

### Tax Equalizers Place Hospitals in Assessed List

Three Institutions Taken  
From Exempt Classification  
—Lord Lister Head  
Enters Protest.

"Strictly charitable hospitals do not exist in Omaha and therefore every hospital should be taxed," State Commissioner Osborne told members of the board of equalization at a meeting yesterday afternoon. Representatives of only three hospitals responded to the call to attend the meeting in regard to assessment. The board went on record to assess the Paxton, Nicholas Senn and Presbyterian hospitals and also to summon all other hospitals at a later hearing to show cause why they should not be assessed.

O'Connor Votes No. "I will not vote to tax any Omaha hospitals," said Commissioner O'Connor, the only member who voted in the negative, "because they are all charitable in one sense of the word." "What constitutes a charitable hospital?" queried Mrs. E. C. Hervey, owner of the Lord Lister hospital. "Does a hospital have to be affiliated with a church to be exempt from taxation? If so, I intend to build a church."

County Assessor Harry G. Counsman threw his second bomb of the week into the board's meeting when he stated that the members should drive politics out and show their hands by a vote on whether hospitals should be taxed.

They can't blame the hospital tax controversy on me," said Counsman. "I won't stand for it. They should call all the hospitals in so we can hear their protests. It looks like they are trying to make me the goat. "I hope they are all taxed and everything else as well," said Commissioner Unitt. "I hope nothing is exempt." The words were spoken sarcastically.

### Foreign Trade Shows Slump From Year Ago

Washington, June 29.—Declining exports of raw materials, foodstuffs and manufactures were revealed in foreign trade reports for May, issued by the Commerce department. For the 11 months ended with May, exports of raw materials aggregated \$855,000,000, compared with \$1,214,000,000 during the corresponding months last year, while imports totaled \$818,000,000 against \$983,000,000 during the same period in 1921. Exports of foodstuffs for the 11 months amounted to \$1,047,000,000, compared with \$1,044,000,000 last year, while imports aggregated \$571,000,000 against \$1,254,000,000 during the 11 months ending May, 1921.

### Candidate for Governor Here on Campaign Visit

Charles H. Randall of Randolph, republican candidate for the nomination for governor, arrived in Omaha Thursday afternoon for a short campaign visit. Randall headquarters have been established in the Henshaw hotel. While in Omaha, Mr. Randall, who has been called the "business man candidate," will conduct a personal campaign.

### How Women May Retain Their Youthful Looks

"The woman who wants to look young must take massage cream and liquid rouge. She will not have the structure of her face and destroy the fine texture of the skin," said Mrs. Margaret Holmes Bates, the well-known author, in an interview. "Reputable physicians have declared that if she indulges in artificial methods she risks losing her health," she continued. "A perfectly natural method of retaining a youthful complexion is by using ormerolized wax, as this adds nothing to the complexion, but removes the latter instead. Ormerolized wax, obtainable at any drug store (applied like cold cream), gives off the yellow or bluish outer skin fine particles, gently, without harming the clear, fresh, young skin beneath, which gradually makes its appearance. The brilliantly youthful complexion thus obtained is a new one—quite different from a patched-up old complexion. This is the way to retain youthful looks."

### Lawyers of City Hold 1922 Frolic

Barristers Pitch Horseshoes,  
Play Ball and Argue at  
Happy Hollow Club.

A baseball game between two picked teams of lawyers furnished an abundance of amusement yesterday afternoon at the Happy Hollow club grounds, where the Omaha Bar association held its annual frolic. The opposing teams were in charge of Thomas Lynch and Jesse Palmer. The Lynch aggregation defeated the Palmers by a score of 11 to 13. Henry Beal opened the twirling by making a motion with his right arm and releasing the ball with a little twist of the wrist. He served several in like manner with the result that Judge Willis G. Sears took a walk to first. While the judge walked the lawyer baseballists talked and wanted to argue the motion.

Umpire Makes Talk. The umpire made a brief talk and then filed an oral petition for order. D. E. O'Brien wanted to appeal from the decision of the umpire. A. E. Elasser wanted to submit the question to argument. L. J. TePoel urged the umpire to issue a restraining order against the disturbers. A horseshoe pitching contest drew votaries of this ancient and honorable sport. Judge J. R. Dean of the state supreme court demonstrated he could throw a mean shoe and Judge Sears also displayed talent in tossing the equine footwear.

Judges Play Golf. United States District Judges J. W. Woodrough and J. C. Munger, Justice George A. Day of the Nebraska supreme court, and County Judge Bryce Crawford were among those who enjoyed the golf links. At 6 p. m., in front of the clubhouse, Thomas Lynch led the way in a series of amusing stunts, which included putting golf balls into a barrel. I. T. Dysart, president of the bar association, was toastmaster at a dinner served in the clubhouse at 6:30 p. m.

### Joy Morton Offers Land for State Park

Nebraska City, Neb., June 29.—(Special)—Joy Morton entertained Governor Samuel R. McKelvie, G. E. Johnson, secretary of public works, George E. Johnson and the members of the state park board at dinner last night at Arbor Lodge, ancestral home of his family. While those interested in the matter refused to give out anything for publication, it is believed Mr. Morton, under certain conditions, tenders to the state of Nebraska, through the park board, a certain portion of the homestead, including Arbor Lodge building, to be used as a park and as a memorial to his father, the late J. Sterling Morton, founder of Arbor day.

It is rumored that the project hinges on the transfer to the state of Morton park by the city commissioners. A meeting between Mr. Morton and city officials was held yesterday and it is believed that this phase of the project was discussed. Members of the commission refused to be interviewed on the subject. The visitors were shown over the grounds and through the large mansion by Mr. Morton. The state officials were highly pleased with the reception they received here and declared the grounds and buildings were a fine tribute to one who has done so much for the state as the founder of Arbor day.

### Will Mickel Is Elected Concord Club President

Will Mickel was chosen president of the Concord club at its last weekly luncheon of the summer, held at Hotel Fontenelle Thursday. A. L. Rasp was elected first vice president, James Corr, second vice president, and E. H. Grossman treasurer. The two members chosen for the board of directors are Dr. J. E. Simpson and Don Amstien. It was announced no more meetings would be held during the remainder of the summer. A picnic is planned for July 11, which will complete the club's activities until the fall meetings begin.

### "Off-Trail" Tours Are Being Mapped

Men in Survey Reach Geneva  
on 100,000-Mile  
Tour.

Geneva, Neb., June 29.—(Special).—"The Desert Ranger," a car being driven from California eastward on a 100,000-mile tour, has been in Geneva for 10 days while the travelers, Col. King Stanley and William Spohn, visit relatives of the latter here. The two men have been touring the United States for the last five years to mark out what are called "off trail" tours. The points of interest are to be mapped out, photographed and described in a volume to be issued next November, which will tell tourists how to get to scenic points, battlefields, fishing and hunting grounds not located near the main traveled roads. Colonel Stanley states there is not a transcontinental auto road from which any scenery can be viewed with the exception of portion of the petrified village through a corner of which a highway passes. During the preparation of the volume, Colonel King and Mr. Spohn have traveled 273,274 miles, and used five different autos. They will leave here after the Fourth of July and stop in Lincoln to secure a picture of the Nebraska capitol for their book, and also call on the governor of Nebraska and the state engineer.

### Burlington Declares Many Employees Loyal

Lincoln, June 29.—(Special).—Transportation over the Burlington will not be seriously affected if the strike of railway shopmen, called for 10 Saturday morning, materializes, according to a statement today by E. Flynn, general superintendent of lines west. "Enough loyal employees will continue with us to keep things going," Flynn said. "In the event of a strike we will be seriously inconvenienced, but will continue to do business."

Charles F. Boles, federation secretary at Havelock, where the Burlington hope are located and where approximately 1,000 men are employed, issued the following statement: "A few of the old-timers may stick, but the big majority will hang together."

### "Framed," Defense of Rum Suspect

Diminutive Woman Changes  
Mind in Court About  
Pleading Guilty.

Peggy Reed came into federal court Thursday with the purpose of pleading guilty to a charge of selling liquor, federal agents say. But when Federal Judge Munger told her he would sentence her to jail if she pleaded guilty, she exercised her time-honored privilege to "change her mind." Peggy is the diminutive person arrested by federal agents at 1821 Leavenworth street. She sprang a surprise in the judge's chamber by amplifying the "dry" sleuths' story of a visit to her home, to include the presence of another mysterious woman. The sleuths Vogel, Hanning and Hancock, admitted they did not know who the other woman was. "She offered to let me see Peggy Reed's place because her husband was hanging around there all the time and spending all his money for booze," the federal agents explained. Peggy told the judge she was not in the business of selling liquor, but was persuaded by the sleuths to get some. "They framed on me," was her defense.

### Peoria Firm to Ship Train Load of Washing Machines

Chicago, June 29.—What is said to be the world's largest single shipment of electric washing machines will leave Peoria Saturday over the Chicago & Northwestern for Los Angeles. A solid train of 40 cars will be loaded exclusively with washing machines. The train will carry more than 2,000 machines.

**SUFFERERS** from chronic indigestion will find quick relief from a few doses of Dr. Caldwell's Syrup Pepsin. It gives you artificially the benign nature may have deprived you of and the lack of which causes dyspepsia. You will find it much more effective than chewing tablets and flavored candies.

**DR. CALDWELL'S SYRUP PEPSIN THE FAMILY LAXATIVE**

Dr. Caldwell's Syrup Pepsin contains ingredients effective in dyspepsia and constipation. It is a combination of Erythrina Sena and other simple laxative herbs with pepsin. The formula is on the package. It has been successfully used for 30 years. Try it! One bottle will prove its worth.

**HALF-OUNCE BOTTLE FREE**

Free escape constipation, no even if you do not require a laxative at this moment for me and you a Half-Ounce Trial Bottle of my Syrup Pepsin FREE OF CHARGE so long as you will have it handy when needed. Simply send your name and address to Dr. W. B. Caldwell, via Washington St., Mendocino, Ill. Write me today.

# 4 Men in 7 Bald at 40

—yet 95% needlessly!

Science discovers falling hair due to simple infection (Sebum). Now quickly overcomes it.

**Pay Nothing**

Unless we grow hair. The Van Ess treatment is absolutely guaranteed. You are the sole judge. The warrant is signed by your own druggist. You assume no risk making this test.

## Real Live News

THIS newspaper has its "news columns" and its "advertising columns." The first tell of happenings near and far—of fires, sports, elections, accidents, marriages, deaths, great men, great events.

The second tell of things you eat, wear and use—things you have to buy—things that are being sold to your neighbors and friends in your own town.

The news columns of this paper keep you up-to-date in the world of events. This is of great importance.

But it's just as important that you know how to buy, where to buy, when to buy—that you keep posted on things necessary to feed and clothe you and your family and make you comfortable and happy.

Advertising is an essential news service now.

To keep up with the news

## Written Guarantee to Grow Hair This New Way

This is to offer you, under absolute money-back guarantee, the new Van Ess treatment, which, under clinical tests, grew hair on 91 heads in 100.

It embodies new principles. Principles heretofore unknown to science. Now high authorities say baldness soon will be a rarity. For hair roots seldom die. And this method revives them. Test it yourself at our risk.

**Hair Roots Rarely Die**

Records show 4 men in 7 are bald, or partially bald, at 40. Modern science proves this to be unnecessary. Proves only 5 men in 100 need ever be bald!

Baldness is not a disease. Note this fact and mark it. It is merely a symptom of infection—of an infectious scalp oil, known as Sebum.

Remove this infected Sebum and hair will grow. Under the bald scalp, the hair roots live. This is true in 95% of all cases of falling hair or baldness.

This new method reaches the roots. It makes hair grow. But the public has often been deceived. So we guarantee it. You take no chance of loss.

**New Hair or No Money**

We make our guarantee without reservation—without strings. It is absolute. We guarantee to stop falling hair in two weeks. We guarantee to grow new hair. If we fail, your money back without question.

Note that your own druggist signs the guarantee. Thus you assume no risk.

It is safe for us thus to guarantee the treatment. For experiments of years prove it effective on 91 heads in 100. Foremost authorities approve it. World noted dermatologists now employ it—many charge as much as \$500 for the treatment.

We offer it, in correct form for home use, at the price of an ordinary "tonic."

**The Infected Sebum**

95% of all hair troubles are traced to infected Sebum. It is an oil that forms at the roots of the hair. Its natural function is to supply the hair with oil. But it cokes on the scalp. It forms a breeding place for bacteria. It clings to hair and destroys it. It lodges in hair follicles and plugs them. Then germs by the millions start to feed upon the hair. Semi-baldness soon is marked. Then comes total baldness.

You can see this Sebum on your scalp, in the form of an oily excretion. Or, when dried, as dandruff. But it does not kill the roots. Hence when you remove it, new hair grows. This is scientific fact—medical authorities will tell you so. You must remove the infected Sebum.

**Now We Remove It**

For years, science experimented to combat infected Sebum. Finally a 95% effective specific was found. Now we have embodied it in a home treatment. It is called Van Ess Liquid Scalp Massage.

It is applied a new way—a scientific way. (Note illustrations above.) It penetrates to the follicles of the hair. It combats the Sebum and removes it. Results are marked. They are quick. In two weeks it stops falling hair. It grows new hair with continued use.

We urge you to try this new way. We know the statements we make are amazing—almost incredible. But remember, we back them with an absolute guarantee.

Note the results yourself. Mark the healthy condition of your scalp—the freedom from dandruff. Look in your mirror—see for yourself.

Go today to any druggist's. Obtain the Van Ess treatment. With it you will get our guarantee, signed by the druggist from whom you buy it. Hence, it is folly not to try it.
