TO BUY OR NOT

W. G. Hamilton Clo. Co.

New Oil Co. Organized

Several of our local citizens who have great faith in the big oil in the territory surrounding this city have organized the Nebraska-Kansas Oil and Gas Development Co. They are now in the field writing leases and will not go into the territory north of town. There will be no stock sold but the farmers who lease their farms will be given shares in the company for their lease. As soon as the necessary amount of acreage is secured a well will be drilled. Here's hoping they put down a producer.

**Undertaking Parlor
Changes Hands**

Monday a deal was completed whereby Mrs. Mildred Amack sold the Amack Undertaking Parlors to her brother-in-law, I. T. Amack and Eric Steiner. The new firm will be known as the I. T. Amack Undertaking Company and they are now ready to render courteous and efficient service to all calls. Mr. Amack is a licensed Embalmer and Funeral Director, having had considerable experience in his chosen profession and needs no introduction to the people of this community.

Mr. Steiner will take a course in embalming under the tutelage of his partner and he will operate the new house which the firm also takes over.

Mrs. Amack has made no plans for the future but her large circle of friends hope she will continue to reside here.

**Red Cloud Booster
Club Organized**

A good representation of the business men and women of this city met at the Besse auditorium, Monday evening, for the purpose of organizing a club in keeping with their needs and that of the community.

The meeting was called to order by F. W. Cowden who was elected temporary chairman and later President of the permanent organization. Floyd Turnure was likewise elected Secretary and Treasurer of the permanent organization and C. J. Platt Vice President.

Messrs. W. A. Sherwood, W. D. Edson and Bert Morhart were appointed a committee to draft the constitution and by-laws.

The officers were appointed a committee to arrange for placing the signs on the roads running into this city and each merchant to furnish one man to assist in putting up the signs.

The organization is to be known as the Red Cloud Booster Club. They will not have any club rooms as this organization is to boost for more business and objects that will help the community. Everyone there was heartily in favor of giving a car away, the same method that was used in 1916.

Messrs. Lun, Weesner and Gellatly were appointed a committee on advertising and they to prepare some effective plans for the consideration of the Club which will meet again Friday evening at the Auditorium.

This organization is starting out on the right track and no doubt will prove in time to be just what is needed for the usefulness of this community.

To The Patrons of Route 4

Having been transferred from this route to route 2 and will take charge of the same Monday, April 2nd, I take this method of thanking all the patrons for the favors they have tendered me in the past. Hoping that you will give the new carrier, Elton Pope, the same courtesy you have shown me.

Porter Hale.

J. W. Auld, Inadore Johnson and Earl Hall autoed to Hastings Monday afternoon and visited with D. C. Henderson, who recently underwent an operation at Chicago, and is visiting his sister at Hastings.

Two Tickets Nominated

Friday evening the voters of the Citizens ticket met at the court house pursuant to a call issued by Chairman A. D. Ranney who was re-elected as Chairman and A. B. McArthur, Secretary. There were not many voters present and the following ticket was nominated.

Members of School Board—R. P. Weesner and Anril Crabill.
 Councilman First Ward—Henrietta Hummel.

Councilman Second Ward—Bert Ducker.

F. W. Cowden and J. C. Mitchell were appointed a committee to fill vacancies. Bert Ducker declined the nomination of Councilman and these gentlemen were unable to find a man to run against Grant Christy.

Saturday afternoon another caucus was called and convened at the Royal Hotel sample rooms at which meeting Roy Oatman presided and W. B. Smith was Secretary. They launched another party called the Peoples ticket and placed in nomination the following:

Councilman First Ward—George Harris.

Councilman Second Ward—Grant Christy.

Members of School Board—E. J. Overing and Bert Morhart.

**FIRE MARSHAL COMMENTS
ON OUR EQUIPMENT**

The following letter is self explanatory and further than to add that if the proposed bond issue carries, according to local Fire Chief J. O. Butler, a request will be made to the Council to include the maintenance of the fire truck and equipment in the marshal's duties, we give the same publicity in order that it may assist you in arriving at a just decision:

Lincoln, Nebraska,
 March 27, 1923

To Red Cloud Chief,
 Red Cloud, Nebraska.

The following rules from the Division of Fire Prevention in the interest of cooperation and efficiency in equipment and would suggest that, after talking with my Deputy, Mr. Butcher, who has just returned from the investigation of the school house fire in your city, that we recommend further equipment in your city. Such as the purchase of a truck together with a pump combination and body sufficient to carry one thousand feet of hose, also two forty gallon chemical tanks with forty gallon capacity each, and two hundred feet of chemical hose.

Would also call your attention to the fact that our records show that at least seventy-five per cent of the fires over the state are extinguished by the use of chemicals and that the salvage is much greater than where water has been used. With this kind of equipment, it will render your department capable of taking care of fires that might occur in the remote parts of your city and even outside the water district. And off times it has been the means of saving large farm properties by responding to country calls two and three and as high as ten miles distance in the country.

In my opinion, no money is more conservatively spent than in the purchase of good and efficient fire equipment, for who do we call in the time of fire? This is always a call of necessity. So let us endeavor to equip our boys, who are volunteering their services in our behalf, with equipment sufficient to cope with any fire which might occur in our midst.

Trusting that this may call to the attention of each citizen the necessity for the saving of lives and the preservation of property and that we may have their cooperation in giving the fire boys the necessary equipment with which to carry on their noble work.

Respectfully submitted,
 C. E. HARTFORD
 State Fire Marshal

Floyd Stone Hurt in Runaway

Floyd Stone, residing near the Mt. Hope church, had a runaway Saturday noon at which time the buggy was turned over and his right limb was broken. He was brought to Dr. Martin's office where the injured limb was set and he is getting along nicely.
