In three hours you can have just the pretiest curis and waves! And they remain a long time, when liquid silmerine is used before doing up the hair. When the hair is combed out it will be nice and fuffy. Silmerine is perfectly harmless of course, and is easily applied with a clean tooth brush. It can be obtained at drug stores and at toilet counters generally. Silmerine is time for the outdoor girl, as it prevents the hair from stringing about the face and neck, even when the day is quite warm or windy. A boon to the bobbed hair girl!
