

Mother Charged With Killing Child Sought in Omaha

Former Omaha Man Held at Pittsburgh for Complicity in Crime—Body Found in River.

Omaha police began searching yesterday for Florence Kelly, 38, who is accused of murdering her own 2-year-old child. The body of the child was found in the Monongahela river, according to a message received by Chief of Police Dempsey from Robert H. Braun, chief of detectives of Allegheny county, Pennsylvania, where the alleged murder took place. Fred Grimberg, formerly of Omaha, is in jail at Pittsburgh charged with complicity.

Details of a tragic triangle were outlined in the Pennsylvania official's message. In 1918 Grimberg left his home and wife at 2508 South Thirty-eighth street, and went to Casper, Wyo. His wife divorced him and remarried. In 1920 he returned to Omaha, obtained custody of his children and went to McKeesport, Pa. Grimberg is said to have made arrangements to meet Florence Kelly in Pittsburgh June 2, this year. Together they boarded a trolley car for McKeesport. On the car they quarreled. Grimberg objected to the presence of Mrs. Kelly's 2-year-old child which she brought with her. In her rage the woman seized the child, choked it and thrust the body into the arms of Grimberg.

Grimberg threw the body out of the window into the river and left the car. He put the woman on a train for Chicago. In his confession to police he stated she was to proceed to Omaha.

Detectives Gurnett and Davis have been assigned the task of finding the woman. According to the detectives, the woman was with Grimberg in Casper and came to Omaha with him when he resappeared in 1920.

Levy Reduced .25 Mill Under Last Year and Is Lowest in 15 Years.

The board of county commissioners Tuesday fixed the county tax levy at 3.60 mills for 1922, a reduction of .25 of a mill from last year's levy.
