### Real Phonograph Service

Means something more than the carrying of the machine and records in stock and having some one present to play and quote prices and terms.

Real phonograph service in its highest sense, means a real help to you in the selection of your records-and not the perfect willingness to wrap up anything that happens to strike your fancy.

Balance in musical library as well as a musical program is a difficult and greatly-tobe-desired quality which can only be obtained when a definite knowledge of musical values, composers, compositions, in struments and voices has directed the choosing of records from the thousands which are available.

The very reason that causes you to go to the experienced jeweler for the fine work of setting a diamond should cause you to seek the Brandeis Store Phonograph Dept. when you wish new phonograph records. Our thoroughly experienced and musically trained sales force will be a real help in giving you the desired variety so that, when you play for friends in your home, you need have no fear that your records are all alike.
