

### Randall Points Out Strength of G. O. P. Platform

#### Republican Candidate for Executive Is Pleased With Party's Stand on Vital Questions of Day.

Lincoln, Aug. 17.—Before leaving here today for his home at Randolph, Charles H. Randall, republican candidate for governor, expressed himself as highly pleased over the constructive platform unanimously endorsed by the republican state convention.

"I think it is one of the strongest platforms, taken all through, that the republican party has put out in a long time," said Mr. Randall. "It is specific, and the voters, by reading it, will know just exactly what the party stands for." Commenting upon the question of taxation, to which Mr. Randall has given considerable attention, he said:

"We have made an excellent showing on the tax problem. Taxes have been reduced 33 1-3 per cent. I think taxes can be reduced very soon to a prewar level and I will do everything I can along that line. We are only 12 per cent above prewar level now. I feel sure we have reduced taxes more than the overhead expense in the average private business has been reduced in that length of time. While some people have been talking and charging the republican administration with conditions of the time, those same people have not

been at work doing the things that are now showing results." For the last 10 or 12 years Mr. Randall has devoted his efforts to farming and agricultural financing. By reason of his experience along that line he is better able to understand the farmer's problems than one who has had no similar experience. He was a member of the War Finance corporation loan agency at Omaha, and during the time he served \$15,000,000 of government funds was loaned in Nebraska. "When we began loaning the money corn was worth 20 cents," said Mr. Randall. "Seventy days after we began loaning the money corn was worth 45 cents, to a large extent the direct result of the new government money coming into this state."

Within a short time Mr. and Mrs. Randall will leave for an outing of a week or 10 days at some Minnesota lake, where Mr. Randall will indulge in his favorite pastime of fishing. He will then return to his home and make preparations for his fall campaign.

"Too much shaking down," Judge Foster said.

Cooley hopes to practice in the court when Judge W. F. Wappich takes the bench next month.

#### Deer at Riverview Park Gives Birth to Triplets

Mrs. Doe, a deer in Riverview park zoo, has presented Omaha with triplets.

The "herd" was found yesterday by John Liddle, keeper of the zoo.

Birth of triplets to a deer is said to be extraordinary.

### Ex-Lieutenant Sued for Divorce

#### Mrs. Gretchen Landon Drake Files Action While Mate Building New Home.

While her husband is said to be building a new home for her in Kearney, Neb., Mrs. Hugh M. Drake, former Omaha society girl, has filed suit here for divorce.

Before her marriage she was Miss Gretchen Ruth Landon, daughter of Mrs. Don Lee, 316 South Fifty-first street. Her husband is Hugh M. Drake, former lieutenant at Fort Crook, now an attorney at Kearney.

He has been cruel to the extent of impairing my health," charges the young wife.

Mrs. Drake is now under a physician's care and, she says, is in need of medical attention for several months.

Alimony of \$125 a month is asked by the wife. Drake is said to have property worth \$20,000. Shortly after the marriage in July, 1918, Mrs. Drake spent \$4,000 furnishing their home.

#### Juvenile Bicycle Theft Ring Uncovered by Cops

Grand Island, Neb., Aug. 17.—(Special Telegram)—What is believed to be a juvenile bicycle stealing ring was discovered when officers arrested John and Lloyd McMan, 18 and 14, respectively, residing about eight miles southwest of the city in the Platte bottoms, while attempting to steal a stolen wheel. The story told by the boys also involved a 12-year-old lad of Doniphan. Four wheels have so far been traced to the ring.

### Alleged Bigamist Is Sent to Prison

#### Alliance Electrician Convicted of Obtaining Money Under False Pretenses.

Alliance, Neb., Aug. 17.—(Special)—Ben W. Keach, 36, electrician, radio expert, former scoutmaster and alleged bigamist, who was arrested a month ago on a charge of obtaining money under false pretenses, pleaded guilty before Judge W. H. Westover in district court and was sentenced to from one to five years in the penitentiary.

Keach is alleged to have given a false property statement to secure a \$250 loan from a local bank. He left town soon afterward and was arrested at Rapid City, S. D., and returned to Alliance. While Keach was in jail awaiting preliminary hearing, County Attorney Lee Hays received word from an attorney at Charleston, S. C., stating that the prisoner has a wife and two small children there and that he was suspected of having three other wives, with only one divorce on record.

Confronted with the attorney's letter, Keach said he "thought" he had obtained from the woman at Charleston, at Reno, Nev., but this was de-

nied by the clerk of the district court at Reno.

He also admitted having married a young woman at Beatrice, Neb., in 1908, by whom he has a daughter 13 years old, but stated that she secured a divorce.

The Charleston attorney stated that Keach is believed to have a wife in California, but Keach denied this. He was married to an Alliance young woman over a year ago and has a child by this marriage.

Until a few days ago his present wife remained loyal to him and made strenuous efforts to get him out of jail. She suddenly changed her attitude, however, wrote her husband a short note stating that she was through with him, and left for the home of relatives in South Dakota.

#### Arm Broken in Car Crash.

Beatrice, Neb., Aug. 17.—(Special)—Miss Kate Graham, living near Blue Springs, is in a hospital, here suffering from a broken arm and

other injuries sustained in an auto accident near Marysville, Kan. Her father, Frank Graham, and another sister, were bruised and cut about the body.
