Creighton Will Give Extension Work by Radio

Series of 12 Lectures on Various Subjects to Be **Broadcast Thursday** Nights.

Creighton university announces series of 12 extension lectures by radio. They will be broadcast from Omaha Grain exchange every Thursday evening at 8 and will continue weekly until the completion of the series. The first lecture, "In Mars Inhabited?" by Rev. William F. Rigge, S. J., professor of physics and astronomy, will be given October 5.

Rev. John M. McCormick, S. J. president of Creighton, in announcing the program, said:

'For years there has been a de nand for a lecture course of this character, but not until the present perfection of the radio have we been offered the means of reaching a large number of persons at a minimus COSL.

Course in Coaching.

"We have arranged a course of 12 lectures upon diversified subjects by members of the Creighton faculty. each of which will be approximately 10 minutes long.

"With over 5,000 radio receiving ets in Nebraska alone, it will be easy stimate the vast number of per ms we can reach in this way. "We also are planning a course in football coaching, by Malcolm Baldrige, Creighton coach."

List of Lectures.

The complete program of the radio extension lectures is as follows:

December 21-"Our Magazines-Their farther west." Function and Future," Rev. Francis X. Retilly, S. J.

with my carpet bag broken?"

You might leasen your trouble by with a hop, skip and jump and set going on a Karrell diet (six ounces of a fine box upon the ground. It was milk four times a day and no other a big, round, tin box with a handle on the top of it. It was painted white and bore gold letters upon its side.

"That's a beauty?" cried Uncle Jerry Chuck. "And you've been to the trouble of having my name ou it, too."

"A-ahem?" Jimmy Rabbit tried hard not to smile. The letters upon the boy did not spell Jerry's name. They spelled the word "CAKE" in big capitals. He had looked every where without finding a traveling bag, until at last, down beside the formnouse, he had come upon this box which Farmer Green's wife had set upon the grass to air. Well, Uncle Jerry Chuck picked

up the tin box by its handle and started on his journey again. "Wait a moment!" cried Jimmy Rabbit. "You've forgotten to empty your carpet bag into your new travel-

ing case. "Oh, there's nothing in the old bag." said Uncle Jerry. "I always take an empty bag when I go a visiting. Then I have more room to bring things back with me.

They parted then. "Uncle Jerry wondered why almost everybody he met cried. "Give me some!"

When he reached the home of his relations his cousin Joshua Chuck came rushing up to him and declared that he was delighted to see him 'Come right in," he begged Uncle Jerry. "Sit down and I'll open your

traveling case for you, But Uncle Jerry wouldn't let his cousin Joshua nor his wife Jerusha touch his traveling case. He set on it, beside the table and exclaimed,

other. But Cousin Joshua's wife soon put an end to that. Seizing Un Jerry by the back of the nock she dragged him out of the house, while her husband threw the empty cake hox after him.

Uncle Jerry scrambled to his fost and can all the way home, leaving his traveling case behind him. The next time he met Jimmy Rabbit he was very cool. And the next time

he met old Mr. Crow, the way he colded was something shocking. Copyright, 1923.

> Plug of the World The Standard Spark

Most Engine Trouble Comes FromWorn-Out or Incorrectly Designed Spark Plugs

(Why You Should Buy AC's When You Change Plugs)

More than 200 car and truck makers now use and have for years used AC Plugs as standard factory equipment. Among these:

Dodge Brothers cars have been AC-equipped since the company was founded.

Buick has been AC-equipped for fourteen years. Nash cars, both Sixes and Fours, have always been equipped with AC's.

Oakland for the past fourteen years. Chevrolet has always used AC Plugs.

Cadillac, Chandler, Cleveland, Dort, Durant, Esses, Hudson, Hupmobile, LaFayette, Maxwell, Oldsmobile, Overland, Paige, Willys-Knight and others are all standard AC-equipped.

When your car misses and performs badly-don't blame the carburetor or piston rings.
