"Monday Sales Extraordinary" is

the well chosen name for the sales described in this big ad. The J. B. Locke & Potts Company has long been known as one of the greatest importers of household linens and dealers in domestic linens and white goods. Recently a fire happened at their plant and they held an auction sale, at which we bought many lots of excellent merchandise not damaged by the flames or smoke. From the Elliott auction sale we obtained other large lots, consisting of all the overstocks of the famous Granite Mills.

In addition to that we purchased at great concessions from jobbers and manufacturers other lots of linens, domestics and blankets, resulting altogether in our offering Monday the greatest aggregation of the stable commodities at prices you may not hear of again for many years to come.

The Dress Goods purchase is unquestionably the largest purchase of its kind ever made by this store, and this remarkable stock will be sold at less than 50 cents on the dollar.

In Silks the special offerings include all the approved Fall weaves and colors and are priced unusually low.
