For the Hair. The American woman is attached to her hair net, but France is sending over some decorative caps that threaten to become the rage for athletics and sports. These are made of fine gold threads, woven into a course mesh net. They keep the hair in place and are decorative at the same time.

Problems That Perplex

Announced by BEATRICE FAIRFAX. In Love With Sister's Beau. Dear Miss Fairfax: I am a daily reader of your corner of The Omaha Bee and see that you give such wonderful advice that I am writing you now, because I want your advice.

Just what advice do you want, Peggy? I don't see what you can do about this triangle. It is up to the man. If your sister makes it clear to him that she is not seriously interested in him, it might occur to him to change the object of his affections, but if he prefers her I don't see what you can do. Do not let the affair come between you two sisters, though. Affection of the sort you seem to have for each other is too fine to lose.

Indicate Appreciation. Dear Miss Fairfax: We have come to you for advice on the following questions. What should a girl say after a boy thanks her for a dance? Should a girl thank a boy after he has taken her riding or treated her?

Many thanks for answers to the same. BOBBY AND BILLIE. Why, say you enjoy it, too. Naturally, you thank any one who has done something for you.

Dog Hill Paragrafs

By George Bingham. Jeff Potlocks says after a fellow has been used to shaving at a barber shop, and then goes to shaving himself, he gets so lonesome, unless he has a talkative wife.

Sidney Hocks reports a big time at the ice cream supper on Gander creek Saturday night. He ate about twice as much as his girl did, as she took hers up on the end of the spoon. He says the reason a person can eat so much ice cream is that you don't have to chew it.

Cricket Hicks has remained so quiet this week his hair has remained combed since last Sunday. Common Sense. Are You a Jabber? Are you a jabber? Do you make jabs at this, and jabs at that, while and where you are employed?

Do you do things in a way to make little impression on your mind? This means you are often worried for fear you have left this or that undone, or inappropriately done. You work in a fevered flurry, a really unthinking way, and while your hands and your feet are busy you do not give thoughtful attention because you are nervous and thinking of the other things you also have to do.

Why not concentrate on the job at hand? If a boss, do you give orders in a short snappy way, with hurried manner and give those who wish to serve you doing their work in the wrong of a clear direction?

There also, you find those under you doing their work in the wrong way, and you blame them, not the manner of your order. Better think this over. Your help realize that orders are not clear. A successful manager makes him or herself understood the first time so there is no question about it.

1922 Edition of Postal Guide Being Distributed

The 1922 edition of the United States Postal Guide is now available for distribution, according to an announcement by Postmaster Charles W. Black. The book contains three complete lists of postoffices, one arranged by states, one list with postoffices alphabetically indexed and one list by states with the cities listed in each county, as well as postal information of interest to the public.

This guide may be obtained through the superintendent of documents at the government printing office, Washington, D. C., 25 cents. Father Files Suit to Annul Marriage of Son. J. C. Peterson, as guardian of the son, Harold, 18, filed suit in district court today for the annulment of the marriage of his son to Muriel Inez Cummins, 24.

The marriage took place February 4. Harold wasn't through sowing his wild oats," said Charles D. Cummins, father of the girl, president of the Omaha Realty company, 2915 North Forty-seventh avenue, "and I warned him not to go too far. He didn't heed my advice."

The "Mother of Medicine"

Isis, the Queen and afterwards the Goddess, was called the "Mother of Medicine." In ancient Egypt, centuries before Christ, women were skilled in medicine. They knew the great value of medicinal plants. Hippocrates, the "Father of Medicine," many centuries later, knew less of the merit of vegetable drugs than did the women of ancient times. Lydia E. Pinkham, nearly fifty years ago, gave to women her Vegetable Compound, now known everywhere as Lydia E. Pinkham's Vegetable Compound. This is a woman's medicine for woman's ailments, prepared from medicinal plants.

VOCALION RECORD IS RED

Doctor at 82 Finds Mothers Prefer His Formula to New-Fangled Salts - And Coal Tar Remedies for Babies

Judgment of 1892 vindicated by world's approval of Dr. Caldwell's Syrup Pepsin, a simple vegetable compound for constipation—So safe thousands give it to babes in arms—Now has largest sale in the world.

WHEN a man is in the 83rd year of his age, as I am, there are certain things he has learned that only time can teach him. The basis of treating sickness has not changed since I left Medical College in 1875, nor since I placed on the market the laxative prescription I had used in my practice, known to druggists and the public since 1892, as Dr. Caldwell's Syrup Pepsin.

Then the treatment of constipation, biliousness, headaches, mental depression, indigestion, sour stomach and other indispositions that result from constipation was entirely by means of simple vegetable laxatives, herbs and roots. These are still the basis of my Dr. Caldwell's Syrup Pepsin, which is a combination of Egyptian Senna and other mild laxative herbs with pepsin.

Recently new medicines have been brought out for constipation that contain calomel, which is mercury, salts of various kinds, minerals and coal tar. These are all drastic purges, many of them dangerous, and the medical profession is warning the public against them. Certain coal tar products will depress the heart; certain salts give rise to intestinal poisoning, impaction and rupture of the intestines. If grown people want to use them no one can deny them the privilege, but they should never be given to children.

The simpler the remedy for constipation, the safer for the child and for you, and the better for the general health of all. And as you can get results in a mild and safe way by using Dr. Caldwell's Syrup Pepsin, why take chances with pills and powders and strong drugs, even if disguised in candy? My remedy, too, costs less than most others, only about a cent a dose. A bottle such as you can find in any drug store, will last a family several months, and all can use it. It is good for the babe in arms because pleasant to the taste, gentle in action, and free from narcotics. In the proper dose, given in the directions, it is equally effective at all ages. Elderly people will find it especially ideal.

The formula of Dr. Caldwell's Syrup Pepsin is on the cover of every bottle, and the ingredients have the endorsement of the U. S. Pharmacopoeia.

\$10,000 Worth of Syrup Pepsin Free. In remembrance of my 83rd birthday I have set aside the sum of Ten Thousand Dollars to be given away in half-ounce bottles of my Syrup Pepsin. Only one Free Trial bottle to a family. All are constipated now and then, and here is an opportunity for you and others to try Dr. Caldwell's Syrup Pepsin FREE OF CHARGE. Ask for your free bottle today, simply sending name and address to Dr. W. B. Caldwell, 514 Washington St., Monticello, Ill. Do not postpone this.
