GRACE EPISCOPAL
The Church School meets every Sunday morning at 10 o'clock. Morning Prayer and Sermon every Sunday morning at 11 o'clock. During the summer months we will have no evening services. We also will have a celebration of the Holy Communion on the first Sunday of every month at 11 o'clock. We are very anxious to have the members make a special effort to attend these services. A cordial welcome is extended to all who desire to worship with us.
Rev. Basil S. Daugherty.

Sunday at the Garfield Church
Sunday was a big day at the Garfield Church. The Children's Day Committee had prepared a program of music, exercises, recitations that was pleasing to all of the large audience present. The committee and all who took part are to be congratulated on their work. The evening Vacation Bible School exhibit was of special interest, being the first to be held in the community and representing the hand work of the thirty-five pupils in attendance at the school during the preceding two weeks.

The Vacation Thrill of a Lifetime
Glacier National Park
The Low Cost of the Trip Will Surprise You
Up there in the Northern Rockies there are fifteen hundred square miles of breathing room—leafing space; great forests, sparkling streams, filmy waterfalls, exquisite mountain lakes, slow-moving glaciers, cloud-swept mountain peaks and myriads of many-hued wild flowers.

Go this summer and refresh your soul! To breathe the breezes, quickened by the glaciers, flavored by the mountains and streams and perfumed by the pines and flowers is an experience you never will forget. Where mountain sheep pose on the edge of space you will find mammoth rustic inns. Where the Blackfoot Indians pitch their teepees among the pointed peaks you'll find cozy Alpine chalets.

If you are a fisherman, there are trout to battle with. If you are a hiker, there are sky-line trails to follow. If you love to ride, mountain ponies will carry you along the Continental Divide, the Backbone of this Continent. If you like to row, there are waters to explore. If you prefer to camp, there are scores of ideal spots on the shores of glistening lakes. The chalets (little hotel villages in the mountains) are delightful tarrying places. More elaborate accommodations are provided at the inns.

The whole service scheme in Glacier blends completely with the dictates of your fancy. Better go this summer. 'Twill do you a world of good!

Durlington service takes you direct. You can continue on to the Pacific Northwest and return via Yellowstone and Colorado if you wish.

As this is National Travel West year, I suggest that you make reservations early and avoid the possibility of reservations.

BIBLE SCHOOL CLOSSES A SUCCESSFUL TERM

That a Vacation Bible School can be success fully conducted in the open country has been fully proven by the school that has just closed in Garfield.

For two weeks beginning with June 4 the school was in session daily, except for two days when the heavy rains and mud made the roads impassable so that the cars could not bring the children with safety. From the first the interest was keen. The school closed with an enrollment of thirty-five with an average attendance well above twenty-five. The children came from twenty-three different homes and were brought each day in cars from the different sections of the community driven by the parents of the children who took turns about in bringing the children and by the workers in the school.

The exhibit and program Sunday evening was made up of selected parts that had been memorized during the session. The Bible and Mission stories were interestingly told by the children and were as interestingly listened to by the parents and friends who heard them. The note books that the pupils with the help of the teachers made were very pretty and made a most attractive display. The hand work consisted of brownie sock dolls by the Primaries and Juniors, some few articles of wood work by the primaries, raffia baskets by the Intermediates and Seniors. Worthy of special mention is the model of an India house and India village made from modeling clay by Miss Blanche McCartney with her class of Juniors assisted by the Primaries.

CHRISTIAN

"And there was very great gladness. Also day by day, from the first day unto the last day, he (Ezra) read in the book of the law of God. And they kept the feast seven days; and on the eighth day was a solemn assembly, according unto the ordinance."

We are all rejoicing in the splendid attendance of the Bible School. Next Sunday we will have both morning and evening services regular.
Last Sunday morning, Miss Virginia Caldwell, Mrs. Risa Cox and Mrs. C. G. Nelson gave reports from the State Sunday School convention. There was very much of real inspiration and many helpful suggestions given at the convention. Two very fine things about the convention were the splendid response of the city of Kearney and the large number of men in attendance.
Sunday evening, the Sunday School gave their Children's Day program. It was inspiring and that-provoking thru out. At its close three of the Sunday School girls united with the church.

An Enterprise that Merits Your Support

Notwithstanding the amount of shipping that is now lying idle in the harbors and at the docks of the United States, ocean travelers are still obliged to pay high rate for trans-Atlantic travel, and an unparalleled opportunity to build up the American Merchant Marine is being lost. Recognizing this fact, and realizing that the time was opportune for an undertaking of this nature, the organizers of the Great Northern S. S. Co formed their Corporation, which received its charter from the State of Massachusetts, October 11, 1922.

They visualized a new ocean steamship line, plying between Boston and European ports, which would offer to these same people a chance for ocean travel on comfortable commodious ships, at a price within the reach of all, but large enough to allow a profit for the investor and a sufficient margin to allow for the carrying on and enlarging of the enterprise.

This was their threefold purpose—to render a genuine service to the people,—to help build up American shipping,—and to bring business and trade to the port of Boston.

In spite of the failure of the Ship Subsidy Bill, in spite of the opposition which each new competitor in an established field encounters, this Company is bringing its plans to maturity and expects that very soon it will be able to offer definite sailing dates to the public.

This, surely is an enterprise that merits your support.
