

Market, Financial and Industrial News of the Day

Omaha Grain

Foreign markets were further today and our market followed their lead with sharply higher prices in the early season, oats being particularly strong. The crop of that cereal is at the critical stage and the hot weather at this time might do considerable damage. Some rains were reported in the northwestern region, but the forecast from Washington says conditions will be somewhat unsettled tonight, but does not look for a break in the drought for several days. The seaboard reports some inquiry for corn and oats, but very little demand for wheat. The Greek buying order for wheat has been indefinitely postponed. Total receipts at Omaha were 96 cars as compared with 112 cars last year. Shippers aggregated 101 cars against 116 cars a year ago. Cash wheat in the local market was in fair demand at prices 1 1/2 to 2 cents higher than yesterday. There was an active demand for corn and oats. Corn being quoted 1-4 to 1-2 cent up and oats were 3-4 to 1 cent higher. Rye was 1 cent higher and barley nominally 1 cent up.

Chicago Grain

Chicago, June 23.—A further increase in outside speculative interest in the grain markets carried them to a new high on the present uptrend and December corn and oats to the best figures on the crop. Prices have been on the upgrade since last Friday and heavy profit taking caused a good reaction on the top with the finish at net gains of 1/4 to 1/2 on wheat, 1/4 to 1/2 on corn, 1c on oats and 1/2 on rye. With the exception of an advance of 2 @ 2 1/2 in Liverpool and dry weather reports from southeastern South Dakota where it has been droughty 21 seasons, the market was quiet. Reports of disappointing threshing returns from the southwest and of deterioration in Nebraska came forward from the west part of the state of 14 1/2 to 15 1/2 over the previous days finish came from short covering of wheat and rye. Export Demand Better. Report demand was slightly better, with an increase in the wheat market. A nearby shipment to the United Kingdom, French import needs are estimated at 1,000,000 bushels in the July and August months. The market was quiet for several days. Receipts 14 cars. Financial

The New York Times. By ALEXANDER DANA NOYES. Omaha Bee Leased Wire. New York, June 23.—On the stock exchange the only striking incident of today's market was the decline of 7 1/2 points in Mexican Petroleum stock, making a loss of 10 points out of the 52 1/2-point advance which this price had scored between Thursday of last week and today. This reaction was commonly ascribed to knowledge that the stock exchange authorities were examining officially into the character of the recent trading in Mexican Petroleum and into the present location of the stock. This knowledge, no doubt, suggested to some minds the chance that the disciplinary action, as applied in the Stutz Motor corner two years ago, might be repeated. Of anything like that, however, there seemed today to be no indication whatever.

New York Bonds

(The Bee is the only Omaha newspaper which publishes the official close of the New York Stock exchange bonds.) New York, June 23.—Gains again prevailed in the bond market today, but change was small. Liberty fourth 4 1/2s advanced 1/8 to 107 1/2, and Liberty fourth 5 1/2s advanced 1/8 to 107 1/2. Other domestic government bonds were firm to strong. Cuba 6 1/2s of 1924 rose 1 point and French municipals advanced slightly to 107 1/2. The market was quiet for several days. Receipts 14 cars.
