

### Britain to Stop South Ireland Coercing North

Churchill Announces in Commons Nation's Power Will Repel Invasion From South.

London, June 26.—Winston Churchill, secretary for the colonies, rising to make his promised statement on Irish affairs in the house of commons this afternoon, said the government desired the freest and fullest debate and one that could be terminated by a division.

The colonial secretary said the imperial government had supplied the northern Irish government with 50,000 troops for its defense. He added that the northern government would be supported, effectively, and, at all costs stop any attempt that might be made to coerce it into submission to the south.

The Sun Fein, Mr. Churchill said, had to realize that they would never win Ulster except by its own free will and that the more they kicked the worse it would be for them. He said the imperial government would endeavor to stand between the antagonists and prevent the loss of life and the destruction of property and by so doing make it absolutely clear that any attempt from southern forces to break into the territory of northern Ireland would be met and repulsed by imperial power.

**Can't Tolerate Lapses.**

"The imperial government," said Mr. Churchill, "feels that after the election, which clearly showed what were the wishes of the Irish people, we cannot continue to tolerate the many grave lapses of the spirit of the treaty and the irregularities in its execution which we have put up with or acquiesced in during the last six months."

He said the situation on the Ulster frontier was easier as a result of the triple arrangement made between the British, the provisional and northern governments whereby a neutral zone four miles wide was to be established in the Pettigo and Belleek districts.

Mr. Churchill declared he did not hesitate to say that all the horrors that had occurred in the past were due to the organization in that territory of two divisions of Irish republican army and the continuous efforts of partisans of the south to break down the Ulster government and force Ulster against its will to come under the rule of Dublin.

### Liquor Valued at \$200,000 Seized

Three Sloops Laden With Rare Whisky Captured in New York Harbor.

New York, June 26.—Twenty thousand bottles of rare whisky, valued at \$200,000, were seized with three sloops early yesterday when at attempt was made by rum runners to get the liquor into the city during a violent electrical storm. Fourteen members of the crew of three fishing boats were taken to the barge office for questioning by the surveyor of the port, who directed the capture. They were charged with possessing and transporting liquor in violation of the prohibition enforcement law.

The financial resources of the alleged rum runners' ring and their many avenues of information about what takes place in the ranks of prohibition enforcement authorities was shown soon after the arrival of the prisoners at the barge office by the appearance of a representative of the New Amsterdam Surety company with the information that he was prepared to furnish bail for the men.

United States Commissioner Hitchcock gave the prisoners a preliminary hearing and they were released on bond of \$25,000 for the lot.

### Fire Warden Finds No Evidence of Bombs in Ruins Left by Explosion

Fire Warden John Trouton Monday investigated the ruins of the one-story brick building at 1903 South Thirtieth street and two-story frame house north of it, which were wrecked by a mysterious explosion at 10:50 Sunday night.

He found no evidences of internal machines or bombs.

The warden stated, however, that he is convinced the explosion was caused deliberately by unidentified persons.

Mrs. Fred Gibilisco, wife of the owner of the building and grocery store, admitted Monday she had received two threatening letters last August, but attaches no connection between them and the explosion.

She said she and her husband hold \$1,000 insurance on the building and \$1,000 insurance on the grocery stock.

They have operated the store for the last three months, she stated, but were out of the city the eight preceding months, operating the store for about 14 months before that.

The first threatening letter she received, she declared, notified her tersely to prepare for her husband's funeral, while the second warned her that "if she wanted the store, she'd better move it away."

The Gibiliscos live in Benson. Mrs. Gibilisco did not know of the explosion until Monday when her son, Paul, 16, returned home from spending the night with his grandmother.

### Barrows Asks Separate Ballot in Special Election

Lincoln, June 26.—(Special)—Lieut. Gov. P. A. Barrows in an open statement today called for a ruling by the attorney general's office authorizing a separate ballot for the special primary and election to be held at the same time as the regular primary and election for the purpose of nominating and electing a successor to Congressman J. Frank Reavis of this district, for his unexpired term.

Several republican candidates for the regular election who also filed for the special election after Reavis resigned have withdrawn as candidates at the special election, fearful that as none of the democratic candidates for the full term filed for the unexpired term some trickery was being planned. Barrows, however, has maintained his filing for both terms and declares a separate ballot would make any democratic trickery planned futile.

"You men don't have the nerve to vote," declared the assessor. "Every time a millionaire comes to these meetings you fellows choke up and can't talk to record your vote."

### Oscar A. Hirsh Is Shot by Wife

Wealthy New Yorker Wounded by Young Mate After Lawn Party.

Freeport, N. Y., June 26.—Oscar A. Hirsh, wealthy former theatrical producer of New York, is in a critical condition at the Nassau county hospital, and his young wife, Hazel, is under arrest, charged with having shot him following a quarrel at the close of a lawn party given by Miss Rene Davies, an actress, early yesterday morning.

The shooting occurred in front of the house of Miss Davies, who is a sister of Marion Davies, motion picture star. Rene Davies is the former wife of George Lederer, theater manager.

The cause of the quarrel which led to the shooting is not known. Magistrate George J. Douras, father of the Misses Davies, who ran to Hirsh's side immediately after the shooting, told Assistant District Attorney Edwards the wounded man had gasped:

"She did it. She shot me. She said she would get me, and now she did it."

Mrs. Hirsh, running from the scene of the shooting, was heard to say, according to witnesses, "Oh, I shot my daddy." Later, at the police station, Miss Rene Davies told the authorities that the accused woman declared that her husband had kept her a prisoner in their home here for four days "with little food and drink, and when he picked on me I didn't know what I did."

The Hirshs, who had been guests at the party, left shortly after midnight. A short time later the guests, including several well-known men and women of the stage and screen, and Magistrate Douras, heard a shot in front of Miss Davies' home.

A charge of assault with intent to kill was lodged against Mrs. Hirsh and she was sent to jail at Mineola, L. I., to be released later on \$25,000 bail.

"This road should be paved with what these people want," said Commissioner McDonald after the meeting.
