

### Travelogue Given by Robert Cowell on Trip Abroad

Continental Club Hears of Wonders of Nile Region From Omahan Back After Two Years.

"The land of contradictions," was applied to India by Robert Cowell during a travelogue before the Continental club's noonday meeting Friday at the Brandeis restaurant. This was Mr. Cowell's first talk here since his recent return from a two-year trip around the world.

The Omahan traveler described how men and women bathe in the sacred waters of the Ganges, believing the water to be chemically pure, notwithstanding that bodies of animals and humans may be seen floating with the stream.

**Don Robes Skillfully.**

"There is nothing that would offend the sense of propriety when observing these people change their regular attire for bathing robes at the Ganges," said Mr. Cowell. "They are skillful in making these changes."

The maharajah of Jaipur has not been "sold on" the automobile, Mr. Cowell said. His highness owns magnificent stables with 300 beautiful horses with an attendant for each horse. Not long ago the maharajah was induced to give the automobile a trial. A demonstrator drove the machine so fast that the maharajah was frightened. He gave up the automobile idea and vowed he would stick to his horses.

**Saw Ancient Cities.**

"One of the most interesting sights during my long tour was a view of the ancient cities along the Nile," added the speaker. "We viewed the ruins of cities established thousands of years before Christ. We saw great blocks of granite, 40 feet wide, weighing many hundreds of tons, on high places. These blocks were brought long distances from the south and we do not know how those ancient transported those giant blocks. Man power alone could not have moved those sections of granite."

### Grocers Are Found Guilty for Giving Bee Formula

A federal jury found Max Fried and David Bernstein, proprietors of the Bee Hive grocery, 822 North Sixteenth street, guilty yesterday of conspiracy to violate the prohibition law by the gift of a home brew formula, with cans of malt and hops they sold.

Their attorney, James Hanley, former prohibition director, filed a motion for a new trial.

Sylvia Breamer, the beautiful Australian brunette, who played with Will Rogers in two pictures—"Doubling For Romeo" and "A Poor Relation," plays a charming role in "The Man With Two Mothers," which opens today at the World theater. Miss Breamer is the young lady who once said she did not have a very lively beginning in the movies, because she played the part of a corpse.

Some one has computed that if Alexandre Dumas were alive today and collecting royalties on his writings he could pay off the national debt of France. "Monte Cristo" pictured by William Fox, is Dumas' best known novel. The picture is one of more than a dozen "giant specials" prepared by Fox for next season.

Wearing the much-imitated but inimitable outfit of battered derby, tightly buttoned cutaway coat, billowy trousers, spread-eagle sabots and jaunty sport-shirt, that have helped make his personality known from Yokohama Bay to Nova Scotia, Charlie Chaplin returns to the screen in the revival of "A Dog's Life," the first of his \$1,000,000 comedies, which will be shown next week at the Strand theater.

### Temporary Injunction Against Resorts Issued

### Goodbye Boils!

**S. S. S. Will Rid You of Boils, Pimples, Blackheads and Skin Eruptions.**

A boil is a volcano—your blood is so thick full of poisons that these "boil" out into a boil. They'll keep "boiling up" until you destroy them completely by the use of S. S. S., one of the most powerful blood-purifiers known to science. S. S. S. has stood the test of time. The power of its ingredients is acknowledged by authorities. Its medicinal ingredients are guaranteed to be purely vegetable. Right off, it clears the skin of pimples, boils, blotches, blackheads, acne, eczema, rash and other skin eruptions, and does it thoroughly. It drives out of the blood impurities which cause rheumatism, makes the blood rich and pure builds up lost flesh. It helps to manufacture new blood cells—that's one of its secrets. S. S. S. is sold at all drug stores, in two sizes. The larger size is the more economical.

### Children Give Up Fireworks to Aid Poor Babies

Boys and Girls of First Central Congregational Sunday School Send \$5.20 to Bee Fund.

The little boys and girls of the primary Sunday school of First Central Congregational church saved \$5.20 by buying less fireworks on the Fourth of July and sent it to the Bee's fund. It may save the life of a little baby, children.

Every cent given to this fund is used to buy milk and ice for some sickly baby in a destitute family where, usually, the mother struggles alone. Visiting Nurses report the cases. So not one cent of the fund is dissipated on expenses of administration.

Your charity dollar is 100 per cent efficient when you contribute it to this fund.

The need is very pressing this year and if you can contribute your help will be gratefully received and acknowledged. Just mail it or bring it to the Bee office.

The United States Railroad Labor Board, under authority of Federal Law, after full hearing to all parties at interest, has fixed present wages for mechanical crafts. Certain employees having declined to accept their decision, the board has directed the railroad to reorganize its forces and has ordered that men who enter our service—

"Are within their rights in accepting such employment, that they are not strikebreakers seeking to impose the arbitrary will of an employer on employees; that they have the moral as well as the legal right to engage in such service of the American public to avoid interruption of indispensable railway transportation, and that they are entitled to the protection of every department and branch of the Government, State and National."

Young, active men desiring to go into railroad service will be given an opportunity for training in steady, desirable employment.
