

### Police "Sponge" Squad Obtains Rum Conviction

#### Evidence Sopped Up by Raiding Officers When Alcohol Spilled Over Floor.

Sponges carried by members of the police rum squad in a raid at 8 Tuesday night, led to the conviction of Leslie Overbay, 34, 1215 South Sixteenth street, in central police court Wednesday morning on a charge of unlawful possession of liquor.

When the officers, led by Sgt. Gardner, broke through the front door of the Overbay home and rushed to the rear door, they found the contents of a five-gallon jug spreading over the porch.

Sopping it up with sponges, they saved nearly one-half pint of the liquor and introduced it in court, dirty and untempting, as alcohol.

#### Sops Up Evidence.

The only other evidence was five ounces of alcohol found in a medicine bottle, and one-third of a pint of alcohol in a whisky bottle. Overbay, who has an artificial leg, testified he used the liquor as a rub.

"While his wife stilled us at the front door, Overbay rushed to the back porch with the jug and burst it," Frank Killian, member of the morals squad, testified.

"When we broke through and rushed to the rear, he met us and said, 'It's no use, boys, it's all gone'—but we sopped up enough for evidence."

Judge Charles Foster fined Overbay \$100 and the prisoner took an appeal to district court. His bond was signed by James Blundell, 207 South Thirteenth street, who qualified for \$300.

#### Will Fight Case.

J. F. Overbay, professional bondsman, Overbay's father, was present and willing to sign, but did not attempt to qualify.

"I have qualified for as much as \$80,000," he said, "but in the opinion of Judge Foster my moral character is not up to standard and he would not accept me. I am behind my son and we'll fight this case to the last ditch."

#### Retail Credit Men to Meet at Hotel Fontenelle Today

Municipal Judge R. W. Patrick's recent decision regarding the contracting of debts by a wife and the husband's liability in such a case has created a stir in credit men's circles.

A special meeting of the Associated Retail Credit Bureau and Credit Men has been called for this evening at 6:30 in the palm room of Hotel Fontenelle.

C. L. Waldron of the law firm of Wharton & Waldron will discuss the Patrick decision.

Attendees to the Cleveland convention will give several five-minute talks on the value to credit men and women received from attending the Retail Credit Men's national convention.

The business meeting will be preceded by a dinner.

### MONTHS OF SUFFERING

#### How a Baltimore Girl Recovered Her Health

Baltimore, Maryland.—"For several months I suffered with severe backache and general weakness. I could not sleep comfortably at night for pains in my back. I found your book at home one day and after reading it began at once to take Lydia E. Pinkham's Vegetable Compound. I have had very good results and some of my girl friends are taking it now. You may use this letter to help other girls, as the letters in your book helped me."

—ROSE WADNER, 3018 Roseland Place, Baltimore, Md.

"That is the thought so often expressed in letters recommending Lydia E. Pinkham's Vegetable Compound. These women know what they have suffered, they describe their symptoms and state how they were finally made well."

Lydia E. Pinkham's Vegetable Compound is a medicine made from medicinal roots and herbs, and without drugs, to relieve the sickness women so often have, which is indicated by backache, weak feelings, nervousness, and no ambition to get anything done or to go anywhere. It has helped many women. Why not try it?

### Condition of Corn in State Favorable

Lincoln, Neb., June 28.—Corn generally continues in very good condition, although the hot, dry weather of the first of the week caused some damage in the state, according to the weekly crop and weather summary for the week ending June 27, issued by H. G. Carter, meteorologist temporarily in charge of the Nebraska weather and crop service here.

Mr. Carter reports that cornfields are unusually clean and in some localities in eastern counties have been cultivated for the last time. Winter wheat was injured in some sections, the greatest damage being in southern counties, ripening prematurely and causing shriveling. Harvest will be general next week, according to the report.

Oats are in poor condition; other small grains are in fair to good condition, as are pastures, gardens and potatoes, while second crop alfalfa will be short, Mr. Carter states. Fruit was slightly damaged in some localities and more rain is needed, he says.

### Price of Roman Candle Will Buy Quart of Milk

#### Many Poor Babies Suffering for Lack of Nourishing Food—Will You Help?

A lot of money is being spent this week for fireworks. That's all very well. No one wants to kill the joy of children who look forward to a whole year to celebrating Independence day in this time-honored fashion.

But there's another way of looking at this thing. The price of one Roman candle or pinwheel will also buy a quart or two of milk.

What has milk to do with firecrackers? Only this—many poor babies in Omaha are suffering for want of cool, fresh milk to nourish their little bodies and help them grow to a sturdier childhood.

The price of several firecrackers, subtracted from your proposed purchases, or an equal amount sent to The Bee Free Milk and Ice fund, will make you enjoy your Fourth of July better. The fund stands as follows:

Previously acknowledged	\$109.00
O. H. Superior, Neb.	5.00
Blanche Hood, Wabeno	1.00
Omaha Jim	1.00
E. F. Butler	1.00
Beach Community club, Blair, Neb.	3.00
A. Friend	1.00
J. W. Gillette, Norfolk	1.00
Total	\$130.00

### "June Group" of Rotarians Gives Its Last Program

The "June group" of the Rotary club gave its final entertainment at Hotel Fontenelle luncheon yesterday noon with a popular program under the leadership of Harold Thompson, vice president of Thompson, Belden & Co.

D. E. McCulley spoke on the various phases of vapor heating apparatus and Dr. F. D. Smith reported on the Rotary convention at Los Angeles, telling of the work and plans taken up at the meeting. Harold Thompson, who acted as chairman, was complimented on having arranged one of the most successful programs of the season.

### Prayer Each Day

His faith is counted for righteousness.—Rom. 4:16.

Almighty Father, Shepherd and Bishop of our souls, lift upon us the Light of Thy countenance. We thank Thee that it is possible for us to approach the unveiled mercy seat.

We come not in our own name, nor do we plead any merit in ourselves. Our hope is in Christ, Thy beloved Son, crucified for us. He bore our sins in His own body on the tree, and by His stripes we are healed. Let Thy benediction rest upon this family circle. Help us to keep the fire of gratitude and devotion burning on Thine altar. Give us grace to overcome evil in the day of temptation. Give us courage in the hour of adversity, and humility in prosperity. Help us to live as in Thy sight; doing Thy will with alacrity and cheerfulness. Give wisdom and integrity of purpose, we pray Thee, to all those in authority over us, that in the administration of public affairs they may "do justly, and love mercy." We invoke Thy special blessing upon the household under this roof, that we may not disappoint Thy gracious will concerning us. Bestow Thy heavenly grace upon father, mother and children, so that we may be worthy to have a place in the Great Family of God, which shall, by and by, enter upon their eternal inheritance. Thanks to Thee for victory through our Lord Jesus Christ, Amen, and Amen.

### MOZART CIGAR

#### Mild as a May Morning—and as fragrant

As you smoke Mozart, please do us the favor to ask yourself two questions—"Is it mild? Is it fragrant?"

We have cured and blended the tobaccos in Mozart to get true mildness without losing true fragrance. Have we succeeded? Mozart sales—large and increasing—seem to prove it. An uncommonly mild cigar of Havana fragrance—beautifully made.

### H. A. Toland to Follow Stirling as U. P. Auditor

#### Appointee With System 14 Years—Farewell Party Given for Retiring Employee.

H. A. Toland will be the new auditor of the Union Pacific railroad, effective July 1.

He succeeds H. J. Stirling, who retires June 30.

Toland has been in the employ of the Union Pacific system for 14 years. At present he is a special accountant and statistician for the comptroller, F. W. Charske.

Toland came to the Union Pacific in 1908 from the Wisconsin Central where he began his railroad career in August, 1899.

Stirling, whom he succeeds here, is the man who "found" him and gave him a place in the Union Pacific system.

#### Farewell Party.

From Omaha, Toland went to Salt Lake City as assistant auditor for the Oregon Short Line in December, 1917. He went to his New York post in January, 1920.

He has a wife, two daughters and two sons. He is due to arrive in Omaha with his family this morning at 8:30.

A farewell party for Mr. and Mrs. Stirling was given yesterday at the Union Pacific headquarters by 650 officers and employees of the accounting and treasury department.

#### Chokes With Emotion.

G. E. Bissonet, general auditor of the Union Pacific system, made a farewell talk, presenting to Mr. Stirling an 187-piece silver table service, a traveling bag and an umbrella, and to Mrs. Stirling a traveling case.

Stirling made a short response. His voice choked with emotion, but Mrs. Stirling interrupted with "Won't you have a glass of water?" and when the guests all applauded, a tense situation was relieved.

Stirling said he would move to Portland, Ore., to make his home.

### Volunteers of America Annual Outing Today

The ninth annual outing for poor mothers and children will be given by the Volunteers of America at Elmwood park today. About 500 are expected to attend. A band will welcome the guests who will be taken to the park in chartered street cars from 114 North Fifteenth street at 9:30 this morning. Automobiles for crippled shutins will be furnished by the Chamber of Commerce. A box lunch, ice cream, candy and lemonade will be served. George Eggers will be in charge of the games. Arrangements are in charge of Maj. F. A. McCormick, commandant of the Volunteers of America, his wife and daughter, Miss Alice McCormick.

### Relay Chase at Dawn Lands Autoist in Court at Last

Anton Benak, 5214 South Nineteenth street, was fined \$25 in central police court yesterday morning for reckless driving.

Special Officer Riley captured Benak at 3:30 yesterday morning after he gave chase in borrowed cars back and forth between Seventeenth and Twenty-fourth streets on Far-nam street.
