**She Found A Pleasant Way To Reduce Her Fat**

She did not have to go to the trouble of diet or exercise. She found a better way, which aids the digestive organs to turn food into muscle, bone and sinew instead of fat.

She used **Marmola Tablets**, which are made from the famous Marmola prescription. They aid the digestive system to obtain the full nutriment of food. They will allow you to eat many kinds of food without the necessity of dieting or exercising.

Thousands have found that **Marmola Tablets** give complete relief from obesity. And when the accumulation of fat is checked, reduction to normal, healthy weight soon follows.

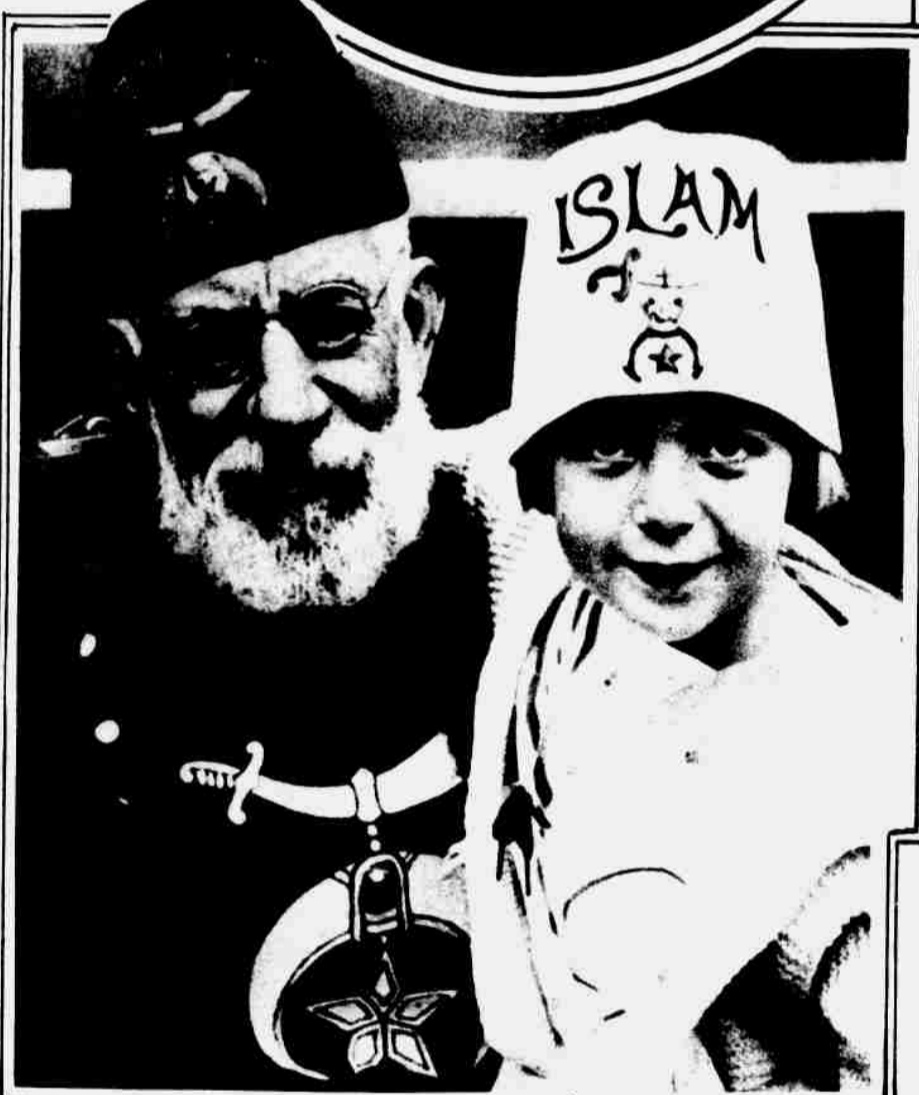

All good drug stores the world over sell **Marmola Tablets** at one dollar a box. Ask your druggist for them, or order direct and they will be sent in plain wrapper, postpaid.
