Deep Rock Oil Co. To Erect Station

The Deep Rock Oil Co., who purchased the L. M. Crabill lots on East Fourth avenue sometime ago, commenced excavating this week preparatory to the erection of an oil station thereon. The building is to be 14x20 and will be built of brick and tile and stuccoed. Besides the office for the local manager, Frank Berg, it will contain rest rooms for ladies and gentlemen. Chas. Brubaker is the contractor in charge and he states that the station will be a credit to this city.

Webster Co. Fair Opens

The Webster County Fair opened yesterday with a small crowd in attendance. The races were good and a large amount of farm products are on display but the live stock exhibit is very small. Owing to the fact that some of the live stock exhibitors from here did not receive their premium money last year they are not showing there this year.

Died at Hastings

Miss Genevieve M. Watson, who came here a few weeks ago from Montana, and was in charge of the office for the U. S. Drilling Co., passed away Saturday evening at Hastings after undergoing an operation. During her short residence here she made many friends and was known as the little geologist of the west as she had considerable experience in oil wells.
