### State's Expenses Reduced in August

#### Figures for 14 Months Disprove Charge That Code Has Increased Taxes.

Lincoln, Sept. 26.—It cost \$20,000 less to run the state government during the month of August than during July, according to the figures presented by Secretary Brown of the department of finances. In July the state issued warrants for a million and a quarter, and in August for a little less than a million. The figures included in the tabulation of expenditures for the 14 months since July 1, 1921, when the biennium began, show how baseless are the charges of democratic campaign managers that the code has "increased state taxes." The total cost of running the state government for 14 months has been \$14,000,000, of which \$1,244,000 has been expended by the code departments. Three big items of expense make up the principal cost of state government. In 14 months the state has spent \$3,500,000 on the state highway system, \$4,400,000 on the university, normal schools and other educational enterprises, and \$2,000,000 on the penal and charitable institutions. These three total eleven of the fourteen and a half millions spent in the period named. To cut state taxes so that the reduction may be noticeable, the code must be applied to these three. Republican leaders are anxious to have the democrats specify which they would tackle first and how far they would cut.

### Nebraska Osteopaths Convene in Omaha Today

The 23rd annual convention of the Nebraska Osteopathic association will open at Hotel Fontenelle this morning. A number of nationally known osteopaths will be among the speakers at the two-day meeting. Dr. J. H. Tilden of Denver, said to be an authority on diet, will speak this afternoon on "All Kinds of Cures." Dr. George M. Laughlin, president of the new osteopathic school at Kirksville, Mo., will address the meeting tomorrow afternoon. It is planned to conduct an eye, ear and nose clinic in connection with the convention. A film featuring the winners of the national eye contest will be shown at the World theater today and Thursday under the auspices of the association.

### Missouri Pacific Appeals Drainage District Award

Lincoln, Neb., Sept. 26.—Special—The Missouri Pacific railroad company has appealed to the supreme court from an award of \$26,400 in favor of a drainage district in Richardson county located near Strausville, that sum being the railroad's part of the cost of making the improvement. The district assessment was \$41,600, but the district court held that the railroad's part of the cost of the improvement was not to be included in the assessment. The railroad company claims it received no benefit because it had previously reconstructed its lines so that the floodwaters did not go over the tracks and insists that the claim that the drainage district, by prompt removal of flood water, lessened the damage by accident through softening of tracks, is groundless.
