

**Druggist Held on Alcohol Charge**

Gibbon, Neb., June 23—(Special Telegram)—An oversupply of alcohol in patent medicines being sold lately led to the arrest of George Smith, druggist of Shelton, who has

been taken to Kearney for hearing. Deputy State Sheriff Hedge of Lincoln, with Sheriff Funk and Deputy Farr of Buffalo county, have rounded up a still made of copper being operated by Virgil Robinson and Matt Sands 12 miles northeast of Shelton. Two barrels of mash and a large lot of hooch were found on the premises.

**Doctor Loses \$17,500 Suit Over Hospital Furniture**

A jury in District Judge Day's court returned a verdict against Dr. Connell, who brought suit for \$17,500 against Robert McClelland. McClelland sold the Presbyterian hospital to Dr. Connell for \$70,000. After an agreement was made to

buy the place Dr. Connell alleged, McClelland moved out several vans of furniture.

The case was hard fought by attorneys for two weeks. Nine o'clock tonight is the closing hour for "Want" Ads in tomorrow's Sunday Bee. Make sure that your order is in by that time.

**Federal Dry Agents Seize 1,400 Cases of "Alskahal"**

Federal prohibition agents, under orders of U. S. Rohrer, seized 600 cases of "Alskahal," a preparation used in rubbing, at the Mercantile Storage and Warehouse, Eleventh and Jones streets, Thursday night. Eight hundred more cases were

seized by the federal prohibition agent at Cedar Rapids, too, Rohrer announced.

The officials of the company contend the preparation is medicinal. Rohrer suspects that there is too much alcohol in it and that it is being used for drinking purposes. He will have a sample of the seized goods tested by government chemist.
