

12 'Don'ts' Named by Chief for Fire Prevention

Fire-Prevention Week, as Proclaimed by President, to Be Observed Here Oct. 9-14.

In emphasizing general observance of the 12th annual fire prevention week, Chief Charles A. Salter of the fire department notes that 15,000 lives were lost each year by fire in this country, and property loss is approximately \$500,000,000.

President Harding has issued a proclamation setting aside Monday, October 9, as fire prevention day. The week beginning with that day will be observed for the dissemination of fire prevention information.

Chief Salter endorses the following 14 points of fire safety, submitted to him by the National Board of Fire Underwriters:

- 1. Don't use makeshifts instead of proper fuses in your electric currents; the fuse is the safety valve of the system.
- 2. Don't leave electric flatirons or other heating devices on while attending to something else.
- 3. Don't look for a gas leak with an open flame light; you will be sure to find it. Use an electric flashlight, preferably.
- 4. Don't use gasoline or other volatile liquids to remove spots from clothing, or for other purposes.
- 5. Don't throw your lighted matches or smoking materials where they can possibly cause fire.
- 6. Don't smoke in bed; perhaps those guilty of this practice are too green to burn, but the beds are not.
- 7. Don't let children play with matches or bonfires.
- 8. Don't fail to have your defective chimneys and flues mended.
- 9. Keep Pipes Clean.
- 10. Don't forget to have the soot removed from your smokepipe; if not cleaned, the pipe may overheat and start a fire when you operate furnace.
- 11. Don't neglect to protect walls, ceilings and partitions from the overheating of stoves, furnaces and pipes.
- 12. Don't put hot ashes into wooden boxes and barrels.
- 13. Don't fill of lamps or stoves by open flame light.
- 14. Don't let rubbish accumulate.
- 15. Don't fail to keep a bucket of water and bucket of sand in a convenient place for use in case of fire; they may save the lives of your family, as they have those of others.
