

Fascisti Seize Peace Palace at Genoa in Battle

OCCUPY SCENE OF ECONOMIC CONFERENCE AFTER BLOODY ENGAGEMENT—HOLD BUILDING AGAINST ATTACK.

Genoa, Aug. 7.—The famous Giorgio palace, the symbol of Genoa's ancient glory and the meeting place of the Genoa conference, was occupied by fascisti, after a short but bloody fight in which five were killed.

While the police and troops were engaged in maintaining order in the city, a column of fascisti surrounded the palace and forced an entrance through the front door. Shots met them from the inside, but, once inside, the fascisti barricaded the doors and windows. Troops were rushed to the spot and aided by armored cars, opened fire on the palace.

It was with the greatest difficulty that police and troops succeeded in gaining the square before the palace. They were unable, however, to force an entrance and tonight the fascisti still hold the building. The fascisti were five dead and many wounded.

The quarter where the palace is located is now practically in a state of siege. There is fighting in the street approaching it. The importance of the occupation of the palace is designated by the fact that it is the headquarters for regulating the work of the port. This function the fascisti now claim to control and have issued a proclamation to that effect. In it they say they will not tolerate that the work of the port should be entrusted to a socialist union. The proclamation has also called for a complete liberty of work to unionists and non-union order alike.

ROME, Aug. 7.—Military rule has been extended to the provinces of Ancona, Parma and Leghorn, where in the last few days there has been sanguinary fighting between the extreme nationalists and the communists.

Pope Pius has expressed deep distress at the increasing hatred between the opposing factions which moves the people "further away from the teaching of the divine master."

The only remedy, he said, is a return to religion. The ordained clergy will be instructed to "impress the faithful with the necessity to pray for the restoration of faith and piety which alone can bring peace and love among men."

Smoot Blocks Inquiry on Sugar Deal Charges

Washington, Aug. 7.—Denying charges that he had proposed curtailment of the Cuban sugar crop to 2,500,000 tons this year in return for a reduced tariff on sugar, Senator Smoot, republican, Utah, read today to the senate a statement from the president of Cuba that no proposal for limitation of the crop had come from American government officials.

Washington, Aug. 7.—Efforts to bring up the Harrison resolution, proposing an investigation of charges that American government officials sought to have Cuban sugar producers curtail their crop this year in return for a reduced tariff on sugar, were blocked today in the senate by Senator Smoot, republican, Utah.

Senator Harrison asked unanimous consent to call up the resolution, but Senator Smoot objected, and then Senator Nicholson, republican, Colorado, made a motion that the sugar schedule be laid aside until there had been an investigation. A point of order by Senator Smoot that this motion was out of order was upheld by Senator Cummins, republican, Iowa, who was presiding.

Senator Nicholson declared that "very serious charges" had been made in articles read to the Senate Saturday by Senator Harrison, and that he felt the senate should not proceed with the consideration of the sugar schedule until there had been an investigation.

(Signed.)

"Warren G. Harding."

Telegram to Jewell.

"I had your communication in which you and your associates, speaking for the striking railway shopmen, pledged your agreement to the proposals which I submitted to the railway executives and your organizations for the settlement of the pending railroad strike. Inasmuch as I was acting as a voluntary mediator, seeking the earliest possible settlement, I confess to you the same disappointment which I have conveyed to the executives that the terms were not unanimously accepted. As you are already aware, the executives of the carriers declared their inability to restore seniority rights unimpaired.

"It is exceedingly gratifying, however, that in responding to the terms which were proposed that both the spokesmen for the carriers and the spokesmen for the employees have pledged that they will recognize the validity of all decisions by the railroad labor board and to faithfully carry out such decisions as contemplated by law."

Paragraph Approved.

"Moreover spokesmen for the carriers and employees have approved the second paragraph of the proposal, and in their approval have agreed that railroad labor board decisions which have been involved in the strike may be taken, in the exercise of recognized rights, by either party to the railroad labor board for re-hearing." Inasmuch as the employees have agreed to all the terms proposed and the executives have agreed to two of the bases of settlement and rejected the third, there remains only the question of seniority covered in paragraph three in dispute to bar settlement.

"Mindful of the pledge of both the executives and the striking shopmen to recognize the validity of all decisions by the railroad labor board, I am hereby calling on the striking workmen to return to work, calling upon the carriers to assign them to work, and calling upon both workmen and carriers, under the law, to take the question in dispute to the railroad labor board for re-hearing." Inasmuch as the employees have agreed to all the terms proposed and the executives have agreed to two of the bases of settlement and rejected the third, there remains only the question of seniority covered in paragraph three in dispute to bar settlement.

"The resolution which you transmit on behalf of the executives pledge that the carriers will recognize the validity of all decisions of the railroad labor board and faithfully carry out such decisions as contemplated by law. You convey the further agreement, as expressed in the second paragraph of the proposal, that railroad labor board decisions which have been involved in the strike, may be taken in the exercise of recognized rights by either party to the railroad labor board for re-hearing."

"The resolution which you transmit on behalf of the executives pledge that the carriers will recognize the validity of all decisions of the railroad labor board and faithfully carry out such decisions as contemplated by law. You convey the further agreement, as expressed in the second paragraph of the proposal, that railroad labor board decisions which have been involved in the strike, may be taken in the exercise of recognized rights by either party to the railroad labor board for re-hearing."

"Men Agreed to Terms.

"The striking employees agreed to all the terms proposed, therefore only the question of seniority, covered in paragraph three which the executives rejected remains in dispute and bars a settlement. Mindful of the pledge of both the executives and the striking workmen to recognize the validity of all decisions by the railroad labor board, I am hereby calling on the striking workmen to
