DNE-QUARTER MILLION IDLE

Director National Americanism Commission of Legion Cites Condition in United States.

More than a quarter of a million workmen are unemployed in the United States, according to a recent

survey conducted by Garland W. Powell, director of the national Amerteanism commission of the American Legion.

Mr. Powell states that his unemployment figures were based on questionnaires addressed to all state chambers of com-

merce and to state officials of Legion. "The results of this census directly refutes many arguments in favor of lowering the bars against aften immicration this year," said Powell, "There is an organized movement afoot among certain employing interests to repeal the present 3 per cent act for limiting immigration, on the plea of a scarcity of labor. The American Legion wants to bring the true condition of affairs before the country. We are not alarmists, but we do not feel that the true business interests of the country will be forwarded by bringing In all the cheap foreign labor that Europe can supply. We want to see American industries manned by Amer-

ican labor at a living wage." Powell declared that he could bring forward statistics to prove that in the coal industry alone, three miners were struggling to make a living on work enough for just two.

"The American Legion is pro-Amer-Ican," said Powell. "We are absolutely neutral in economic disputes, because our membership is made up from all sorts of occupations, employers and laborers alike. But we feel it our duty to warn the American people, that the population of this country is already one-third foreign by birth or extraction. Unrestricted immigration would Europeanize this country in five years more. That is a condition we do not desire."

SUES FOR WAR CHEST FUNDS

mander of Ohio Legion Depart ment Seeks to Gain Control of Contributions.

War chest funds collected for servce men of the World war belong to the American Legion since it is the

one all-inclusive veterans' organization, according to Gilbert R. Bettman of Cincinnati, commander of the Ohio department of the American Legion,

Acting on this belief, Mr. Bettman has instigated civil suits in an endeavor to

G. R. Bettman. -obtain a court ruling granting the residue of war chest funds to the Le-

His most remarkable victory was the recent ruling of the Ohio Court of Appeals, awarding a fund of \$115,000, collected during the war to supply comforts for the men of the Eightythird division, to the Legion.

The court ruled that the Legion is the one representative organization of veterans of the World war and that comforts belonging to the men who served should come properly to them in their present organization. "As the G. A. R. is to the Civil war, so the American Legion is and will be the outstanding military organization representing the ex-soldiers of the World war," the opinion of the court stated.

Mr. Bettman has started a membership campaign in Ohio with a goal of 60,000 Legionnaires. Ohio posts will have exceptional inducements to beat the bushes for new members, since the war chest fund awarded by the Court of Appeals will be distributed among the posts on a basis of membership

on July 1. The Ohlo Legion head was a warm personal friend of the late F. W. Galbraith, Jr., and is chairman of a Legion committee which will erect a \$25,000 memorial to the former Legion leader on a cliff overlooking the Ohio river near Cincinnati.

Legion Chair to Be Endowed.

An American Legion chair of Amercan history and patriotism is to be endowed at Pacific university, Forest Grove, Ore., for which purpose \$50,000 now is being raised. Since the close of the war. Pacific university has been granting ex-service men free tuition as an inducement to acquire a college education. To aid its program, the Legion chair of patriotism was launched "to the end that the ideas and ideal of our forefathers may still abide; to the end that the heroic service and sacrifices of the Legion men be perpetuated in the lives of those who will enter the doors of Pacific university."

PLAN RELIEF FOR DISABLED

American Legion Asks for Sixteen Changes in the War Rick Insurance Law.

Substantial relief will be given by congress to disabled veterans of the World war, should amendments to the war risk insurance

net, requested by Joe Sparks, chairman of the national rehabilitation committee of the American Legion, be enacted into law The Legion asks

for 16 changes in

the law, in order that veterans disabled as a result of their war service, not now receiving relief from the government, may be

cared for by law. Amendments to the war risk insurance act requested by the Legion at a recent hearing follow:

1. That if the insurance of a neuro-psychiatric patient of the veterans' bureau has lapsed and he has not had a guardian appointed by court, that the director of the United States veterans' bureau be directed to reinstate his insurance and

2. To prevent the examiners of the veterans' bureau from using their judgment as to whether a man's disability is of service crisin when this disability was not noted at the time of his enrollment for service.

3. The word "pulmonary" be stricken from the law so that service men suffering from tuberculosis of the glands or bone may become compensable.

4. That the period of separation from active service during which an ex-service man would be considered to have contracted tuberculosis automatically from service be extended to five years from the present period of two years following dis-

5. That the provision limiting to two years a man's automatic service connec-tion when suffering from a neuro-psychiatric disease, be automatically extended to

6. That burial expenses of \$100 be amended to provide for \$200, transportation of the body and burial, and that this be extended to claimants of the bureau who die in institutions under the jurisdiction of the bureau, although they have not been declared compensable.

7. That where a disabled veteran has been an inmate of a hospial or asylum during a continual period of one year or more or where such person has been rated as totally disabled or totally and temporarily disabled for a continual period of one year or more, he shall be rated as totally and permanently disabled. 8. Providing that the total permanent disability rating clause be amended to in-clude the loss of the hearing of both ears as permanent and total disability,

That in no case shall the compensation of a disabled person be reduced un-less a physical examination has been made since the last rating, nor until he shall have been given at least three months' notice mailed to his last address of the bureau's intention to make a re-10. To extend the period from one year

after discharge or from August 9, 1922, to August 9, 1926, for obtaining certificates of 11. To make certificates of disability ir-

12. That the date by which government term insurance must be converted to insurance carrying a reserve shall be extended from 1926 to 1931. 13. That an applicant for reinstatement

who suffers from a disability of service origin, and who is indigent may reinstate his government insurance and have the lapsed premiums charged against the face of his policy,
14. To make permanent total disability

payable to veterans whose insurance has lapsed, where compensation in excess of emiums was due 15. To make insurance payable to beneficiarles, where a permanent total dis-

abled veteran was denied reinstatement because of his condition, and has since

16. To provide that the veterans' bureau shall furnish all patients on discharge from hospital, a statement of the medical finding as to the condition of such pa-
