Army of 125,000 **Enlisted Men** Is Agreed Upon

Senate and House Conferees Reach Decision-Two Sections Are Still to Be Determined.

Washington, June 18.-House and senate conferees on the army appropriation bill reached a compromise late today on an army of 125,000 enlisted men for the next 12 months. This represents a reduction of 8,000 from the senate figure and an increase of 10,000 over the size of the fixed, by the house.

house delegation refused to accept the senate provision fixing a maximum authorization of an army of 140,000 enlisted men as well as the item appropriating pay for 133,000 as passed by the senate. They were said to have stood solidly against any provision which would have permitted a personnel of more than 125,000. War Department representatives declared repeatedly in hearings on the bill that to reduce the present authorized strength of 150,000 was to go below the line of

Decision as to the conference report on the enlisted strength leaves only two important sections of the annual supply bill yet to be consider-ed, exclusive of the Muscle Shoals amendment appropriating \$7,500,000 federal power project in the Ten-nessee river. It already has been agreed by the conference committees that that question should be submitted direct to the house because of the controversial character of the subject involved. Chairman Wadsworth of the senate military committee, said that only the items dealing with the officer strength and the National guard provisions remain to

It was expected that a reduction from the number of officers fixed by the senate would follow the com romise as to enlisted personnel. The house fixed a maximum of 11,000 as the number of officers, while the senate amendment put the officer strength at an average of 12,530 for

the coming year.

The spirit of compromise apparently prevailed throughout the committee's conference, which according to some of the members, shaved amounts off of many of the less important senate amendments. Few of them were rejected entirely, it was reported, and an equally small num-ber accepted without change.

Portuguese Aviators Welcomed to Brazil

Rio de Janeiro, June 18.-Captains Sacadura and Coutinho of the Portuguese navy; completed the last lap of their great transatlantic flight when they arrived here today from Victoria. The aviators were met and escorted to the city by Brazilian army and navy aviators. The entire city turned out to welcome the Portuguese officers, the water from the line lined with thouse the control of the city turned out to welcome the posture from the line lined with thouse the control of the city by the city of the city by the city of the city water front being lined with thou sands of spectators who watched the craft alight on the bay.

by B. M. Jewell, president of the railway employes' department of the federation, meeting after the convention adjournment, decided to The city is decorated with Portuguese and Brazilian flags, and numerous banquets and receptions are planned in honor of the airmen. Portuguese societies throughout Brazil have raised money to be spent in entertaining their compa-

Promises to Support Baby Blood Test Shows Is His

Los Angeles, June 18.—A blood test convinced Everett Campbell that he is the father of a 10-months-old girl, whom he was charged with failing to support. After Dr. C. L. Thudicum had told the court that a test of the defendant's blood showed him to be the infant's father, Campbell said he would accept full re-sponsibility and asked probation so that he might earn a living for his
