In looking over these points, bear in mind that The Automatic Washer averages \$15 less in cost than most washers, IN SPITE of these many features.

We are making a drive from August 10 to August 26 to sell one hundred Automatics. Other cities have sold them in huge quantities. To make buying easy for you, we have perfected a plan of pay-

ment unique for convenience and simplicity. After seeing this washer in operation (at the Electric Shop, 15th and Farnam) you'll want it for your own. Hand the salesman Five Dollars (\$5) and give him your address. The machine is then yours. You can have the use of it, and be saving money on laundering, while you pay the balance, at \$5.00 per month.
