

### Bombs Exploded in California Express Yards

#### Tear Great Hole in Ground—Company Guards Pour Shots in Direction From Which Bombs Hurlled.

Roseville, Cal., Aug. 12.—Five bombs were exploded in the yards of the Southern Pacific and the Pacific Fruit and Express company here early this morning. One of the bombs exploded at 2 a. m. in the rear of roundhouse No. 1. Windows in the building were shattered, and a portion of the wall nearest the explosion wrecked.

Three of the bombs tore a great hole in the ground in the east side of the yards near the plant of the Pacific Fruit and Express company. Lightning equipment in the yards was put out of commission by the explosions. Immediately following the explosions company guards poured shots in the direction from which the bombs were reported to have been hurled. Answering volleys of shot met their firing. More than 100 shots were exchanged.

United States Marshal Sullivan was struck down by a bullet, according to word reaching Roseville following the skirmish. The extent of his injuries was not learned.

The explosions shook buildings and houses in Roseville and caused many people to arise, thinking an earthquake had visited the town.

San Bernardino, Cal., Aug. 12.—Four additional bomb explosions occurred today in the Santa Fe railroad yards here following the explosion yesterday morning of 23 bombs in the same yards. Officers are investigating four fragments of large bombs, constructed out of pipe elbows with steel slugs and apparently loaded with chemicals. No one was injured by the bombs and no damage of consequence occasioned.

Lieut. J. J. Kane, with six men from the army post at Rosam, near here, operated an armored automobile patrolling the streets. Officers arriving here reported that roads into the city had been strewn with large tacks, apparently for the purpose of the puncturing of automobile tires.

### Tieup of U. P. Trains in Nevada Is Broken

(Continued From Page One.)

hazardous conditions of employment following a statement from the Brotherhood executives that they could leave their work if the conditions were hazardous.

This walkout was on the Santa Fe system where the trainmen left trains with hundreds of passengers stalled at desert points.

Ordered to Return. Cleveland, Aug. 12.—(By A. P.)—Members of the Brotherhood of Railroad Trainmen, who went on strike on the Santa Fe railroad, have been ordered to return to work, President W. G. Lee announced today, declaring that their walkout was unauthorized inasmuch as the regular procedure in settling disputes had not been carried out. Telegrams to this effect were sent to General Chairman Duffy and General Secretary Hascott of the Santa Fe system, at Los Angeles.

"We are in full sympathy with the shopmen's strike," Mr. Lee said, "but I will not pass authority to strike on to individual members or to local committees in any case. I am insisting that all walkouts be conducted in an orderly manner and not piece-meal, and that the constitution and general rules of our organization be lived up to."

Traffic Disorganized. San Francisco, Aug. 12.—(By A. P.)—Transcontinental traffic, passenger and freight in the far western divisions of two main rail systems, the Santa Fe and the Southern Pacific, was disorganized today so badly that scheduled service had been practically abandoned. A third trunk line, the Union Pacific, was threatened with a similar condition.

These were developments of the rapid spread yesterday of sporadic walkouts of engineers, firemen, conductors and trainmen which began Thursday on the Santa Fe in southwestern California and Arizona. The members of the "Big Four" brotherhoods said they left their posts because of their objection to armed guards stationed on railroad property. The union men also charged that the equipment they were moving was not in the best condition and they considered it hazardous to take it out. Rail executives declared the guards were necessary to protect the roads, denied that guards were interfering with union workers and contradicted the assertion that equipment was unsafe.

Conferences between union officials and rail executives had borne no result today.

Trains Withdrawn. Meanwhile, with many trains withdrawn, several, including some crack transcontinental limiteds, were stalled in torrid desert spots in Arizona or California. In some instances passengers were reported suffering acutely from the heat. The stranded cars apparently absorbed the scorching atmosphere of the day, recorded by temperatures well above 100, and at night remained so oven-like the passengers in desperation went out in the darkness and slept in any spot that seemed cooler.

The Southern Pacific declared an embargo on the shipment of live stock or other perishable freight through the "Ogden gateway." The Western Pacific announced a similar embargo, effective within 24 hours, on consignments of perishable freight.

### Over the Moat at the State House

Lincoln, Aug. 12.—(Special.)—Feudal castles in Europe haven't a thing on Nebraska's old state house so far as moats are concerned. A ditch 15 feet wide surrounds the capitol on all sides in preparation for erecting the superstructure for Nebraska's \$5,000,000 state house. The above picture shows a bridge employees are forced to cross in getting to and from the state house.

the division point refused to take their places. Another Western Pacific train, bound eastward from San Francisco was halted at Stockton, Cal., when the crews deserted.

The general far western cessation began late Thursday with a walkout on the Santa Fe at Needles, Cal. By yesterday afternoon it had penetrated the various divisions.

Firemen at San Bernardino, Cal., refused to take out trains on the Union Pacific's line from Los Angeles to Salt Lake City.

### Milwaukee Expedites Auto Shipment of 45 Cars

Just to show how the Chicago, Milwaukee & St. Paul Railway company is handling its freight business despite the shopmen's strike Eugene Duval, general agent for that railroad here, calls attention to a shipment of 45 cars of automobiles.

This shipment was delivered to the Milwaukee in Chicago at 3 p. m. August 10. In three hours and 30 minutes it was on its way west, leaving Chicago at 6:30 p. m. The shipment arrived in Council Bluffs at 2:50 a. m. August 12, making the run of 485 miles in about 31 hours. Four hours later it had left Council Bluffs over the Union Pacific for its destination.

### Custer County Firemen Hold Picnic at Sargent

Broken Bow, Neb., Aug. 12.—(Special.)—Sargent was host to the firemen of Custer county at their annual picnic. There were about 2,000 visitors at the picnic dinner. The program of speeches and music was held in the forenoon, the ball game and minor sports in the afternoon. The ball game, played by teams from Ansley and Round Valley, was intensely interesting and hotly contested. Twelve innings were played, with a score of 5 to 4 in favor of Ansley. Many of the visitors remained for the dance in the evening.

### Boy Scouts of Holdrege Attend Columbus Camp

Holdrege, Neb., Aug. 12.—(Special.)—Sixteen Holdrege Boy Scouts went to Camp Sheldon at Columbus, where they will have a 10 days' outing. The party was in charge of Rev. J. M. Douglass and was accompanied by Harry W. Ekberg and Richard Brown.

### Band Concert

The City Concert club band will play today at 5 o'clock in Riverview park, Arthur E. Smith directing the 38 players. Alma Huntley, dramatic soprano, will give two numbers with band accompaniment. By Alma Huntley.  
Medley—"Songs of the South".....Lampa  
Finale—"The Star Spangled Banner".....Key  
Clip and take this program to the park.

### Body of Murdered Man Is Identified

#### Corpse Found in Maryland That of Wealthy Oklahoma Oil Operator.

Washington, Aug. 12.—The body of a man found Thursday just across the Maryland line with a rope around the neck and a score of knife wounds, was identified yesterday as Bernard A. McBride, formerly of Muskogee, Okl.

A woman at whose home McBride had roomed, identified the body, saying McBride came here in June to attend commencement exercises at a school at which his ward, Ellen Deer of Oklahoma, was a student.

Thus far nothing has developed to indicate the cause of the murder, although the police theory is that the man was killed in Washington and the body taken to Maryland and dumped in a lonely patch of woods.

#### Rise to Wealth Rapid.

Muskogee, Okl., Aug. 12.—Bernard A. McBride, wealthy retired oil operator, whose body was found across the Maryland line from Washington where he had been murdered, rose to wealth and ease from a little chicken farm a few miles from here, when oil was discovered on his land about 10 years ago.

Acquiring a few thousand dollars through the sale of the lease on his own land and also of his stepdaugh-
