THIS next week is being devoted to rusning at the University of Omaha, and one of the attractive affairs given by Kappa Psi Delta was a studio tea last Tuesday afternoon, held at the Misner Studio, when the 27 rushees were bonor guests. The studio was decorated in old rose and gray, the sorority colors and Miss Anita Edmiston, costumed as a Japanese girl, poured. Miss Edmiston also gave two readings during the afterneon.

The sorority will entertain at a breakfast Saturday morning at the Carter Lake club and at a hox party at the Brandels next Monday afternoon. Monday evening alumnae members of the sorority will give a dinner for the present members and the rushees at the Athletic club. A like to the

soronty cottage at Florence will also be on next week's program.

Suma Chi Omicron will entertain at luncheon at the Brandels restaurant Saturday noon for their rushees, and Wednesday afternoon they gave a ten at the home of Miss Virginia Moreom, when 35 guests were present. Candidates will not be pledged before the end of next week.

Pounding Rugs is No Joke

-for the boy who does the job

-for the rugs themselves -for the neighborhood

Mother doesn't like to take the rugs out to have them beaten-picking them up is a nuisance. Son doesn't enjoy beating them either. It's a long, hard, tiresome task. If the rugs could speak they'd tell you their story-how the pounding pulls threads and breaks the backing, shortening their life. And the neighbors if you could only hear them talk about the dust and dirt that blows their way!

You can put an End to all these difficulties immediately. The HOOVER Electric Suction Sweeper is the one Solution.

ful thrills. Her whole life would be dark without him. She just couldn't live without him. Her heart would never beat again. She would die of a broken heart if he did not love him, and—well, you know how it is stories. Now, I don't feel like that at all. I realized very gradually that I loved him. It knew upon me and I did not try to stop it. I had none of those wonderful thrills. I know that I would not die of a broken heart if I did not marry him. I will not say that I would never marry. I would marry if I could find some one that suited, even though I did not love him. I just rannot think of the future without him. He is in all of my plans, even in 47 Years Practice

HAVE been watching the results of constipation for 47 years, since I began the practice of medicine back in 1875. I am now 83 years old, and though from time to time the medical pro-fession makes some wonderfully interesting experiments and tests, the fundamentals of causes and relief in this particular ailment are unchanged

But the people take greater in-terest today in their health, in diet, exercise and the drinking of water. Constipation, however, will occur from time to time no matter how one tries to avoid it. Of next importance, then, is how to treat it when it comes. I believe in getting as close to nature as possible, hence my remedy for constipation, known as Dr. Caldwell's Syrup Pepein, is a mild vegetable compound. It is made of Egyptian senna and pepsin with agreeable aromatics. Chil-dren will not willingly take bitter things. Syrup Pepsin is pleasant-tasting, and youngsters love if. It does not gripe. Thousands of mathers have written me to that effect.

Over 10 million bottles of Dr. Caldwell's Syrup Pepsin are now asht every year, and it is the most widely bought family laxative in the world. I say family laxative because all in the family can use it with safety. It is mild enough for the infant in arms, effective in the most shrong constitution. in the most chronic constipation

Recently there has been a new wave of drastic physics, Calomel, a mercurial that salivates and loosens teeth, has been revived; saft waters and powders that draw needed constituents from the blood; coal tar disguised in candy form that causes skin erup-tions. In a practice of 47 years I have never seen any reason for their use when a medicine like Syrup Pepsin will empty the bowels just as promptly, more cleanly and gently, without griping, and without shock to the system.

Keep free from constipation! It lowers your strength 28 per cent, hardens the arteries and brings on premature old age. Do not let a day go by without a bowel move-ment. Do not sit and hope but nent. Do not sit and hope but go to a druggist and get a bottle of Dr. Caldwell's Syrup Pepsin. It is a generous-size bottle. Take a teaspoonful that night and by morning you will be well. The cost is only about a cont a dose. Use Syrup Pepsin for yourself and mem-bers of the family in constipation, halicantess, sour and crampy stom-ach, piles, indigention, loss of agreach, piles, indigestion, loss of appe-tite or aloop, and to break up fewers and colds.
