

"Show this man in when he calls"

Printing of unequalled quality which delivers interesting and valuable information will open for your salesmen doors that are closed to others.

¶ Your "Direct-by-Mail" advertising should not only have good paper, but the copy and composition, together with the "layout" should be finished by a printer who has a clear understanding of your business and its requirements.

¶ It has always been the aim of this company to deliver intelligent and real service to those who recognize the value of fine and uniform production. You will also find that our lithographing department is equipped to furnish the highest product of the "printer's art".

Exclusive
