

Machine Guns Used to Guard Shops at Bloomington

Tense Situation Prevails in Rail Strike—Troops in Increasing Numbers Are Expected.

Bloomington, Ill., July 11.—(By A. P.)—Crowds of strikers and strike sympathizers began crowding around railroad shops here this morning and at 10 o'clock orders were issued to set up machine guns covering every entrance.

Cleveland, O., July 11.—(By A. P.)—The four chief executives of the "Big Four" transportation brotherhoods will meet several railroad managers in Chicago tomorrow to confer regarding protests of brotherhood members on the alleged action of railroad managers in asking them to do work usually done by striking shopmen and other matters pertaining to the shopmen's strike.

Chicago, July 11.—(By A. P.)—Injunctions, troops, deputy marshals and armed guards in increasing numbers marked developments today in the nation-wide strike of railway shopmen.

Peace, judged by even the most promising indications, was no nearer than a week ago, when the striking workmen were outlawed by the federal railroad labor board and all channels to settlement by negotiation thereby closed.

Claims of the roads today were generally that they were surmounting the difficulties of the strike and would be able to man their shops fully in the near future. The strike leaders asserted that the suspension was practically 100 per cent effective in all sections.

Hundreds of injunctions against picketing of the shops issued yesterday throughout the country today were being enforced by augmented forces of deputy marshals at various points where the railroads have determined to continue operations with nonunion labor. At still other points state militia troops guard the shops.

Leaders of the shop strike expressed themselves as well pleased with the success of the strike thus far, as detailed reports on the actual number of men out began to come in to union headquarters here today.

Typical of the messages received, leaders said, were those from the East St. Louis, Ill., and Denver, Colo., chairmen. W. E. Walters, chairman of the joint crafts at the former city, reported 2,300 men out on 19 roads there. The strikers are doing "lawful picketing," he said, under an injunction, adding that "all the railroads have gunmen at their shops."

Attempts by roads in Denver to stampede the strikers back to work yesterday resulted in 22 desertions from the striking ranks, William Hannon, of the executive committee of the machinists, reported. He said 3,000 men were out.

On Sympathetic Strike. The reports indicate that nearly 50,000 maintenance of way men and shop laborers went on sympathetic strike with the shopmen, according to Charles J. McGowan, assistant to B. M. Jewell, head of the shopcrafts.

Horse Still Great Factor on Farm, Says Veterinarian. The horse is still the great motive power on the farms of America and will continue to be in spite of motor cars, trucks and tractors, declared Wayne W. Dinsmore, secretary of the Horse Association of America, Chicago, speaking yesterday afternoon at the meeting of the Missouri Valley Veterinary association in the Hotel Rome.

There are more than 17,000,000 horses and mules at this moment upon the farms of America and they furnish 95 per cent of the power for all farm field work," said Mr. Dinsmore.

Huge Bronze Statue of Buffalo Bill to Be Unveiled in Two Years

Cody, Wyo., July 11.—An equestrian figure of Col. W. F. (Buffalo Bill) Cody, larger than life size, to be done in bronze with a base of pink native granite, will be unveiled two years hence at the annual Cody Stampede, it was announced here by the Buffalo Bill memorial committee.

Only Survivor of 'Shorty' Gray Trio Is Prison Trusty

Lincoln, July 11.—(Special.)—Charlie Morley, only survivor of the trio, headed by "Shorty" Gray, who shot their way to brief liberty 10 years ago by killing a warden and several guards, saved the life of a fellow convict and took another step toward making amends to society for his numerous crimes.

Recently Warden Fenton decided to withdraw punishment from all prisoners for breach of prison rules and "the deadlock" cells were emptied. In the deadlock cell was George Floth of Omaha, holdup man, who was once paroled and while in parole held up and robbed a Lincoln business man, beating him severely over the head with a revolver.

Floth had not been out of deadlock an hour until he obtained a knife and started to assault a prisoner against whom he had a grudge. Morley rushed toward the men and saved the prisoner from death. Floth is back in "deadlock."

For years Morley bore an unenviable reputation in prison as a fighter and despoiler of authority. He always had been a drug addict and his nervous system was in a terrible condition.

Years of life "off the dope" began to tell and when the overall and shirt factory was opened Warden Fenton gave him another opportunity to make good. He gave him a position as a runner which gives him access to the prison yard inside the walls. He carries messages for overall officers and not once so far has the mean temper and disregard of prison rules displayed itself.

Broken Bow, July 11.—(Special Telegram.)—William E. Shuman, republican candidate for congressman in the big Sixth district, spent the day in Broken Bow, visiting voters. He has been repeatedly asked whether he would file for the unexpired portion of late Judge Kinkaid's term and today gave out the following statement:

"I shall not file as a candidate for congress to serve out the few months of Judge Kinkaid's unexpired term. I feel that Judge Humphrey, whose friends have filed his nomination, ought to be elected for the short term without opposition. Judge Humphrey has been more intimately associated with me than any other congressman Kinkaid than any other man and there is much of Kinkaid's work which Mr. Humphrey could pick up and complete during the short term better than anyone else could do."

Furthermore, Mr. Humphrey withdrew from the congressional race so that he could be of as much aid as possible to Kinkaid during his last illness.

Mr. Shuman signed the petition for Judge Humphrey's nomination.

Property Valuation Is Decreased in Pawnee. Pawnee City, Neb., July 11.—(Special.)—The valuation of personal property owned in Pawnee county decreased \$1,146,116 in 1922 over 1921. This is shown by figures compiled from the records of County Clerk A. R. Lock. This does not include the assessment of the property of the Pullman Car company, the telegraph company, telephone companies or the railroads. Part of this decrease is the result of the change in the methods of assessing.

South Dakota Guardsmen in Training at Fort Meade. Sturgis, S. D., July 11.—(Special Telegram.)—The third division 147th artillery, South Dakota National guards, about 600 men, with engineers and band, arrived here today and went to Ft. Meade, where they will go into training for 15 days. This will conclude annual encampment for the year.

Midwest States Swept by Hail and Rainstorms

Nebraska, Iowa, Illinois and South Dakota Among States to Suffer Extensive Property Damage.

Chicago, July 11.—(By A. P.)—Middle western states were recovering today from the effects of hail, rain and wind storms which swept over Iowa, Illinois, Missouri, South Dakota, Nebraska and Kansas yesterday, causing extensive property damage and some loss of life.

In sections of these states where precipitation was not excessive reports said crops were benefited, in some places the rain breaking excessive drought.

A cloudburst at Kansas City late last night flooded the streets, washed automobiles away from the curbing and overburdened storm sewers. Leaking systems in Kansas City and vicinity were severely hampered. Unofficial records placed the precipitation at two inches in 10 minutes.

The storm ended a 43-day drought in Chicago and vicinity, but only slight damage resulted from the high wind which accompanied the downpour.

Sault Ste Marie, Mich., July 11.—A heavy gale, sweeping over this section Sunday night and yesterday played havoc with shipping. The Steamer Sultana, owned by the G. A. Tomlinson, Duluth, downbound with a cargo of ore, was hit hard by the storm and cargo shifted, but hard work by the crew straightened out the stricken vessel before it reached the Soo.

Following the storm a heavy fog jeopardized vessels. The Steamers McCullough and Pontiac collided a short distance off Detroit about 7 p. m.

The McCullough went to Detroit for inspection and the Pontiac proceeded to the Soo.

Strike of Berlin Printers Ended by Wage Increases. Berlin, July 11.—(By A. P.)—The strike of Berlin printers, which has kept the German capital without most of its daily newspapers for several days, came to an end today. Work will be resumed tomorrow under a new wage agreement under which the printers will receive increases in salary ranging from 150 to 300 marks weekly.

O'Neill Ex-Convict Gets 18 Months for Carrying Gun

Judge Robert R. Dickson Gives Heaviest Sentence Ever Imposed in Nebraska for This Offense.

O'Neill, Neb., July 11.—(Special Telegram.)—Gun totting in the Fifteenth judicial district will draw lenient sentences in the future, John H. Hoff, ex-convict, was sentenced to 18 months in the penitentiary by Judge Robert R. Dickson on a plea of guilty to a charge of packing a gun about his person.

It is the heaviest sentence ever imposed in Nebraska for the offense. Hoff, who is a relative of the Kentucky Hatfields, shot and killed George Purnell of Atkinson in August, 1914, in a quarrel over a bottle of whiskey he accused Purnell of stealing. For this he received a sentence of one to 10 years and was paroled after serving 15 months.

Hoff is said to have threatened to kill his wife if she ever married any one else and Monday came back to Atkinson to seek her and Herbert Rittney, who were said to keep company. The woman, however, was away on a visit. Hoff was arrested and waived preliminary at Atkinson, was brought to O'Neill where he received sentence.

Hoff is an employe of the Western Bridge company of Omaha and had been working near Long Pine, which town he threatened to smoke up some months ago, it is said.

Chance to 'Cast Your Bread Upon Waters' Offered

The Bee Milk and Ice Fund for Poor Babies Your Opportunity to Be Merciful.

"Blessed are the merciful; for they shall obtain mercy," said the great Teacher. "Cast your bread upon the waters and it shall return to you after many days."

Persons who give to The Bee's fund to provide milk for helpless babies of destitute mothers during the hot weather truly "cast their bread upon the waters," truly are merciful. They will reap their rewards.

The demands on the fund are very great this summer. Though \$500 has been contributed, nearly all of it has been spent. And many weeks must pass before the poor little ones will be safely through the critical hot weather.

For the good of the babies and for your own good you really ought to contribute. Even if you can give only a dime, send it in. The widow's mite was as blessed as the wealth of the rich man.

Every cent goes to buy milk or ice to sustain babes in destitute, wretched homes in Omaha. Not a cent is spent on "overhead" or anything else.

A dinner was served at the Follenelle hotel last night at 6:30.

Mail or bring whatever you want to give to this cause to The Bee office. Some baby is in real need of the milk your money will furnish.

Trainmen Endorse Strike of Shopmen

Men assembled as individuals to draft and send these resolutions to the different organizations, asking them to concur with us in the position we have taken in the matter.

The unions represented at the session included the Brotherhood of Railway Clerks, Brotherhood of Locomotive Firemen and Enginemen, Switchmen's Union of North America, Brotherhood of Railway Trainmen and Order of Railway Telegraphers.

Much of the discussion of the session was with reference to the performance of the duties of members of the six crafts on strike by members of the unions represented at the meeting. Workmen were requested to report such instances to their craft officials for action.

A dinner was served at the Fontenelle hotel last night at 6:30.

Superior, Wis., July 11.—United States Marshal W. R. Chellis left here today for Omaha with E. C. Nance, who is wanted here on a charge of using the mails to defraud. Nance, who was arrested yesterday at Wausau, Wis., is alleged to have promoted the Missouri Valley Cattle and Loan company which the government charges defrauded many investors.

Woman Drugged and Robbed of \$800 in Scuffle

'Silver Polish Salesman' Overpowers Louisville Housewife in Home—Victim Brought to Omaha.

Mrs. George Lutz, 53, drugged and robbed of \$800 in her home at Louisville, Neb., Monday night, was brought to Clarkson hospital in Omaha yesterday.

According to word from Plattsmouth, Neb., a man arrested there yesterday forenoon, tallying with the description given by Mrs. Lutz of her assailant, was to be brought to Omaha yesterday afternoon for identification by the victim.

The attack and robbery occurred at 2 Monday afternoon, just after Mrs. Lutz had telephoned her daughter, also living in Louisville, that she was going down town to pay the rent.

According to the story told by the woman when she regained consciousness at 10 Monday night, a man gained entrance to the house on the representation he was a silver polish salesman. When she refused to buy any of the polish, the man became abusive and a scuffle ensued, lasting for nearly an hour, Mrs. Lutz alleges. When she tried to get out the door he choked her, she said, jerked a bottle from his pocket and poured a quantity of liquid down her throat. The attending doctor said he believes the liquid was either cocaine or opium.

Mrs. Lutz was found unconscious on the floor by her husband at 6 that night. The \$800 with which the woman had planned to pay the rent was missing.
