**You Men Who Sell Direct to Consumers—Are You Making Enough Money?**  
 Why carry heavy samples? Why be forced to waste time making deliveries? Why lose profitable selling hours, making unprofitable collections? Why have the burden of a big personal bond?  
 Do you realize that you use one-third of your time on these money-losing duties? Use that extra third for selling only and make more money.  
 Our representatives do nothing but sell. They make \$50 to \$100 a week. Each is a virtual partner, without investment, in his own locality, and is making more money than he could in almost any other way.  
 All are supported and helped to success and independence by powerful national advertising in the Saturday Evening Post and Ladies' Home Journal. All are in line for promotions. All have exclusive franchises in their own localities and live at home.  
 We are doubling our production. This means we have many big opportunities for men who want to make their work pay them more. If you're that kind of a man come and see us. We will be glad to talk it over with you.
