

Anti-Christian Move by Turks in Thrace Feared

Reported Engineering Campaign—Venizelos in Paris—U. S. Destroyer Carries Food to Smyrna.

Constantinople, Sept. 12.—The occupation of Thrace by the Turkish nationalists which occurred last evening marks the end of the Greek resistance in Asia Minor. Before evacuating the city the Greeks set it ablaze in several places, but the fire was controlled and only a single quarter of the town was destroyed.

Washington, Sept. 13.—An appropriation of \$25,000 for relief of sufferers among the thousands of refugees in Smyrna as the result of the Greek armies was made today by the American Red Cross.

Paris, Sept. 13.—Former Premier Venizelos of Greece arrived in Paris today from Greece. His friends declare he planned his visit here for conference with political and personal friends regarding the situation in Athens, with a view, it was felt, to the possibility of his being called back to power in Greece.

Anti-Christian Move in Thrace. Athens, Sept. 13.—Disquieting rumors are afloat on all sides, causing uneasiness which the sanatorium displayed in official circles is unable to calm.

It is reported that the Turks in Thrace, encouraged by the successes of Mustafa Kemal Pasha's army in Anatolia are engineering an anti-Christian movement.

Encounters between Bulgarian irregulars and Greek detachments have occurred along the border near Nevrokop, and it is stated the ir-

regulars were driven back into Bulgarian territory.

Greeks Still West of Smyrna. Constantinople, Sept. 13.—(By A. P.)—Several thousand armed Greek soldiers still remain on the peninsula west of Smyrna between the Gulf of Smyrna and the Gulf of Scythia Nova, according to the Greek military mission here, but with what is described as an adequate armed force protecting the seven-mile wide isthmus separating the peninsula from the mainland. The Greeks say they expect to remove these troops to home ports.

The Turkish nationalists have really taken few prisoners, the Greeks here claim, but they admit that many units are not accounted for and that these probably are wandering in the region between Smyrna and Aivalik, some 60 miles to the north of Smyrna and Smyrna Scala Nova, 30 miles to the north.

U. S. Destroyer Carries Food. Constantinople, Sept. 13.—The United States destroyer Edsall has left for Smyrna bearing a deck load of supplies, furnished by the near east relief, for the starving refugees stranded there.

Few Killings by Turks. Smyrna, Sept. 11.—(Delayed via Alexandria.) Smyrna has turned to fear-ridden Smyrna. It has caused amazement. After 48 hours of Turkish occupation the population has begun to realize that there is not going to be any massacre. Remembering the horrors of the Greek occupation in 1919, when more than 4,000 Moslems were butchered, the Christian population has been clamoring for protection.

Aside from a few looters shot by patrols, snipers who have been executed, and Armenian, Greek and Turk victims of private feuds, there have been few killings.

Party Heads Elated at Results of Primaries

(Continued From Page One.) tabulated early today from 1,075 precincts out of 2,446 in the state in yesterday's republican primary.

The figures were: Poindester, 43,396; Lamping, 31,325.

Hilliard Chosen. Denver, Colo., Sept. 13.—Benjamin C. Hilliard, former congressman, won the democratic nomination for congress in the First district in yesterday's primary, according to complete returns from all precincts today.

Benjamin Griffith, former attorney general of Colorado, is the republican nominee for governor. Returns from 822 precincts give Griffith 23,333; Earl Cooley, lieutenant governor opposing Griffith, has 12,990 votes.

"Lone Wolf" Defeated. Spokane, Wash., Sept. 13.—Fred Schade, "Lone Wolf" candidate for the democratic congressional nomination in the Fifth Washington district, was falling steadily behind Sam B. Hill, his competitor, in overnight returns received here. The count from 87 precincts stood: Schade, 338; Hill, 675.

Schade created nation-wide interest in his campaign when he became involved in a controversy with local Greeks over the patriotism or anti-patriotism of Demosthenes, ancient Greek orator.

Proctor in Vermont. Montpelier, Vt., Sept. 13.—Garfield Proctor, a son of the late Senator Proctor, received the republican nomination for governor at yesterday's statewide primary, defeating Lieutenant Governor Abram W. Foote by about 5,300 votes. With only 13 small towns missing out of 247 cities and towns, the vote was: Foote, 19,558; Proctor, 24,907.

Platte River Can Supply New Ditch Is Claim in Court

Enterprise Irrigation District Files Suit to Restrain Officials From Putting Bar on Water.

Scottsbluff, Neb., Sept. 13.—(Special Telegram.)—Suit was filed in district court here by the Enterprise Irrigation district to restrain George Johnson, state engineer; R. H. Willis of Bridgeport, division superintendent, and O. M. Finley, water commissioner, from preventing the irrigation canal of the Enterprise irrigation receiving water from the North Platte river, or seepage water from Dry Spotted Tail creek.

The plaintiff alleges that there is no such shortage of water as has been claimed by state irrigation officials, as the reason for shutting water from irrigation districts in this vicinity with priorities dating after 1888, in order to supply more water to ditches near North Platte.

It is charged by the Enterprise district that plenty of water is passing the headgates of benefited ditches, without diverting water from the Enterprise district, which embraces more than 7,000 acres of irrigated land.

Stockholders Ask Rehearing in Hotel Receivership Suit. Lincoln, Sept. 13.—Forty-eight stockholders in the Nebraska building and investment Co. and one in the Nebraska Hotel company have applied to the Nebraska supreme court for a rehearing in the receivership suit recently decided by the court.

The petition asks that the court approve all the acts of W. E. Barkley, the receiver, including the sale of the hotel properties owned by the corporation to E. C. Eppley, of Sioux City.

Several months ago the supreme court declared the sale void since the receivership was irregular from the beginning.

Mr. Davis is now out of the city.

Separate Settlements Authorized by Shopmen

(Continued From Page One.) formed within 15 days after peace is formally made and is to have jurisdiction not later than May 31, 1923.

Shopcrafts leaders expressed satisfaction tonight that the prospects for at least partially ending the strike had been brought independent of "outsider efforts." This reference is obviously to the peace parleys brought about in Washington by President Harding and later in New York by the Big Four train service brotherhood chiefs.

Among the railroads which are reported to have been parties to an agreement were:

Division of Roads. The Baltimore & Ohio, Norfolk & Western, Seaboard Air Line, Chicago & Northwestern, Chicago Milwaukee & St. Paul, Alabama & Vicksburg, Buffalo, Rochester & Pittsburgh, Chesapeake & Ohio, Chicago, Indianapolis & Louisville, Chicago, Rock Island & Pacific, Chicago, St. Paul, Minneapolis & Omaha; El Paso & Southwestern, Hocking Valley, Erie, Lake Erie & Western, Louisiana & Arkansas, New York Central lines (including subsidiaries), New York, Chicago & St. Louis; Norfolk Southern, Trinity & Brazos Valley, Virginian railroad, Wheeling & Lake Erie, Winston Salem South Bound, Colorado & Southern, Wichita Valley railroad, Fort Worth & Denver City.

Charred Body of Farmer Is Found

Alliance Bachelor Believed Killed by Lightning—Discovered Six Days Later.

Alliance, Neb., Sept. 13.—(Special.)—The charred and badly decomposed body of Lon Powell, 59, a bachelor farmer living alone about 15 miles south of Alliance, was found by neighbors six days after he was struck and presumably instantly killed by lightning.

Six days before the finding of the body neighbors noticed a fire at the Powell place, which broke out during a heavy thunder shower which was accompanied by sharp lightning. They found the body about 100 feet from the house, near a haystack that had also been destroyed by fire. The bodies of the two horses which Mr. Powell had been driving hitched to a hayrack were found partly destroyed by the flames. The dead man still held the reins in his hands. The hayrack, from which he had apparently been unloading hay at the stack, was also burned.

A fissure in the skull showed where the bolt had struck him, evidently causing instant death.

Irrigation of 35,000 Acres Planned in South Dakota

Rapid City, S. D., Sept. 13.—(Special Telegram.)—An association organized to push the North Divide irrigation project, at a meeting here, decided to petition for water rights which will make possible the irrigation of 35,000 acres of land in Rapid valley and the intensive development of a vast farming territory tributary to Rapid City.

This will be one of the most important irrigation projects undertaken in South Dakota for many years, and will involve the expenditure of more than \$1,000,000. The increase in the value of the land to be benefited and made crop productive by the project will be several times more than the cost of the project.

Other members of the committee are: E. C. Eppley, president of the Omaha association; Rome Miller, Hotel Rome; Harley Conant, Conant, Henshaw and Sanford hotels; Charles Schimmel, Blackstone; and Henry Payne, Wellington hotel.

Store Bandits Get Pick of Stock

Goods Were Sorted Out and Placed on Truck—No Clues Found.

Fremont, Neb., Sept. 13.—(Special Telegram.)—Silks and merchandise valued at \$1,000 were stolen from the Lallman brothers store at Winslow, north of Fremont, Tuesday night or Wednesday morning. Entrance was forced through a cellar door.

Apparently working at leisure, the bandits sorted out the pick of the stock and loaded their plunder into a waiting truck. Clerks this morning found the store appearing as if a tornado had struck it, with goods and boxes strewn about the entire place. The robbers had ransacked every counter, shelf and drawer in the store, and nothing valuable that could be disposed of easily escaped their notice.

Sheriff Condit spent the morning taking finger prints and hunting for clues. Nothing definite was found, however, and indications point toward a clear getaway.

Potato Growers Need Lower Rates

Alliance C. of C. Appeals for Relief for 7,000,000 Bushel Crop.

Lincoln, Sept. 13.—(Special.)—Nebraska potato growers need lower freight rates and the Alliance Chamber of Commerce is out to get it. The matter has been taken before the Nebraska railway commission for the purpose of securing relief for the growers.

The Chamber of Commerce in its appeal says that the harvesting of 7,000,000 bushels of potatoes in western Nebraska begins within 10 days. At the present extremely low prices, coupled with high freight rates, much of this big crop will remain in the ground unless relief is furnished.

It was pointed out to the commission that the Interstate Commerce commission last week granted emergency rate reductions of from 15 to 20 cents per hundred pounds of potatoes shipped from Colorado, Utah and Idaho. The chamber insists that this territory should be granted similar reductions on shipments to Lincoln, Omaha and other eastern Nebraska points.

Chairman H. G. Taylor of the commission said that a cut in rates in Idaho and Colorado, effective from September 7 to September 30, has been voluntarily granted by the railroads. The reduction for the short period was 20 cents per hundred in

New Willa Cather Novel Passes "Main Street" Sale

New York, Sept. 13.—Two days after publication, Willa Cather's novel, "One of Ours," reached the mark of 35,000 copies, exceeding, it is said, the records of "Main Street," "Cytherea," "If Winter Comes" and other best sellers. Miss Cather's novel, which deals with the experience of an American boy in the war, was widely praised in all the reviewing periodicals Saturday and Sunday. Sinclair Lewis, author of "Main Street," called Miss Cather or than General Pershing or William Jennings Bryan. William Allen White, editor of The Emporia Gazette, said: "One of Ours" is the answer to "Three Soldiers." As rugged and real a picture of a farm boy who grew to full manhood as ever has been painted by an American. It is a passionate story of an aspiring youth who found manhood in service.

The baby was badly burned about his throat and lips but the burns are believed superficial and will leave no permanent traces.

GIRL HAD PAINFUL TIMES

Mothers—Read This Letter and Statement Which Follows

Portland, Indiana.—"I was troubled with irregularity and constipation and would often have to lie down because of pains. One Sunday my aunt was visiting us and she said 'here girls took Lydia E. Pinkham's Vegetable Compound and got well, so mother said she would let me try it. It is doing me good and I praise it highly. You are welcome to use this letter as a testimonial.'—STELLA NEWTON, R. E. A. Ferland, Indiana.

Mothers—You should carefully guard your daughter's health. Advise her of the danger which comes from standing around with cold or wet feet, from lifting heavy articles, or overworking. Do not let her overstudy. If she complains of headache, pain in back or lower limbs, or if you notice a showiness of thought, nervousness or irritability on the part of your daughter, give her careful attention. Lydia E. Pinkham's Vegetable Compound is an excellent medicine for your daughter to take, as it is especially adapted to relieve just such systems. Remember, it contains nothing that can injure her.
