

Gustafson Will Stand on Record in Senate Race

Personal Means Will Not Permit Campaign, Says Candidate in Statement Issued Here.

While making a brief visit in Omaha Tuesday, C. H. Gustafson, republican candidate for United States senator, issued the following statement through his friends and supporters, who urged him to accept the nomination and who have now organized to promote his campaign:

"In accepting the filing made in my behalf for the republican nomination for United States senator, I feel it necessary for me to frankly say to those who have confidence and trusted in me, that if the people of Nebraska sincerely feel I can effectively represent this state in congress, I shall do all in my power to prove worthy of that confidence.

"My personal means will not permit my making a campaign for this or any other office, even were I inclined to do so. I have given my time for 10 years to advancing co-operative marketing. I have not secured any money for myself from that work. My profit has been the keen personal satisfaction of seeing the certain development of sound, safe and conservative producers' marketing agencies which ultimately mean prosperity and better conditions for all classes in Nebraska.

"The people of Nebraska have had an opportunity to know me and my purposes and achievements in my activities in this state. I believe that what little I may have accomplished during my more than 32 years residence in Nebraska, offers the public better information as to my worthiness of their support than could any mere words which I might speak or write at this time.

"I believe that the general prosperity of the producers is of first importance to the people of Nebraska. I do not believe that the farmer can solve his problems through special legislation for his special advantage. I do not believe in special legislation or special privileges for the farmer or for any other class.

"Every occupation, whatever it may be, constitutes a part of some class of business. Each has its rights and should be insured its equal and just consideration; but none should be given any special advantage or special privileges over the other. I have been called before many congressional committees and I am afraid that sectional representation in legislative halls too often think and vote under the influence of selfish home influences and too often forget the needs of the great mass of the unprivileged.

"Keeps Interests in Mind. "Without attempting to specify or enumerate any specific evils or remedies for them, the voters in Nebraska may be sure, should I be elected to represent this state in the senate, I shall endeavor to keep most in my thoughts the equal needs and interests of both the producer and consumer as the basis of general prosperity and contentment and always act to their joint interest.

"All of my time during the past years has been given to the developing, as best I could, together with others, the organization and establishment of producers' marketing agencies. And it is no little satisfaction to me to know that the present congress and the administration has recently announced that these marketing agencies must be recognized, encouraged and protected.

"Depends on Supporters. "I want my friends and supporters to know that my immediate and personal thoughts and efforts are concentrated on the completion of these organizations. Until these agencies are in operation I cannot neglect or refuse to give my constant attention to my obligations and undertakings, even though my candid suffer from my inattention.

"Many important and vital questions are now before congress. New ones will come up as these are disposed of. On all such questions I shall act as my knowledge and information of the best needs and interests of Nebraska shall dictate. If chosen to represent Nebraska in the United States senate, it must come to me through the efforts of appreciated friendship and confidence of the people of this state."

Woman Files Suit to Halt Ejection From Her Home
Columbus, Neb., June 27.—(Special.)—Mrs. John Janicek of Columbus filed a petition in district court asking that the Farmers' State bank of Columbus be restrained from ejecting her from her home under an order writ issued in county court recently in favor of the bank and against her husband. Mrs. Janicek alleges that some time ago Mr. Janicek told her he was placing a mortgage on their home and wanted her to sign the papers. After she had signed, she claims she discovered that the papers were a conveyance in fee simple of the property to the bank. She insists that she had no intention of deeding away the residence and asks the court to protect her in her homestead rights.

Three Men Killed by Terrific Heat on California Desert

Bradley, Cal., June 27.—Death from "heat prostration" was the verdict reached by a coroner's jury here at an inquest over the bodies of three men who died in the desert a few miles southeast of Niland, Cal., last Saturday.

The men were J. J. Everhart and Henry C. Brown of Los Angeles, and David Wilcox, an aged prospector who had lived in many western mining districts.

Wilcox's body was found about 10 miles from Niland beside a small wagon drawn by two burros, which were standing patiently in the intense heat.

It was estimated the temperature where the deaths occurred was between 132 and 152 degrees.

Endicott State Bank Closed by Directors

Endicott, Neb., June 26.—(Special.)—Endicott State bank was closed Monday on request of the board of directors. Endicott State bank was formerly a branch of the College View bank, cashed by C. H. Hodges a brother-in-law of S. J. Quantock, cashier of the College View bank. The bank at Endicott had some financial troubles and a controlling interest was sold to C. W. Slaughter, present cashier.

The indirect cause for closing the bank dates back about a week ago when the College View institution is alleged to have attempted to force a \$3,000 collection from its offspring at Endicott which Cashier Slaughter alleges was to remain as security for an indefinite time. This was \$3,000 of a \$13,000 claim held by the parent bank. The draft was turned down and Slaughter through his attorneys started action in the courts for damages for misrepresentation and a refund of his purchase price. State Bank Commissioner Hart has been notified but has not taken charge. From a standpoint of deposits this was the smallest bank in Jefferson county.
